Race To Fashoda:

Race to Fashoda David Levering Lewis, 2001-12 David Levering Lewis is the Martin Luther King Jr Professor of History at Rutgers University and was recently awarded a MacArthur Fellowship W E B Du Bois Biography of a Race 1868 1919 received the Bancroft Parkman and Pulitzer Prizes and was a finalist for the National Book Award and National Book Critics Circle Award **The Race to Fashoda** David L. Lewis, David Levering Lewis, 1988 The fortress of Fashoda is on an obscure junction of the Nile but from 1870 onwards because of its strategic position and the rise of European colonialism it became the subject of conflict between the rival Western powers of Britain France Belgium Germany and Italy *The Race to Fashoda* David L. Lewis, 1989-01-01 The Race to Fashoda David L. Lewis, 1987 *To Fight and Learn* Leslie David Gottesman, Leslie Gottesman, 1998 This study examines the remarkable testimony of Eritrea's fighter teachers the teenagers who spent years behind enemy lines teaching peasants and nomads to read and write during Eritrea's independence struggle

Mightier Than the Sword Lorraine Atkin, 2024-04-05 How can words on paper be more devastating than war Why is there persistent inequality racial financial structural Why are things in our society the way they are *Mightier Than the Sword* How Three Obscure Treaties Sanctioned the Enslavement of Millions and the Exploitation of Continents for More Than 400 Years offers a perspective on the roots of the inequality of today Documents written hundreds of years ago embody the biases and power strategies of their time but they still have a long reach through history Atkin examines three treaties the Treaty of Tordesillas the Treaties of Nanking and the Conference of Berlin that granted permission or the sanctioned rationale to decree that annihilation and confiscation of property was legal and just on five continents Atkin argues these written words continued to achieve their objectives and exercise power by influencing among other things the codification of Eurocentric International Law Enhancing trade was and remains the claimed intent but inequality serves this objective Land dispossession slavery and the subjugation of Indigenous peoples are repeated themes in history and are unfortunately still with us today This book will change how you understand today's events and the continuing influence of historic documents This fresh perspective offers hope for real change in policy and the societies they shape *Atrocity Labelling* Markus P. Beham, 2022-11-03 *Atrocity* Genocide War crime Crime Against Humanity Such atrocity labels have been popularized among international lawmakers but with little insight offered into how and when these terms are applied and to what effect What constitutes an event to be termed a genocide or war crime and what role does this play in the application of legal proceedings Markus P Beham through an interdisciplinary and comparative approach unpicks these terms to uncover their historical genesis and their implications for international criminal law initiatives concerned with atrocity The book uniquely compares four specific case studies Belgian colonial exploitation of the Congo atrocities committed against the Herero and Nama in German South West Africa the Armenian genocide and the man made Ukrainian famine of the 1930s Encompassing international law legal history and discourse analysis the concept of atrocity labelling is used to capture the meaning

underlying the work of international lawyers and prosecutors historians and sociologists agenda setters and policy makers

Heroes of Empire Edward Berenson,2011 Examines through the lives of five important English and French figures the history of the exploration and colonization of Africa between 1870 and 1914 and the role the mass media played in promoting colonial conquest

Encyclopedia of Historians and Historical Writing Kelly Boyd,2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like Jürgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies

Time on a Human Scale Julian Wright,Allegra Fryxell,2021-10-07 Time on a Human Scale offers an ambitious new assessment of how modern Europeans understood time and human experience through studies of politics art literature music and culture of Western Europe between the 1860s and 1930s

California Cultivator ,1900 **The African Revolution** Richard Reid,2025-01-28 A panoramic global history of Africa in the age of imperialism Africa's long nineteenth century was a time of revolutionary ferment and cultural innovation for the continent's states societies and economies Yet the period preceding what became known as the Scramble for Africa by European powers in the decades leading up to World War I has long been neglected in favor of a Western narrative of colonial rule The African Revolution demonstrates that the Scramble and the resulting imperial order were as much the culmination of African revolutionary dynamics as they were of European expansionism In this monumental work of history Richard Reid paints a multifaceted portrait of a continent on the global stage He describes how Africa witnessed the emergence of new economic and political dynamics that were underpinned by forms of violence and volatility not unlike those emanating from Europe Reid uses a stretch of road in what is now Tanzania one of the nineteenth century's most vibrant commercial highways as an entry point into this revolutionary epoch weaving a broader story around characters and events on the road He integrates the African experience with new insights into the deeper currents in European societies before and after conquest and he shows how the Africans themselves created opportunities for European expansion Challenging the portrayal of Africa's transformative nineteenth century as a mere prelude to European colonialism The African Revolution reveals how this turbulent yet hugely creative era for Africans intersected with global intrusions to shape the modern age

Kitchener as Proconsul of Egypt, 1911-1914 George.H. Cassar,2016-10-03 This book covers the tenure of Kitchener as Proconsul in Egypt in the years preceding the First World War Based mostly on unpublished sources including government records and private papers it not only fills a gap in the life and career of Kitchener the most famous soldier in Britain since

Wellington but it also deals with an important but practically unknown period in Egyptian history George Cassar shows Kitchener to be an ardent imperialist but one who had a sense of responsibility to the country he governed Exchanging his field marshal s uniform for the dress of a statesman he arrived in Egypt when British prestige was at a low point on account of his predecessor s policies He restored political stability created conditions that bolstered the economy and introduced a wave of reforms Kitchener as Proconsul of Egypt 1911 1914 reveals how Kitchener s interest extended beyond Egypt and how throughout these years he worked quietly to prepare the ground in an attempt to create an Arab Empire under Britain s suzerainty *Wars Of Imperial Conquest* Bruce Vandervort,2015-01-28 First Published in 1998 Routledge is an imprint of Taylor Francis an informa company Kitchener C. Brad Faught,2016-02-24 Horatio Herbert Kitchener Earl Kitchener of Khartoum 1850 1916 is one of the most important figures in the history of the British Empire Beginning as Royal Engineer in the 1870s he would end his career over forty years later as Secretary of State for War the iconic figure of World War I recruitment posters In between he became both the most famous British soldier in the world during the peak period of European imperialism and a celebrated and sometimes controversial pro consul and administrator At his death in 1916 he had literally become the face of the British war effort This new biography offers a timely and modern evaluation of a still disputed and complex military man of empire *European Overseas Empire, 1879 - 1999* Matthew G. Stanard,2018-02-19 A Timely Look Back at the Era That Shaped Our World Thousands of years of recorded history show that the main way in which human societies have been organized is as empires Today the evidence of recent European overseas empire s lasting effects is all around us from international frontiers and fusion cuisine to multiplying apologies for colonial misdeeds *European Overseas Empire 1879 1999 A Short History* explores the major events in this critical period that continue to inform and affect our world today New access to archives and a renewed interest in the most recent era of European overseas empire building and the decolonization that followed have produced a wealth of fascinating information that has recharged perennial debates and shed new light on topics previously considered settled At the same time current events are once again beginning to echo the past bringing historical perspective into the spotlight to guide our actions going forward This book examines our collective past providing new insight and fresh perspectives as it Traces current events to their roots in the European overseas imperialism of the 19th and 20th centuries Challenges the notion of political cultural social and economic exchanges of the era as being primarily Europe outward Examines the complexity and contingency of colonial rule and the range of outcomes for the various territories involved Explores the power dynamics of overseas empires and their legacies that continue to shape the world today **Extreme Violence and the 'British Way'** Michelle Gordon,2020-10-29 Analysing three cases of British colonial violence that occurred in the latter half of the 19th century this book argues that all three share commonalities including the role of racial prejudices in justifying the perpetration of extreme colonial violence Exploring the connections and comparisons between the Perak War 1875 76 the Hut Tax Revolt in Sierra Leone 1898 99 and

the Anglo Egyptian War of Reconquest in the Sudan 1896-99 Gordon highlights the significance of decision making processes communication between London and the periphery and the influence of individual colonial administrators in outbreaks of violence This study reveals the ways in which racial prejudices the advocacy of a British civilising mission and British racial superiority informed colonial administrators decisions on the ground as well as the rationalisation of extreme violence Responding to a neglect of British colonial atrocities within the historiography of colonial violence this work demonstrates the ways in which Britain was just as willing and able as other European Empires to resort to extreme measures in the face of indigenous resistance or threats to the British imperial project *The Expansion of Egypt Under Anglo-Egyptian Condominium* Arthur Silva White, 1899 [Encyclopedia of African Colonial Conflicts](#) Timothy J. Stapleton, 2016-11-07 Two volumes introduce the history of colonial wars in Africa and illustrate why African countries like the Democratic Republic of Congo Nigeria Somalia and Sudan continue to experience ethnic political and religious violence in the early 21st century This sweeping study examines the wars of colonial conquest fought in Africa during the 19th and early 20th centuries From Britain's efforts to wrest control of the Sudan from military leader Muhammad Ahmad al Mahdi to Italy's decisive defeat at the Battle of Adowa in Ethiopia to Leopold II's brutal reign over the Belgian Congo the work surveys the devastation reaped upon the continent by colonization and illustrates how its combative influence continues to resonate in Africa today Written by scholars in the fields of history and politics this complete reference includes entries on wars campaigns rebellions battles leaders and organizations The work delves into key historical periods including the Scramble for Africa ca 1880 to 1910 early European colonial wars in Africa such as the Dutch in the Cape and the Portuguese in Angola and Mozambique and African rebellions against the early colonial state in the 1890s and early 1900s Entries feature prominent events and personalities as well as lesser known occurrences and players *Arguing about Empire* Martin Thomas, Richard Toye, 2019-02-21 *Arguing about Empire* analyses the most divisive arguments about empire between Europe's two leading colonial powers from the age of high imperialism to the post war era of decolonization Focusing on the domestic contexts underlying imperial rhetoric *Arguing about Empire* adopts a case study approach treating key imperial debates as historical episodes to be investigated in depth The episodes in question have been selected both for their chronological range their variety and above all their vitriol Some were straightforward disputes others involved cooperation in tense circumstances These include the Tunisian and Egyptian crises of 1881-2 which saw France and Britain establish new North African protectorates ostensibly in co operation but actually in competition the Fashoda Crisis of 1898 when Britain and France came to the brink of war in the aftermath of the British reconquest of Sudan the Moroccan crises of 1905 and 1911 early tests of the Entente Cordiale when Britain lent support to France in the face of German threats the 1922 Chanak crisis when that imperial Entente broke down in the face of a threatened attack on Franco-British forces by Kemalist Turkey World War Two which can be seen in part as an undeclared colonial war between the former allies complicated by the division of the French Empire between De Gaulle's Free French

forces and those who remained loyal to the Vichy Regime and finally the 1956 Suez intervention when far from defusing another imperial crisis Britain colluded with France and Israel to invade Egypt the culmination of the imperial interference that began some eighty years earlier
