Brazilian Telenovelas and the Myth of Racial Democracy Samantha Nogueira Joyce, 2012-04-01 Brazilian Telenovelas and the Myth of Racial Democracy by Samantha Nogueira Joyce examines what happens when a telenovela directly addresses matters of race and racism in contemporary Brazil This investigation provides a traditional textual analysis of Duas Caras 2007 2008 a watershed

telenovela for two main reasons It was the first of its kind to present audiences with an Afro Brazilian as the main hero openly addressing race matters through plot and dialogue Additionally for the first time in the history of Brazilian television the author of Duas Caras kept a web blog where he discussed the public s reactions to the storylines media discussions pertaining to the characters and plot and directly engaged with fans and critics of the program Joyce combines her investigation of Duas Caras with a study of related media in order to demonstrate how the program introduced novel ideas about race and also offered a forum where varying perspectives on race class and racial relations in Brazil could be discussed Brazilian Telenovelas is not a reception study in the traditional sense it is not a story of entertainment education in the strict sense and it is not solely a textual analysis Instead Joyce s text is a study of the social milieu that the telenovela and especially Duas Caras navigates one that is a component of a contemporary progressive social movement in Brazil and one that views the text as being located in social interactions As such this book reveals how telenovelas contribute to social change in a way that has not been fully explored in previous scholarship

Welburn, Joshua Guetzkow, Nissim Mizrachi, Hanna Herzog, Elisa Reis, 2018-11-27 A comparative look at how discrimination is experienced by stigmatized groups in the United States Brazil and Israel Racism is a common occurrence for members of marginalized groups around the world Getting Respect illuminates their experiences by comparing three countries with enduring group boundaries the United States Brazil and Israel The authors delve into what kinds of stigmatizing or discriminatory incidents individuals encounter in each country how they respond to these occurrences and what they view as the best strategy whether individually collectively through confrontation or through self improvement for dealing with such events This deeply

collaborative and integrated study draws on more than four hundred in depth interviews with middle and working class men and women residing in and around multiethnic cities New York City Rio de Janeiro and Tel Aviv to compare the discriminatory experiences of African Americans black Brazilians and Arab Palestinian citizens of Israel as well as Israeli Ethiopian Jews and Mizrahi Sephardic Jews Detailed analysis reveals significant differences in group behavior Arab Palestinians frequently remain silent due to resignation and cynicism while black Brazilians see more stigmatization by class than by race and African Americans confront situations with less hesitation than do Ethiopian Jews and Mizrahim who tend to downplay their exclusion The authors account for these patterns by considering the extent to which each group is actually a group the sociohistorical context of intergroup conflict and the national ideologies and other cultural repertoires that group members rely on *Getting Respect* is a rich and daring book that opens many new perspectives into and sets a new global agenda for the comparative analysis of race and ethnicity
