Kendi,2022-06-14 NEW YORK TIMES BESTSELLER The book that every parent caregiver and teacher needs to raise the next generation of antiracist thinkers from the author of *How to Be an Antiracist* and recipient of the MacArthur Genius Grant Kendi s latest combines his personal experience as a parent

with his scholarly expertise in showing how racism affects every step of a child's life. Like all his books, this one is accessible to everyone regardless of race or class. Los Angeles Times Book Club Pick ONE OF THE BEST BOOKS OF THE YEAR

PopSugar The tragedies and reckonings around racism that are rocking the country have created a specific crisis for parents, educators, and other caregivers. How do we talk to our children about racism? How do we teach children to be antiracist? How are kids at different ages experiencing race? How are racist structures impacting children? How can we inspire our children to avoid our mistakes, to be better, to make the world better? These are the questions Ibram X. Kendi found himself avoiding as he anticipated the birth of his first child. Like most parents, or parents-to-be, he felt the reflex to not talk to his child about racism, which he feared would stain her innocence and steal away her joy. But research and experience changed his mind, and he realized that raising his child to be antiracist would actually protect his child and preserve her innocence and joy. He realized that teaching students about the reality of racism and the myth of race provides a protective education in our diverse and unequal world. He realized that building antiracist societies safeguards all children from the harms of racism.

Following the accessible genre of his internationally bestselling *How to Be an Antiracist*, Kendi combines a century of scientific research with a vulnerable and compelling personal narrative of his own journey as a parent and as a child in school. The chapters follow the stages of child development from pregnancy to toddler to schoolkid to teenager. It is never too early or late to start raising young people to be antiracist.

**Race in Sweden** Tobias Hübinette, Catrin Lundström, Peter Wikström, 2023-05-12. *Race in Sweden* is an introduction to and a critical investigation of the Swedish relationship to race in the post-war and contemporary eras. This relationship is fundamentally shaped by an ideology of colourblindness with any kind of race talk being taboo in public discourse and everyday language use and in practice forbidden in official and institutional language. A study of a country which was until recently strikingly white but has become extremely diverse yet where the legacy of Swedish whiteness co-exists with a radical colourblind antiracist ideology. *Race in Sweden* will appeal to scholars across the social sciences and humanities with interests in race and ethnicity, whiteness and Nordic studies. **Racism and Anti-Racism in the World: Before and After 1945** Kathleen Brush, 2020-08-25. Nineteen forty-five was a global tipping point. Instead of nations being routinely racist, they were to be anti-racist. Hundreds of years of laissez-faire attitudes toward discrimination that permeated all six inhabited continents was officially ending. America was at the fore of this new anti-racist zeitgeist in 1945 and it remains at the fore of the 20% of nations from Europe, North America and Oceania that are committed to anti-racism. These nations have shown how extraordinarily complex it is to end discriminatory practices rooted in history and perpetuated at home, communities and generally in society. But the fight is young and none of the anti-racist nations are giving up; meanwhile, most nations won't even enter the ring. Most nations are demonstrably and unapologetically racist; they see real value in homogenous societies, ordered societies and privileged and unprivileged people.
