, *Becoming What We Sing* David Lemley, 2021-01-07 Contemporary worship music is ubiquitous in many Protestant Christian communities today Rather than debating or decrying this post worship wars reality David Lemley accepts it as a premise and examines what it means for us to be singing along with songs that aren't so different from the pop genre How do we cope with the consumerism embedded in the mentality that catchy is good How do we stay committed to subverting cultural norms as Christians are called to do when our music is modeled after those cultural norms How do we ensure that the way we participate in the liturgy of contemporary worship music rehearses a cruciform identity *Becoming What We Sing* draws on cultural criticism ethnomusicology and liturgical and sacramental theology to process the deluge of the contemporary in today's worship music Lemley probes the thought of historical figures such as Augustine Hildegard of Bingen Martin Luther and the Wesleys while also staying situated in the current moment by engaging with cultural philosophers such as James K A Smith and popular artists such as U2 The result is a thorough assessment of

contemporary worship music's cultural economy that will guide readers toward greater consciousness of who we are becoming as we sing our way into selves, societies and cosmic perspectives **Military Chaplains' Review**, 1983 *The Sacraments* Joseph Martos, 2009-08-01 What are the sacraments really? For centuries the religious lives of Catholics and other Christians have revolved around church rituals with generally accepted individual and social effects. What precisely are those effects and how are they produced? Traditional theology used Greek philosophy to understand the sacraments and how they work. But is there no other way to understand them? In fact there are a number of ways and this book invites you to look at the sacraments through a variety of lenses: psychology, sociology, anthropology, history, theology, morality and spirituality. As the introduction to this volume challenges. If you read this book and especially if you engage in the interactive study to which it invites you, your understanding of sacraments will be changed forever. To help personalize your investigation, the author has created a web site with thought provoking questions that encourage you to interact with the ideas being proposed in this volume. To engage these topics more deeply see www.TheSacraments.org **Beyond Ritual** Siobhán Garrigan, 2017-03-02 In *Beyond Ritual* Siobhan Garrigan uses Habermas's theory of communicative action to suggest two things: first, a method by which theology can access the ritual symbols by which faith is formed and secondly, a metaphor of intersubjectivity with which theology can propose an interpretative rather than an instrumental understanding of sacramentality and thus of God. Through fieldwork studies of both marginal and mainstream Christian Eucharists, Garrigan develops the conversation between Habermas's philosophy and Christian theology, showing how ritual interactions form and challenge our very idea of God. **Become What You Receive: A Systematic Study of the Eucharist** John H. McKenna, CM, 2022-01-07 In this remarkable book, theologian and teacher Rev John McKenna examines our use of sign and symbol as it pertains to the study of the Eucharist, the source and summit of the Church. In clear and accessible language, he clarifies the use of sign and symbol from anthropological, phenomenological, Old and New Testament perspectives. He expertly analyzes historical backgrounds as well as current eucharistic theologies. **Systematic Theology** Francis Schüssler Fiorenza, John P. Galvin, The disciplinary barriers that have divided the confessions are broken through not only in biblical or historical studies but in dogmatics itself. George A. Lindbeck This is a fine introduction to the major areas in Roman Catholic systematic theology produced by a first rate team of scholars. It should be widely used in colleges and theological schools. Gerald O. Collins, S.J., Dean of the Theology Faculty, Gregorian University. This fine collection brings together recent Roman Catholic and ecumenical discussion on major theological themes. It is a contemporary and collaborative summa valuable for students and teacher alike. Ann E. Carr, Professor of Theology, The Divinity School, University of Chicago. **Introduction to Christian Worship** James F. White, 2023-11-21 James White's classic Christian worship text, revised and updated. The book students of worship have read and re-read is now revised and updated for the first time in more than twenty years. Author Ed Phillips, one of White's graduate students, is joined by practitioners and teachers from emerging generations who contribute timely and well

Christian Sacraments in a Postmodern World Kenan B. Osborne,1999 Radically rethinks sacramental life and theology from the standpoint of postmodern philosophy *The Liturgy in the Catechism* Regis A. Duffy,2010-05-01 In this book a leading liturgist gives a step by step commentary on Part Two of the Catechism of the Catholic Church He links liturgy with catechesis and with conversion and discusses the ways in which the Church teaches and celebrates God s salvation and gives us a way of gospel living Worship teaches in ways that intellectual arguments cannot Since the Catechism connects God s creation and our new creation in Christ as a context for the liturgy the author emphasizes the importance of celebrating and teaching liturgy within the contemporary culture of society He sees the liturgical calling down of the Holy Spirit as a source of mission for the local Church and as an impetus towards participation in a specific community *Masterworks of God* M. Hovda,1981-09 A manual of ideas and experiences emphasizing the fact that a good presider must be aware of what will happen at every planned moment of a liturgical celebration **Systematic Theology** Thomas P. Rausch,2016-03-24 Systematic theology seeks to understand and render more intelligible the central doctrines of faith and to show how they are related to each other It tries to demonstrate how these doctrines are rooted in Scripture and develop in the history of the church most important it strives to more adequately express and sometimes reinterpret the church s doctrinal tradition always in the interest of better communicating the mystery of salvation and bringing it into a dialogue with culture The present text is intended to be concise and accessible an introduction that explores basic themes in Catholic systematic theology from a biblical historical and contemporary perspective always aware of today s theological pluralism **Committed Worship: The sacraments of ongoing conversion** Donald L. Gelpi,1993 Volume II develops a sacramental theology that addresses the needs of all adult Christians The chapters on Marriage show how conversion both humanizes and Christianizes human sexuality providing the

context for a foundational rethinking of the meaning of the context for a foundational rethinking of the meaning of Christian Marriage The discussion of Orders examines the responsibilities of ordained leaders and throws light on the rise of clericalism and on the meaning of priestly identity and ministry in addition to clarifying the relationship between the priesthood of the laity and that of the ordained A discussion of Christian nurture explains the practical and theoretical meaning of infant Baptism This volume also examines the three sacraments that most foster ongoing conversion Reconciliation Anointing and Eucharist After situating each of these rituals in its Biblical and historical setting the author shows how each contributes to ongoing Christian conversion

A Roman Catholic Theology of Pastoral Care Regis A. Duffy OFM, 2010-05-01 Drawing upon the long history of care in the sacramental mission of the clergy especially since the reforms of Vatican II Father Duffy offers a new model that can stimulate both Catholic and Protestant pastoral care to fresh thinking and imaginative reconstruction The model derives from the catechumenate that lengthy process of study and service which down through the ages has preceded baptism and guided Christian formation Reflecting a judicious use of interdisciplinary insights and praxis theology Father Duffy's vision represents an ecumenical contribution to sharpened focus and strengthened identity for pastoral care and practice
