## Real Sikhism:

Real Sikhism Surindar Singh Kohli,1994      **Philosophy of Sikhism** Nirbhai Singh,1990      *The A to Z of Sikhism* W. H. McLeod,2009-07-24 Contrary to popular opinion there is more to Sikhism than the distinctive dress First of all there is the emergence of Guru Nanak the founder of Sikhism and the long line of his successors There are the precepts many related to liberation through the divine name or nam There is a particularly turbulent history in which the Sikhs have fought to affirm their beliefs and resist external domination that continues to this day There is also more recently the dispersion from the Punjab throughout the rest of India and on to Europe and the Americas With this emigration Sikhism has become considerably less exotic but hardly better known to outsiders This reference is an excellent place to learn more about the religion It provides a chronology of events a brief introduction that gives a general overview of the religion and a dictionary with several hundred entries which present the gurus and other leaders trace the rather complex history expound some of the precepts and concepts describe many of the rites and rituals and explain the meaning of numerous related expressions All this along with a bibliography provides readers with an informative and accessible guide toward understanding Sikhism

to bridge ancient wisdom with modern challenges The Heart of Sikhism is both a guide and an invitation to a more meaningful life Start your journey now embrace Guru Nanak s wisdom and illuminate your path in today s world      **Sikh Philosophy and Religion** Nirmal Kumar,2006 Containing the 11th Guru Nanak Memorial Lectures to Punjabi University which were delivered in 1977 and hailed as a turning point in the study of the Sikh Gurus message this study relates the ideas of the holy Gurus to the ideas of both Western thinkers and ancient Indian visionaries This philosophic work expresses with clarity and precision the Sikh Gurus questions about God immortality and love and the solution of active love that they promoted in response to the extreme bigotry they encountered      **World Religions and Cults Volume 2** Bodie Hodge,2016-05-01 Recognize and refute the Far East false religions What do these religions teach and why How can a Christian be an effective witness for Jesus Christ when presented with ideas that are so different from a biblical perspective How can these religions be refuted and biblical authority be the standard This eye opening second volume deals with many Eastern religions like Hinduism Taoism New Age Sikhism Confucianism Shinto and Buddhism as well as other pagan based systems like Witchcraft Voodoo and Greek mythology and many more This volume dives into these styles of religions and looks at their origins and their basic tenets as well as why they fall so short Understanding the basic tenets of these religions helps the Bible believer see the flaws in these philosophies and discern how to be an effective witness for Jesus Christ while standing on the authority of the Bible      *The Sikh Religion* Max Macauliffe,1909      *The Sikh Religion* Max Arthur Macauliffe,2013-03-28 An influential six volume work on the philosophy of Sikhism published in 1909 by the one time deputy commissioner of the Punjab      **Sikh Evolution to Revolution** Mohindra S Chowdhry,2024-10-28 In Sikh Evolution to Revolution Mohindra S Chowdhry bares his ideas on the Sikh revolution and how against all odds his Sikh ancestors transformed into a formidable force that dismantled the most powerful empire in India      *Comparative Religion* Kedar Nath Tiwari,2014-01-01 It provides a study of the prevailing religions of the world By prevailing it means living and living religions we mean such religions which are still observed and followed by a considerable number of people Such religions include Hinduism Buddhism Jainism Zoroastrianism Judaism Christianity Islam and Sikhism Some may have doubts in accepting Zoroastrianism as a living religion and their doubts may not be taken as totally unfounded For hardly a few people and those also mostly in a corner of India observe this religion at present But still there is justification for taking this religion as living at least on the following two grounds 1 It is still being observed as a religion by some people howsoever small their number may be and 2 As a religion it exhibits certain such important features which are worth considering and which have exerted considerable influence upon some of the great living religions like Judaism Christianity and Islam Towards the end in the Appendix the author has also included for our brief study of some of the ancient Asian religions like Taoism Confucianism etc These religions cannot of course be regarded as living religions but still in our opinion they merit at least some of our attention due to the respect and regard they once commanded and the indelible impression they have left upon the minds of

the people of the countries in which they once flourished The subject of Comparative Religion as a scientific study of the various features of the different religions of the world in a comparative perspective is relatively a late development It is hardly for a hundred years or so that the name Comparative Religion has gained currency and studies in this direction have been taken up in right earnest Such a study requires an impartial neutral and tolerant outlook and if at all there is any leaning or sympathy for any religion it must be for religions other than one is own Here the whole question regarding the methodology of a comparative study of religions may come up We may see that at least two things seem necessary though not sufficient for collecting relevant materials which will make our study faithful and authentic 1 A thorough study of the basic text or texts along with the related works belonging to a particular religion and 2 An extensive dialogue with the followers of a particular religion along with a personal survey both intensive and extensive of the various religious practices carried on by them The first one is easy to carry out Perhaps most of the writers on comparative religion adopt this way But adopting the second one in a serious and sincere spirit is not an easy task and therefore very few or hardly any adopt this method for studying religions The aim of a study like this is partly to acquaint readers with the main aspects and features of the living religions of the world and partly to suggest the points of agreement and difference among the different religions

*Handbook on Sikhs for the Use of Regimental Officers* Robert Worgan Falcon,1896 Inside Terrorist Organizations David C. Rapoport,2013-11-05 These original essays describe the internal life of terrorist organizations in fascinating detail They show how no description of terrorist behaviour is adequate without a grasp of the deep tensions that often characterize such groups and an appreciation of how firmly implanted in our culture terrorist traditions have become since the middle of the nineteenth century **Mythology of the People of Sikkim** J. R. Subba,2009 Mythology is a miscellaneous collection of old tales and legends which embraces all of what we now call religion science and philosophy natural moral and metaphysical The Myths are the spiritual instructions of our forefathers The mythical stories are not entertainment stories or folk tales because they can be told only at certain times of the year and under certain conditions The belief systems of all the 14 fourteen mountain tribes and races of Sikkim were sandwiched between the faith of Buddhism from the north and Hinduism from the west in the beginning and then Christianity from the south mainly during the chieftdom periods of Sikkim 1642 1975 A D and Nepal 1769 2008 A D affecting their indigenous belief systems tremendously Today the different tribes and races of Sikkim have awakened not against anybody else but themselves from within and have started rediscovering their own belief systems and traditions Many of these hill tribes or races have adopted many well developed religions of the world with insignificant traces of their own within it This book is an attempt to collect the valuable information of these lesser known oriental Belief System or Religion and Mythologies of the different ethnic mountain people of Sikkim for the first time for further research and development World Religions Mr. Rohit Manglik,2023-08-23 In this book we will study about the foundational beliefs practices texts and philosophies of major world religions
