that may be accurately called surrealist Concentrating on painting and poetry it shows how the surrealists envisaged reacted to and practiced art as a creative activity **The Surrealist Look** Mary Ann Caws,1997 The emotional charge Surrealism extended to the objects of its encounter makes itself felt as at least philosophically erotic This charged look determines the atmosphere around the Surrealist text and its encounters in the world of art and the world it made into art In this attempt to make sense of the way Surrealism sees conceals poses and stares at its own self and the selves of others the author examines the decors games portraits transformations and mirrorings that establish Surrealism s links to Baroque forms of representation **History of the Surrealist Movement** Gérard Durozoi,2002 Tracing the movement from its origins in the

both a wider chronological and geographic range treating in detail the postwar years and Surrealism's colonization of Latin America the United States Japan Czechoslovakia Belgium Italy and North Africa Drawing on documentary and visual evidence including 1 000 photos many of them in color he illuminates all the intellectual and artistic aspects of the movement from literature and philosophy to painting photography and film All the Surrealist stars and their most important works are here Aragon Borges Breton Buñuel Cocteau Crevel Dal Desnos Ernst Man Ray Soupault and many more for all of whom Durozoi has provided brief biographical notes in addition to featuring them in the main text

Mad Muses and the Early Surrealists Justin Vicari, 2011-11-08 The early surrealists attempted to create art directly from the unconscious but the resulting art often reveals the stamp of its age It is generally accepted that a certain macho sensibility prevailed within the movement excluding queer sensibilities and reducing women to object status In startling new readings of Breton Bataille Cocteau Artaud Crevel and others Justin Vicari examines the intersections between surrealism and mental illness deploying an interdisciplinary approach which includes aesthetic theory radical politics and psychoanalysis Of particular interest is the representation of the ideal woman as not only sexually available but mentally ill a hysteric muse representing a kind of authenticity lost in modern life

Ludics in Surrealist Theatre and Beyond Vassiliki Rapti, 2016-05-13 Taking as its point of departure the complex question about whether Surrealist theatre exists this book re-examines the much misunderstood artistic medium of theatre within Surrealism especially when compared to poetry and painting This study reconsiders Surrealist theatre specifically from the perspective of ludics a poetics of play and games an ideal approach to the Surrealists whose games blur the boundaries between the playful and the serious Vassiliki Rapti's aims are threefold first to demystify Andr Breton's controversial attitude toward theatre second to do justice to Surrealist theatre by highlighting the unique character that derives from its inherent element of play and finally to trace the impact of Surrealist theatre in areas far beyond its generally acknowledged influence on the Theatre of the Absurd an impact being felt even on the contemporary world stage Beginning with the Surrealists one into another game and its illustration of Breton's ludic dramatic theory Rapti then examines the traces of this kind of game in the works of a wide variety of Surrealist and Post Surrealist playwrights and stage directors from several different countries and from the 1920s to the present Roger Vitrac Antonin Artaud Gnter Berghaus Nanos Valaoritis Robert Wilson and Megan Terry

The Surrealist Movement in England Paul C. Ray, 1971 **The Philosophy of T. S. Eliot** William Skaff, 2016-11-11 T S Eliot's mind encompasses just about every important avant garde intellectual movement of his time His thought as well as his poetry represents an essential and original achievement within Modernism This study presents Eliot's unique synthesis of contemporary philosophy psychology anthropology and studies in mysticism and demonstrates how it is responsible for the nature of his religious belief the basic tenets of his literary theory and the figurative structural and dramatic aspects of his verse pervading virtually everything he wrote throughout his life The chapters are Skepticism Mysticism The Unconscious Primitive Experience Mythic Consciousness and A Surrealist Poetic

A Self-made Surrealist Caroline Blinder, 2000 A new evaluation of a writer who was the talk of the literary world in the early days of the sexual revolution Since the publication of *Tropic of Cancer* in 1934 Henry Miller has been the target of critics from all sides A Self Made Surrealist sets out to provide a view of Miller different from both earlier vindications of him as sexual liberator and prophet and more contemporary feminist critiques of him as pornographer and male chauvinist In this re-evaluation of Miller's role as a radical writer Blinder

considers not only notions of obscenity and sexuality but also the emergence of psychoanalysis surrealism automatic writing and the aesthetics of fascism as they illuminate Miller's more general 20th century concerns with politics and mass psychology in relation to art Blinder also considers the effect on Miller of the theoretical works of Georges Bataille and Andr Breton among others in order to define and explore the social philosophical and political contexts of the period By examining the enormous impetus Miller got from being in the midst of French culture and its debate A Self Made Surrealist shows that Miller was indeed a seminal writer of the period rather than simply an isolated male chauvinist

Surrealism in Film

William Earle, 2017-07-05 The arts were created from an appeal to freedom There can be no general aesthetic that defines how that freedom must express itself Movies offer a seductive example Of all the major arts cinema is the only one that was invented during the lifetime of some who are now living From this perspective Earle argues that filmmakers were far more inventive in their early days than now when commercial film has settled into a realist routine with occasional and timid forays into the personal and imaginative Earle suggests that unsympathetic readers should look again at the possible sources of film poetry sources that have almost dried up in the flood of boredom experienced nightly in theaters throughout the world Surrealism in Film is largely a manifesto against realism it ends in a clash of sensibilities The book encourages new exploration of absolute poetry The intention of these essays is to destroy the absolute authority of the realist sensibility Within that sensibility is everything thought necessary to sense narrative plot recognizable and nameable passions continuity and integration within the film a gist or moral for the whole affair social commentary and psychoanalytic depth meanings Earle argues for a self critique that should be performed if movies are not to remain encapsulated within its own delusions
