Branding Only Works on Cattle Jonathan Salem Baskin,2009-03-16 Most people don t know it yet but branding is dead Of course we need to know about the things we want to buy but the billions of pounds spent on logos sponsorships and jingles have little if anything to do with consumer behaviour For example Dinosaur headed execs in Microsoft ads didn t help sell software Citibank s artsy live richly billboards didn t prompt a single new account United Airlines animated TV commercials didn t fill more seats on airplanes In Branding Only Works on Cattle branding guru Jonathan Salem Baskin reveals that modern consumers are harder to find more difficult to convince and even harder to retain They make decisions based on experience so what matters isn t how creative cool or memorable the advertising is but how companies can affect consumer behaviour Marketing communications distribution strategies and customer service are all contributing to the new branding This book will be the essential guide to understanding and thriving on this new branding dynamic

Foundations of Real-World Economics John Komlos,2023-03-20 The 2008 financial crisis the rise of Trumpism and the other populist movements which have followed in their wake have grown out of the frustrations of those hurt by the

economic policies advocated by conventional economists for generations Despite this textbooks remain frozen in time continuing to uphold traditional policies as though nothing has happened Foundations of Real World Economics demonstrates how misleading it can be to apply oversimplified models of perfect competition to the real world The math works well on college blackboards but not so well on the Main Streets of America This volume explores the realities of oligopolies the real impact of the minimum wage the double edged sword of free trade and other ways in which powerful institutions cause distortions in mainstream models Bringing together the work of key scholars like Kahneman Minsky and Schumpeter this textbook takes into consideration the inefficiencies that arise when the perfectly competitive model is applied to the real world dominated by multinational oligopolies The third edition has been updated throughout bringing in new material on the financial crises the rise of populism racism inequality climate change and the Covid 19 pandemic A must have for students studying the principles of economics as well as micro and macroeconomics this textbook redresses the existing imbalance in economic teaching as John Komlos focuses on the paradigm of humanistic economics **The**
