Realistic Philosophy Of Religion:

Realism and Religion Andrew Moore, Michael Scott, 2007 This book draws together a distinguished group of philosophers and theologians to present new thinking on realism and religion The religious realism antirealism debate concerns the questions of God's independence from human beings the nature of religious truth and our access to religious truths Although both philosophers and theologians have written on these subjects there has been little sustained investigation into these issues akin to that found in comparable areas of research such as ethics or the philosophy of science The contributors present a variety of contrasting positions on key issues in the religious realism debate This volume of original essays will both introduce newcomers to the field and suggest new lines of research for those already familiar with it *God Pro Nobis* Karin Johannesson, 2007 In theology and the philosophy of religion questions concerning God's existence are often understood and discussed in terms of metaphysical realism Metaphysical realism however is a philosophically untenable perspective according to this study Its impact on the philosophy of religion is therefore problematic By using arguments presented by W V Quine Hilary Putnam and William P Alston the author shows why metaphysical realism is a philosophically untenable perspective and what this implies when it comes to questions concerning God's existence Drawing on the work of Putnam Michael Dummett and Donald Davidson the author elaborates a non metaphysical realist perspective that she recommends as a philosophically tenable alternative that can be used in theology and the philosophy of religion Non metaphysical realism this study claims encourages philosophers of religion to engage in a fruitful reflection on present day problems caused by the phenomenon of religion and of importance to human beings living in today's society *God and Realism* Peter Byrne, 2017-07-05 Peter Byrne's study of God and realism offers a critical survey of issues surrounding the realist interpretation of theism and theology Byrne presents a general argument for interpreting the intent of talk about God in a realist fashion and argues that judging the intent of theistic discourse should be the primary object of concern in the philosophy of religion He considers a number of important ideas and thinkers supporting global anti realism and finds them all wanting After the refutation of global anti realism Byrne considers a number of important arguments in favour of the notion that there is something specific to talk about God which invites an anti realist interpretation of it Here he looks at verificationism the writings of Don Cupitt forms of radical feminist theory and the ideas of D Z Phillips The book concludes with a discussion of whether theology as a discursive academic discipline can be interpreted realistically Offering a comprehensive survey of the topic and of the leading literature in the field this book presents key arguments for exploring issues brought to bear upon the realism debate Students and scholars of philosophy of religion philosophy of language metaphysics theory of knowledge and theology will find this an invaluable new contribution to the field **Religion, Reality, and a Good Life** Eberhard Herrmann, 2004 Do we have access to reality as it is conceptualized by us Against metaphysical realism and postmodern relativism Eberhard Herrmann develops a pragmatic realism It stresses reality as

conceptualized reality while at the same time not ruling out objectivity Contents include The Nature of the Enquiry The Philosophical Problem Formulated Religion and Philosophy Philosophy Reasons for and Against Metaphysical Realism Critique of Semantic Realism Pragmatic Realism Realism from an Internal Perspective Religious Metaphysical Realism Religious Metaphysical Anti Realism Religious Statements as Purported Assertions Christian Theism The Character of Religious Utterances Pragmatic Realism The Function of Religion Two Material Definitions of Truth Perspectives on Views of Life The Role of the Emotions in Our Conception of Reality Emotions and the Conceptualization of Values **Religion and Realism** Davor Džalto, 2016-05-11 This volume revisits the concepts of reality and realism with regard to their relation to religion and the religious real Religion remains one of the most significant social forces and cultural constituencies and it can even be said that religion and religious truths are becoming increasingly important in these so called post secular times when the sphere of the secular social political and the sphere of the religious have to be reconsidered The relevancy of religious truths and the way they structure our understanding of reality overcomes the sphere of theology and particular religious practices Religion truth and reality and the way these concepts are approached and understood continue to be vital for a broader cultural discourse as well from philosophy and science to politics mass media and show business The book presents ten essays that offer methodologically diverse and intellectually challenging analyses of various aspects of the topics of Religion and Realism The essays are based on papers presented at the international conference on Religion and Realism which took place at the American University of Rome in 2014 A Realistic Philosophy of Religion Arthur Campbell Garnett, 1963 **God in the Act of Reference** Erica Appelros, 2017-03-02 To claim to believe in God without accepting that God exists independently of human minds would mean reducing God to merely a human construct thus not real enough for being the object of religious worship This book sets out to challenge this common view on existence and religious belief Arguing from concrete examples of language use in children s make believe play and other ordinary situations Erica Appelros suggests that what makes us consider something to be real involves our capacities to relate to our surroundings not only on grounds of their physical characteristics but also on grounds of human construction This book makes a substantial contribution to the contemporary debate within philosophy of religion on religious realism and non realism and suggests innovative and constructive solutions to the perennial philosophical and religious issue of what is meant by talking about God and God s existence *Realism in Religion* Robert Cummings Neville, 2010-07-02 A philosophical consideration of key religious issues from a pragmatist s perspective **Realism in Religion** Robert Cummings Neville, Prolegomena to Religious Pluralism P. Byrne, 1995-08-23 This book surveys the thesis that all religions are alike in referring and relating to a single common transcendent and sacred reality It treats this thesis as one in the philosophy of religion and systematically sets out its main philosophical strengths and weaknesses The key to understanding and defending pluralism is argued to lie in a realist understanding of religion which is defined by way of an account of the reference of names for sacred transcendent

reality *Pragmatic Realism, Religious Truth, and Antitheodicy* Sami Pihlström, 2020-02-03 As a traditional theological issue and in its broader secular varieties theodicy remains a problem in the philosophy of religion In this remarkable book Sami Pihlström provides a novel critical reassessment of the theodicy discourse addressing the problem of evil and suffering He develops and defends an antitheodist view arguing that theodicies seeking to render apparently meaningless suffering meaningful or justified from a God's Eye View ultimately rely on metaphysical realism failing to recognize the individual perspective of the sufferer Pihlström thus shows that a pragmatist approach to the realism issue in the philosophy of religion is a vital starting point for a re-evaluation of the problem of theodicy With its strong positions and precise arguments the volume provides a new approach which is likely to stimulate discussion in the wider academic world of philosophy of religion

Realism and Religion Michael Scott, 2017-09-29 This book draws together a distinguished group of philosophers and theologians to present new thinking on realism and religion The religious realism antirealism debate concerns the questions of God's independence from human beings the nature of religious truth and our access to religious truths Although both philosophers and theologians have written on these subjects there has been little sustained investigation into these issues akin to that found in comparable areas of research such as ethics or the philosophy of science In addition the absence of any agreed approach to the problem underlines both the need for fresh thought on it and the fruitfulness of this area for further research The editors' introduction sets the context of the realism debate traces connections amongst the essays which follow and proposes lines for future development and enquiry The contributors present a variety of contrasting positions on key issues in the religious realism debate and each opens up new and important themes Gordon Kaufman Peter Lipton and Simon Blackburn provide the opening chapters and the context for the collection Alexander Bird John Hare Graham Oppy and Nick Trakakis Merold Westphal and John Webster explore topics that are central to the debate This volume of original essays will both introduce newcomers to the field and suggest new lines of research for those already familiar with it **The Realist**

Hope Dr Christopher J Insole, 2013-05-28 Taking into consideration analytical continental historical post-modern and contemporary thinkers Insole provides a powerful defence of a realist construal of religious discourse Insole argues that anti-realism tends towards absolutism and hubris Where truth is exhausted by our beliefs about truth there is no conceptual space for doubting those beliefs only a conception of truth as absolute given and accessible can guarantee the very humility sense of fallibility and sensitivity to difference that the anti-realist rightly values Cutting through some of the tired and well-rehearsed debates in this area Insole provides a fresh perspective on approaches influenced by Wittgenstein Kant and apophatic theology The defence of realism offered is unusual in being both analytically precise and theologically sensitive with a view to some of the wider and less well-explored cultural ethical and political implications of the debate Realism and Christian Faith Andrew Moore, 2003-03-27 Table of contents **Is Nothing Sacred?** Don Cupitt, 2002 Don Cupitt is best known for developing a non-realistic interpretation of Christian doctrine and an ever more radically antirealist position in

philosophy Cupitt has sought to go beyond ecclesiastical religion to a purely this worldly humanistic religion of life he argues for a kingdom version of Christianity that will bring it closer to the original Jewish Jesus This book contains essays written over twenty years that appear in book form for the first time **God in Postliberal Perspective** Robert Andrew Cathey, 2016-04-22 Who is God The variety of images of God tends to overwhelm us in the present age Is God a fiction of human construction or a reality that makes claims upon how we practice faith in God How does this quest for an understanding of God illumine who we are God in Postliberal Perspective presents an introduction to the doctrine and concept of God in contemporary philosophy and theology exploring how some theologians and philosophers dare to speak of God as real in our sceptical pluralistic and interfaith age Robert Cathey tours the house of realism as constructed by postliberal Christians David Burrell William Placher Bruce Marshall in conversation with living communities of faith and critical work in philosophy and theology and develops a distinctive argument about the relation of realism and non realism in constructing the doctrine of God in postliberal theology Offering a reading of postliberal theology which is open to critical discussion with other types of theology philosophy and faith traditions this book proposes a model of theological reflection that may be extended to the reality claims of a wide range of doctrines and concepts Wittgenstein's Remarks on Frazer Lars Albinus, Josef G. F. Rothhaupt, Aidan Seery, 2016-03-21 This volume is dedicated to Wittgenstein's remarks on Frazer's The Golden Bough and represents a collaboration of scholars within philosophy and the study of religion For the first time specialized investigations of the philological and philosophical aspects Wittgenstein's manuscripts are combined with the outlook of philosophical anthropology and ritual studies In the first section of the book Wittgenstein's remarks are presented and discussed in light of his Nachlass and relevant lecture notes by G E Moore reproduced in this book as facsimiles The second section deals with the cultural and philosophical background of the early remarks while the third section focuses specifically on the general problem of understanding as being a main issue of these remarks The fourth section concentrates on the philosophical development characteristic of the later remarks Finally the fifth section reviews Wittgenstein's opposition to Frazer and the ramifications of his remarks in light of ritual studies The book is intended for scholars in philosophy and religious studies as well as for the general reader with an academic interest in philosophy and the philosophy of religion **Christian Realism and Liberation Theology** Dennis P. McCann, 2001-08-30 Christian Realism and Liberation Theology provides the best interpretation and critique we have of liberation theology Equally important however is McCann's interpretation of Reinhold Niebuhr For it is McCann's contention that Niebuhr is best appreciated as attempting to provide a form of spirituality sufficient to sustain the frustrations of political struggle By bringing Niebuhr and liberation theology into creative contrast McCann not only illuminates the contributions and shortcomings of each but helps us better understand the issues confronting the development of an adequate Christian social ethic This is a book that has needed writing for some time We are in McCann's debt Stanley Hauerwas Gilbert T Rowe Professor of Theological Ethics Divinity

School Duke University **Religious Realism** Douglas Clyde Macintosh, Arthur Kenyon Rogers, 1931 *Theodicy* Jill Graper Hernandez, 2019-05-20 The problem of evil has vexed for centuries is pain and suffering in the world consistent with the existence of God Theodicy attempts to demonstrate or explain why the answer could be yes Some think that the problem of evil was solved a long time ago but theodicy in the 21st century has thus far produced novel approaches uncovered new dilemmas juxtaposed itself with other philosophical and religious fields listened to new voices and has even been explored through uncommon methodologies This is a new era of and for theodicy Though never removed from the logical problem of evil theodicy at least in the near future will generate unique arguments related to the phenomenology of lived suffering modal claims across worlds the possibility of ameliorative analysis narrative theodicy and standpoint difficulties in generating theodical discourse This special issue is dedicated to extending the platform for clear and interesting perspectives on new dimensions of theodicy and in reclaiming perspectives on the problem of evil that have been largely ignored in philosophy of religion
