Come Hell or High Water: Feminism and the Legacy of Armed Conflict in Central America Tine Destrooper, 2014-06-05 In *Come Hell or High Water* Feminism and the Legacy of Armed Conflict in Central America Tine Destrooper analyzes the political projects of feminist activists in light of their experience as former revolutionaries She compares the Guatemalan and Nicaraguan experience to underline the importance of ethnicity for women s activism during and after the civil conflict The

first part of the book traces the influence of armed conflict on contemporary women's activism by combining an analysis of women's personal histories with an analysis of structural and contextual factors. This critical analysis forms the basis of the second part of the book which discusses several alternative forms of women's activism rooted in indigenous practices. The book thereby combines a micro and macro level analysis to present a sound understanding of post conflict women's activism.

The Great Prajna Paramita Sutra, Volume 5 Naichen Chen, 2022-05-30 Prajna transcendental wisdom Paramita ferrying over to the other shore perfection. The Great Prajna Paramita Sutra taught by the Buddha in sixteen assemblies in four places over twenty two years and recorded posthumously by his disciples in six hundred fascicles with approximately five million words is regarded as the largest canon in Buddhism. It is important not only because of its extensive teaching but also because it demonstrates what the great bodhisattva path of cultivation and the great bodhisattva vehicle are. Additionally it indicates how one should cultivate and learn to become a bodhisattva and eventually a Buddha transcending self interest to reach a state of emptiness, selflessness and nonattachment. This sutra depicts, manifests and elaborates an entire learning process leading to Buddhahood. Regardless of where you are on the path to enlightenment you will be nourished by the parables and dialogues within. When practicing and learning prajna paramita if the great bodhisattvas do not see the arising and extinction, grasping and renunciation, contamination and purification, formation and disintegration and the increase and decrease of all dharmas then they will be able to accomplish the perfect knowledge of all perfect knowledge. It is because they have adopted non learning and non accomplishment as expediency. Fascicle 89
