The Highway of Despair Robyn Marasco, 2015-03-24 Hegel's highway of despair introduced in his Phenomenology of Spirit is the tortured path traveled by natural consciousness on its way to freedom Despair the passionate residue of Hegelian critique also indicates fugitive opportunities for freedom and preserves the principle of hope against all hope Analyzing the works of an eclectic cast of thinkers Robyn Marasco considers the dynamism of despair as a critical passion reckoning with the forms of historical life forged along Hegel's highway The Highway of Despair follows Theodor Adorno Georges Bataille and Frantz Fanon as they each read resist and reconfigure a strand of thought in Hegel's Phenomenology of Spirit Confronting the twentieth century collapse of a certain revolutionary dialectic these thinkers struggle to revalue critical philosophy and recast Left Hegelianism within the contexts of genocidal racism world war and colonial domination Each thinker also re-centers the role of passion in critique Arguing against more recent trends in critical theory that promise an escape from despair Marasco shows how passion frustrates the resolutions of reason and faith Embracing the extremism of what Marx in the spirit of Hegel called the ruthless critique of everything existing she affirms the contemporary purchase of radical critical theory resulting in a passionate approach to political thought

Slow Culture and the American Dream Mary Caputi, 2022-06-01 Is the USA hospitable to the slow movement The land of fast food get rich quick schemes and 24/7 news feeds In Slow Culture and the American Dream A Slow and Curvy Philosophy for the Twenty First Century Mary Caputi argues that the slow movement has much to teach the United States at this moment in time Although slow philosophy is in many ways opposite to the prevalent American Dream the current cultural setting demands that we heed its teachings The climate crisis should make us rethink our fast paced ever accelerating lifestyle so that we can lighten our carbon footprint and decelerate if not reverse the damage done to the planet Equally important however is the movement's mandate that we slow down and savor life focusing on quality beauty and calm rather than quantity and speed Slow Food Cittaslow slow cities slow fashion slow travel and slow parenting are examples of a philosophy that seeks to shift our focus away from progress as currently understood and revalue quality of life issues Drawing deeply on her involvement with Slow Food and Cittaslow the author advocates mainstreaming the philosophy of slow and thus reprioritizing the American Dream in ways that sustain the planet and teach Americans to develop a more refined aesthetic principle

Feminism and Power Mary Caputi, 2013-05-16 Feminism and Power the Need for Critical Theory is a six chapter manuscript which offers an important critique of power feminism The latter having produced such spinoffs as grrrl power choice babe lipstick and stiletto feminisms encourages women to be strong self

sufficient feisty and independent While I have no argument with much of that tough minded ideal I ask whether this brave new girl doesn't too readily acquiesce in a neo liberal ideology whose underlying tenets derive from American rugged individualism At its worst this strain within Third Wave feminism contains no critique of capitalism no distance on neoliberal theory no effort to address the injustices contained in globalization's asymmetries and the industrialized North's exploitation of developing countries Feminism and Power the Need for Critical Theory therefore argues that the critical theories of Theodor Adorno and Jacques Derrida have much to offer feminism and a feminist understanding of female empowerment Its pages rely on Adorno's assertion that it is only by allowing the sufferer to speak that we can unveil social truth rather than be duped by the bravado of victory culture Similarly it demonstrates how Derrida's insistence on the trace as well as the asymmetries of friendship and hospitality lead feminism away from the perils of contented triumphalism The book promotes listening as a paradigmatic feminist gesture rather than always speaking up and out

The Art of the Real Roger Rothman, Ian Verstegen, 2015-09-18 *Art of the Real* is devoted to registering the materialist turn of contemporary theory in visual studies For many years visual studies was dominated by post structuralist theory and its attendant nominalism More recently however the materialism of Slavoj Žižek the realism of Gilles Deleuze especially as imputed by Manuel de Landa and Alain Badiou has disrupted this status quo Today we are more likely to take for granted the relevance of biology and the natural sciences while the return of Marx has been more serious than countenanced by Derrida or Foucault This book considers visual studies and the questions that have led to the new materialism its ontology and its relation to contemporary politics While a good deal of work has promoted a materialist agenda at the same time that scholars in art history and visual studies have felt liberated by the call to attend to objects materials and materiality no publication has yet treated this move for its meta theoretical commitments This volume does this

by addressing the conditions that have brought about the turn to materiality the ontological commitments that follow on from new materialist metaphysics and the political implications wrought by these commitments **Doing Democracy** Nancy S. A Political Companion to Walt Whitman John E. Seery, 2011-01-28 The works of Walt Whitman have been described as masculine feminine postcolonial homoerotic urban organic unique and democratic yet arguments about the extent to which Whitman could or should be considered a political poet have yet to be fully confronted Some scholars disregard Whitman's understanding of democracy insisting on separating his personal works from his political works A Political Companion to Walt Whitman is the first full length exploration of Whitman's works through the lens of political theory Editor John E Seery and a collection of prominent theorists and philosophers uncover the political awareness of Whitman's poetry and prose analyzing his faith in the potential of individuals his call for a revolution in literature and political culture and his belief in the possibility of combining heroic individualism with democratic justice A Political Companion to Walt Whitman reaches beyond literature into political theory revealing the ideology behind Whitman's call for the emergence of American poets of democracy

Democracy's Spectacle Jennifer Greiman, 2011-01-03 What is the hangman but a servant of law And what is that law but an expression of public opinion And if public opinion be brutal and thou a component part thereof art thou not the hangman s accomplice Writing in 1842 Lydia Maria Child articulates a crisis in the relationship of democracy to sovereign power that

continues to occupy political theory today Is sovereignty with its reliance on singular and exceptional power fundamentally inimical to democracy Or might a more fully realized democracy distribute share and popularize sovereignty thus blunting its exceptional character and its basic violence In *Democracy's Spectacle* Jennifer Greiman looks to an earlier moment in the history of American democracy's vexed interpretation of sovereignty to argue that such questions about the popularization of sovereign power shaped debates about political belonging and public life in the antebellum United States In an emergent democracy that was also an expansionist slave society Greiman argues the problems that sovereignty posed were less concerned with a singular and exceptional power lodged in the state than with a power over life and death that involved all Americans intimately Drawing on Alexis de Tocqueville's analysis of the sovereignty of the people in *Democracy in America* along with work by Gustave de Beaumont Lydia Maria Child Nathaniel Hawthorne and Herman Melville Greiman tracks the crises of sovereign power as it migrates out of the state to become a constitutive feature of the public sphere Greiman brings together literature and political theory as well as materials on antebellum performance culture antislavery activism and penitentiary reform to argue that the antebellum public sphere transformed by its empowerment emerges as a spectacle with investments in both punishment and entertainment

Critical Ecologies Andrew Biro, 2011-03-19 Environmental movements are the subject of increasingly rigorous political theoretical study Can the Frankfurt School's critical frameworks be used to address ecological issues or do environmental conflicts remain part of the failed promise of this group *Critical Ecologies* aims to redeem the theories of major Frankfurt thinkers Theodor Adorno Max Horkheimer and Herbert Marcuse among others by applying them to contemporary environmental crises *Critical Ecologies* argues that sustainability and critical social theory have many similar goals including resistance to different forms of domination Like the Frankfurt School itself the essays in this volume reflect a spirit of interdisciplinarity and draw attention to intersections between environmental socio political and philosophical issues Offering textual analyses by leading scholars in both critical theory and environmental politics *Critical Ecologies* underscores the continued relevance of the Frankfurt School's ideas for addressing contemporary issues
