Reason In Religion:

Reason and Religion Rem B. Edwards, 2016-10-13 This book covers a variety of approaches to the main issues usually covered by philosophy of religion textbooks such as the meaning of religion six ways of relating theology to philosophy naturalism versus supernaturalism and their respective difficulties an explanation and defense of process theism or panentheism God's attributes critiques and defenses of the ontological cosmological and teleological arguments religious experience including pluralistic and monistic mysticism verification after death and the future of reason and religion In dealing with the arguments for the existence of God theism wins Though published some decades ago there is very little in this book that the author would change today Reason and Religion Rem B. Edwards, Ren B. Edwards, 1972 **Reason**

and Religion Rem B. Edwards, 1972 Reason in Religion Frederic Henry Hedge, 1883 *Reason in religion* George Santayana, 1928 **Reason and Religion** Herman Philipse, 2022-04-28 Religion is relevant to all of us whether we are believers or not This book concerns two interrelated topics First how probable is God's existence Should we not conclude that all divinities are human inventions Second what are the mental and social functions of endorsing religious beliefs The answers to these questions are interdependent If a religious belief were true the fact that humans hold it might be explained by describing how its truth was discovered If all religious beliefs are false a different explanation is required In this provocative book Herman Philipse combines philosophical investigations concerning the truth of religious convictions with empirical research on the origins and functions of religious beliefs Numerous topics are discussed such as the historical genesis of monotheisms out of polytheisms how to explain Saul's conversion to Jesus and whether any apologetic strategy of Christian philosophers is convincing Universal atheism is the final conclusion **Some Considerations About the**

Reconcilability of Reason and Religion Robert Boyle, 2023-07-18 In this classic work of philosophy Robert Boyle explores the relationship between reason and religion He argues that reason and faith are not mutually exclusive but rather complementary ways of understanding the world Boyle draws on a wide range of sources from Greek philosophy to Christian theology to make his case *Some Considerations About the Reconcilability of Reason and Religion* is a timeless work of philosophy and theology that remains relevant today This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **Rationality and Religion** Roger Trigg, 1998-06-08 *Rationality and Religion* deals with the perennial question of how far religious faith needs reason **Reason, Revelation, and Devotion** William J. Wainwright, 2016 The book presents a novel defense of the

beneficial epistemic effect that extra logical features can have on the assessment of religious arguments **Reason and Faith** Michael Bergmann, Jeffrey E. Brower, 2016-01-07 The past fifty years have been an enormously fruitful period in the field of philosophy of religion and few have done more to advance its development during this time than Richard Swinburne His pioneering work in philosophy of religion is distinguished not only for the way in which it systematically develops a comprehensive set of positions within this field but also for the way in which it builds on and contributes to contemporary work in other fields such as metaphysics epistemology and philosophy of science This volume presents a collection of ten new essays in philosophy of religion that develop and critically engage themes from Swinburne's work Written by some of the leading figures in the field these essays focus on issues in both natural theology dealing with what can be known about God and his relation to the world independently of any particular religious tradition or revelation and philosophical theology reflecting critically on the doctrines associated with particular religious traditions The first six essays address topics familiar from natural theology faith theistic arguments and divine power The last four essays address topics bearing on philosophical theology atonement liturgy immortality and the nature of body and soul Reason in religion George Santayana, 1922

Reason and Religious Belief an Introduction to the Philosophy of Religion : , 2015 Reason and Religious Belief now in its fifth edition explores perennial questions in the philosophy of religion Drawing from the best in both classical and contemporary discussions the authors examine religious experience faith and reason the divine attributes arguments for and against the existence of God divine action in various forms of theism Reformed epistemology religious language religious diversity and religion and science Faith and Rationality Alvin Plantinga, Nicholas Wolterstorff, 1983 A collection of essays by contemporary Calvinist philosophers of religion that examine the epistemology of religious belief between Reformed and Roman Catholic philosophers **Reason & Religious Belief** Michael Peterson, William Hasker, Bruce Reichenbach, David Basinger, 2012-11-29 Reason and Religious Belief now in its fifth edition explores perennial questions in the philosophy of religion Drawing from the best in both classical and contemporary discussions the authors examine religious experience

Reason & Religious Belief Michael L. Peterson, 2003 What is the status of belief in God Must a rational case be made or can such belief be properly basic Is it possible to reconcile the concept of a good God with evil and suffering In light of great differences among religions can only one religion be true The most comprehensive work of its kind Reason and Religious Belief now in its third edition explores these and other perennial questions in the philosophy of religion Drawing from the best in both classical and contemporary discussions the authors examine religious experience faith and reason theistic arguments the problem of evil Reformed epistemology miracles and religious language They also treat subjects not often included in competing texts such as process theism religious pluralism religion and science and the relationship between religion and morality The third edition retains the engaging style and thorough coverage of previous editions and also takes into account the latest contributions in the field by such thinkers as Plantinga Alston Martin Murphy Dembski M Adams and

Swinburne Integrating a variety of perspectives it adds a chapter on the openness of God debate several sections on feminist concerns and frequent comparisons of how Eastern religions compare with Western theism A sophisticated yet accessible introduction Reason and Religious Belief 3 e is ideally suited for use with the authors companion anthology Philosophy of Religion Selected Readings 2 e OUP 2000

Reason & the Contours of Faith Richard Rice, 2013-05-17 Can reason and religion get together Should believers think Can thinking people believe Does religion have to make sense Does careful thinking help or hinder religious experience People have wrestled with such questions for hundreds of years and they are just as perplexing today as ever Reason the Contours of Faith explores the wide ranging issues these questions raise from biblical interpretation and proofs for God s existence to the nature of religious conversion Its central purpose is to find an alternative to both fideism the idea that reason has nothing to do with faith and rationalism the conviction that reason has everything to do with it Part One Reason and the Contents of Faith argues that reason contributes in important but limited ways to our understanding of religion Part Two Reason and the Experience of Faith shows that reason can support religious commitment but never produces it

Reason in religion George Santayana, 1945

Reason, Religion, and Morals Frances Wright, 2020-11-12 Originally published as Course of Popular Lectures the works collected in this volume display the gift for oratory and range of progressive ideas that made Frances Wright 1795 1852 both a sought after lecturer and a controversial figure in early nineteenth century America Born in Scotland this pioneering freethinker and abolitionist emigrated to America in her twenties and became friends with Thomas Jefferson and James Madison In 1828 she joined Robert Dale Owen s socialist community at New Harmony Indiana and helped him edit his New Harmony Gazette The next year she and Owen moved to New York City where they published Free Enquirer which advocated liberalized divorce laws birth control free state run secular education and organization of the disadvantaged working class It was at this time that she began delivering the popular lectures here collected Some persistent themes that run throughout these well argued pieces are the importance of free impartial inquiry conducted in a scientific spirit and not influenced by religious superstition or popular prejudice the need for better universal education that trains young minds in scientific inquiry rather than religious dogma the advantage of focusing on the facts of the here and now rather than theological speculations and the failure of American society to live up to its noble ideals of equality and justice for all With an insightful introduction by Wright scholar Susan S Adams Emeritus Professor of English Northern Kentucky University these stimulating lectures by an early feminist and freethinker will be of interest to students and scholars of women s studies humanism and freethought

FaithQuestions - What About Religion and Science? Paul E. Stroble, 2010-09-01 This book invites us to consider ways to remain confident in our faith as we understand and appreciate the discoveries and advances of science How can Christians integrate believe or accept all the teachings of science the Bible and Christian tradition How can we believe in both the discoveries of science and the Bible Are science and religion compatible or incompatible Does the Christian understanding that God created the universe exclude the

findings and discoveries of science What is the role of faith in the world of education What can we believe about intelligent design If we believe in evolution can we believe in God Does the Big Bang theory exclude God If we are Christians can we support stem cell research and cloning Can science help us understand the afterlife Does science negate or support prayer What is the difference between faith and reason Do they exclude or complement one another As Paul Stroble addresses these questions and others he helps us examine different possible ways that religion and science relate to each other and ways that science and religion provide meaning and value in our lives PAUL STROBLE is an elder of the Illinois Great Rivers Conference of The United Methodist Church He has served both as parish pastor and college instructor and currently teaches at the University of Akron where he earned an Excellence in Teaching award He is a long time writer researcher for the United Methodist curriculum FaithLink and author of numerous articles and curricular materials Among his eleven books are Paul and the Galatians and What Do Other Faiths Believe He is married to Dr Beth Stroble and they have a daughter Emily The FaithQuestions study series is designed to meet the needs of people who have questions about the Christian faith and who desire a deeper engagement with scripture and with discipleship as they explore studies of issues in theology ethics missions Bible interpretation and church history It seeks to equip a new generation of church leaders to appreciate the eternal message of the gospel and to develop the skills to articulate its relevance in our contemporary context The series would be a good choice for users who have completed Disciple this will be the ninth study in the series following What About the Rapture What Do Other Faiths Believe What Happens When We Die What About Divine Healing What About the Trinity What About Forgiveness What About the Devil What About Reading the Bible *Reason, Faith and History* Martin Stone, 2016-04-08 Spanning the breadth of philosophical historical and theological interests articulated in the work of Paul Helm including chapters on Calvinism philosophical theology philosophy of mind Christian Doctrine and epistemology Reason Faith and History offers an accessible text for students of contemporary philosophy of religion as well as those interested in philosophical theology more broadly Reason Faith and History offers a unique collection of essays on key topics in the philosophy of religion Published in honour of Paul Helm a major force in contemporary English speaking philosophy of religion this book presents newly commissioned chapters by distinguished philosophers and theologians from North America Israel the UK and Continental Europe Contributors include Robertson Trueman Hughes Swinburne Torrance Clark Robinson Pink Gellman Cross Byrne Hossack and Crisp
