Hinkelman,Myron Manley,Karla C. Shippey,James L. Nolan,Wendy Bidwell,Alexandra Woznick,2005 The manual is highly organized for ease of use and divided into the following major sections Commodity Index how to import data for each of the 99 Chapters of the U S Harmonized Tariff Schedule U S Customs Entry and Clearance U S Import Documentation International Banking and Payments Letters of Credit Legal Considerations of Importing Packing Shipping Insurance Ocean Shipping Container Illustrations and Specifications 72 Infolists for Importers     **Directors & Officers (D & O) Liability** Simon Deakin,Helmut Koziol,Olaf Riss,2018-02-19 In recent years several cases concerning the liability of directors and officers have courted controversy Arguments raised in such discussions oscillate between two extremes on the one hand the need for governing bodies to give a space to entrepreneurial discretion and on the other hand to ensure the protection of investors in and creditors of a company from the consequences of disadvantageous decisions by those bodies In light of the geographical dispersal of the above stakeholders the study offers a comparative insight into the liability of directors and officers in 10 key European jurisdictions in particular Austria Czech Republic Germany Italy the Netherlands Norway Poland Spain and Switzerland and 4 non European jurisdictions namely Brazil Israel Turkey and the United States Amongst other things it investigates existing company law principles on the topic and examines their interaction with tort law and other fields with a view to suggesting principles for better stakeholder protection National reports are complemented by an economic analysis and insurance conflict of laws and comparative reports The study also benefits from case study analyses     Sports Law in Australia Andy Gibson,2024-09-17 Derived from the renowned multi volume International Encyclopaedia of Laws this practical analysis of sports law in Australia deals with the regulation of sports activity by both public authorities and private sports organizations The growing internationalization of sports inevitably increases the weight of global regulation yet each country maintains its own distinct regime of sports law and its own national and local sports organizations Sports law at a national or organizational level thus gains a growing relevance in comparative law The book describes and discusses both state created rules and autonomous self regulation regarding the variety of economic social commercial cultural and political aspects of sports activities Self regulation manifests itself in the form of by laws and encompasses organizational provisions disciplinary rules and rules of play However the trend towards more professionalism in sports and the growing economic social and cultural relevance of sports have prompted an increasing reliance on legal rules adopted by public authorities This form of regulation appears in a variety of legal areas including criminal law labour law commercial law tax law competition law and tort law and may vary following a particular type or sector of sport It is in this dual and overlapping context that such much publicized aspects as doping sponsoring and media and responsibility for injuries are legally measured This monograph fills a

gap in the legal literature by giving academics practitioners sports organizations and policy makers access to sports law at this specific level Lawyers representing parties with interests in Australia will welcome this very useful guide and academics and researchers will appreciate its value in the study of comparative sports law
