Herrera, 2021-06-30

*The Coming Tyranny* How Socialism Will Lead to Civil War in America is a step by step prediction of how socialism in America will develop by nefarious and corrupt Democrats whose concerns are not the interests and well being of the American people but are concerns about redistributing wealth, attaining power, control, and enriching themselves. After the 2020 suspected fraudulent election, Democrats practically control the Federal government. Their Utopian socialist dream consists of taking substantial wealth from the rich through oppressive taxes and redistributing this wealth for government assistance to illegal migrants, for black reparations, to bail out poorly managed Democrat states disguised as COVID-19 relief for infrastructure, for green energy, for government run healthcare, for COVID-19 vaccines, to support the UN, the Paris Peace Accord, climate deal, the World Health Organization, and for Palestinian aid. The Chinese born COVID-19 pandemic has enabled the worse election fraud in US history to occur in a concerted effort to steal the 2020 election by election computer fraud, ballot counters, state elected officials in key states, mail carriers, and election officials. Incredulously, key state supreme courts and the US Supreme Court all refused to listen to any evidence or witnesses available in the worst election fraud in US history. Examples of Democrat socialist presidential candidates and their leftist views are presented to show how far left socialists want to take America. Examples are given as to how corrupt leaders such as Obama, Hillary Clinton, and Joe Biden not only tried to rig the 2016 election but sought to influence the election of Benjamin Netanyahu, forced Pope Benedict to resign, and be replaced by a liberal Pope, and how the Obama Administration and others were involved with the Vatican and Pope Francis to try to align abortion and homosexuality morality in Catholic doctrine with leftist political morality to be gaslighted as acceptable moral behavior in the US by Hillary Clinton and Tim Kaine in preparation for the 2016 election. The Biden Administration signed a slew of executive orders and tax policies that mandated culture change and triggered oppression of Americans. Step by step predictions are made how Democrats will change election laws so that they will always remain in power. Socialist policies are predicted to cause economic chaos, failure, and instability. Many Americans will lose their jobs and suffer. Crime, poverty, and homelessness will increase. Police departments and the military will be politicized to support and enforce tyrannical laws passed by the socialist Federal US government to deprive Americans of their freedoms. Conservatives will react as tyranny and oppression intensify. A secession of states will likely occur, leading to a 2nd American Civil War. Unfortunately, the war will not fare well for freedom loving Americans for reasons stated. Only a miracle from God can save the USA. Leftist policies and reconstruction efforts will further weaken the US. As Muslim immigrants grow exponentially in the US and Muslim population centers in states increase over time, this book predicts that a 3rd Civil War will occur between Muslims and non-Muslims. In the end, the old US will become divided into Muslim and non-Muslim.

Long, Ellen Oxfeld,2017-06-16 Few things weigh on the human spirit more heavily than a sense of place the lands we live in and return to have a profound ability to shape our notions of home and homeland not to mention our own identities The pull of the familiar and the desire to begin anew are conflicting impulses for

the nearly 180 million people who live outside their countries of origin often with the expectation of returning home Of 30 million people who immigrated to the United States alone between 1900 and 1980 10 million are believed to have returned to their homelands While migration flows occur in both directions surprisingly few studies of transnationalism global migration or diaspora address return experiences Undertaking a comparative analysis of how coming home affects individuals and their communities in a myriad cultural and geographic settings the contributors to this volume seek to understand the unique return migration experiences of refugees migrants and various others as they confront the social pressures and a sense of displacement that accompany their journeys The returns depicted in *Coming Home* range from temporary visits to permanent repatriation from voluntary to coerced movements and from those occurring after a few years of exile to those after several decades away The geographic sites include the Balkans Barbados China Eritrea Ethiopia Germany Nicaragua the Philippines Rwanda and Vietnam Several studies portray the experiences of returning refugees who earlier fled war and violence while others focus on economic or labor migrants As the essays show connections between permanent returnees and home communities are contentious and complex On the one hand issues of land title property rights political orientation and religious and cultural beliefs and practices create grounds for clashes between returnees and their home communities but on the other returnees bring with them a unique ability to transform local practices and provide new resources

**There'S a Storm Coming: the Journey to Rescue and Save My Father** Kathryn Huddleston,2010-10-18 In narrative form this book chronicles the five year journey the author took with her father afflicted with Alzheimers to restore his dignity and help him reach his physical mental and spiritual potential It presents the many obstacles including the presence of evil forces and other family members mental disorders which had to be overcome to accomplish this The book illustrates how the common denominator of faith in God and a belief in His supreme will enabled

communication with her father with whom she previously had only limited interaction. She came to discover the importance of entering her father's world of confirming his reality and to recognize though parts of the brain may be tangled and even gone, the response to spirit and tone actually remains. Her father's sensory awareness and understanding increased and she challenges some previous stereotypes held about patients with this disease. Pragmatically, the author gives the caregiver suggestions on how to ensure the patient's sense of accomplishment and purpose and maps out daily activity processes. The book illustrates how previous experiences enabled them to survive their storm as the author relentlessly struggled to keep her father from being institutionalized so he could remain a participant in this world. Occasionally in a man's life there is a book or manuscript that comes his way that is so far out of the norm and so deep beyond expectation that it requires thought, prayer, and time to assimilate the information through meditation. There's a Storm Coming, Kathryn Huddleston's book on the subject of her father's experience with Alzheimer's disease and her passion to help him be the very best he could be physically, mentally, and spiritually, is incredible. The journey with glimpses into the family life through the eyes of a person with medical insight and ultimately through a spiritual lens allows us to take a peek behind the veil of one of the most difficult and tough situations facing many Americans today. This book is an incredible read for those who care about the condition of their fellow human beings. Maury Davis, Senior Pastor, Cornerstone Church, Nashville, TN; Maury Davis Ministries. God brings hope to us in stormy times. Through these dark years, compassion and care for loved ones is always first. This could not be more true than in this book. Michelle Stein, Executive Director, Alzheimers Solutions Project Center for Health Transformation, Washington, D.C. The author captures the reader's attention by recounting in narrative form how she attempted to overcome the many challenges and trials in her stormy family in order to lessen her father's turbulence and bring him peace in the last phase of his life. In an unassuming, authentic way, the author illustrates how she ensured her father remained a valued participant in the world. Giving caregivers concrete ideas on how she helped her father make decisions, ensured up close and personal interaction with others, and recognized the importance of tone, spirit, and listening, the book should give them a sense of hope. E. L. Shoenfelt, Ph.D., Professor of Psychology, Western Kentucky University. Performance Psychologist Kathryn Huddleston believes that while in the midst of other life storms, God gave her the gift to care for her father. Here she shares that journey in a very personal, detailed, and honest fashion. Not only is this a wonderful handbook for the Alzheimer's caregiver, Kathryn's story affirms my experience of God's daily walk with those who appear to be absent. While we may see our loved ones as fading away in reality, they may be living the old gospel hymn, Just a Closer Walk with Thee. This book gives the caregiver or any reader great spiritual hope. Chaplain R. Gene Lovelace, Alive Hospice, Nashville, TN. *The Dove Keeper*, Evelyn Deshane, 2012-08. Thomas is a seventeen-year-old who doesn't want to grow up and has little aspirations for anything beyond standing outside the local liquor store and getting drunk. But when he meets Bernard, the old and well-known fag artist, he is offered something he cannot turn down. The Epilogue follows this book, and there is a sequel, *The Rainbow*, coming soon.
