Trans Feminist Epistemologies in the US Second Wave Emily Cousens,2023-08-01 Why do second wave and trans feminism rarely get considered together Challenging the idea that trans feminism is antagonistic to or arrived after second wave feminism Emily Cousens re orients trans epistemologies as crucial sites of second wave feminist theorising By revisiting the contributions of trans individuals writing in underground print

publications as well as the more well known arguments of Andrea Dworkin this book demonstrates that valuable yet overlooked trans feminist philosophies of sex and gender were present throughout the US second wave It argues that not only were these trans feminist epistemologies an important component of second wave feminism s knowledge production but that this period has an unacknowledged trans feminist legacy
