development for educators and researchers who are seeking ways to transform educational practices. The teachers' practices and actions in their classrooms and as members of the teacher research group will speak loudly to policy makers, researchers and activists who wish to work alongside them. [Teaching to Complexity: A Framework to Evaluate Literary and Content-Area Texts](#) Cappiello, Mary Ann, 2017-03-01 As an important tool for instruction and text selection, Teaching to Text Complexity helps teachers learn to evaluate children's and young adult literature and informational text for quality and complexity to support rigorous literacy and content learning. In addition, this timely resource explores how instructional purpose shapes not only the kinds of curricular texts used but also considers their complexity relative to readers. By offering a framework for text selection, this book helps teachers more deeply understand text complexity in today's standards as well as its importance when building and using text sets in the classroom and reading for different purposes.
