Rebecca West A Celebration:

Rebecca West, a Celebration Rebecca West, 1979 **Rebecca West, a Celebration**, 1977 *Rebecca West* Rebecca West, 1979 Werke, Ausz., engl.] Rebecca West, a celebration Rebecca West, 1977 **G. Evelyn Hutchinson and the Invention of Modern Ecology** Nancy G. Slack, 2010-01-01 Slack enjoyed full access to Hutchinson's archives and conducted extensive interviews both with Hutchinson himself and with his students, colleagues and friends. She evaluates his contributions to theoretical ecology, limnology, the study of fresh water ecosystems, biogeochemistry, population ecology and the creation of the new fields of systems ecology and radiation ecology and she discusses his profound influence as a mentor. The book also looks into his personal life which included three very different wives, a refugee baby under his care during World War II, friendships with such contemporaries as Rebecca West, Margaret Mead and Gregory Bateson and a host of colleagues and friends on four continents. Filled with information available nowhere else, this book draws a vibrant portrait of a giant in the discipline of twentieth century ecology who was also a man of remarkable personal appeal. Augustine and Literature Robert Peter Kennedy, Kim Paffenroth, John Doody, 2006-01-01 The influence of Christianity on literature has been great throughout history as has been the influence of the great Christian Augustine. Augustine and Literature explores Augustine's influence on literature from the Middle Ages to the present day and discusses the implications of expressing Augustine's religious themes both in literature and in more directly theological works.

Uncommon Arrangements Katie Roiphe, 2008-05-20 Katie Roiphe's stimulating work has made her one of the most talked about cultural critics of her generation. Now this bracing young writer delves deeply into one of the most layered of subjects: marriage. Drawn in part from the private memoirs, personal correspondence and long forgotten journals of the British literary community from 1910 to the Second World War, here are seven marriages, each rising to the challenge of intimate relations in more or less creative ways. Jane Wells, the wife of H. G. Wells, remained his rock despite his decade-long relationship with Rebecca West; among others, Katherine Mansfield had an irresponsible childlike romance with her husband John Middleton Murry that collapsed under the strain of real life problems. Vera Brittain and George Gordon Catlin spent years in a semidetached marriage, he in America, she in England. Vanessa Bell maintained a complicated harmony with the painter Duncan Grant, whom she loved, and her husband Clive. And her sister Virginia Woolf herself, no stranger to marital particularities, sustained a brilliant running commentary on the most intimate details of those around her. Every chapter revolves around a crisis that occurred in each of these marriages, as serious as life-threatening illness or as seemingly innocuous as a slightly tipsy dinner table conversation and how it was resolved or not resolved. In these portraits, Roiphe brilliantly evokes what, as she says, the fluctuations and shifts in attraction, the mysteries of lasting affection, the endurance and changes in love and the role of friendship in marriage. The deeper mysteries at stake in all relationships.

Women in Europe between the Wars Angela Kimyongür, 2017-11-30 The central aim of this interdisciplinary book is to

make visible the intentionality behind the forgetting of European women's contributions during the period between the two world wars in the context of politics culture and society It also seeks to record and analyse women's agency in the construction and reconstruction of Europe and its nation states after the First World War and thus to articulate ways in which the writing of women's history necessarily entails the rewriting of everyone's history By showing that the erasure of women's texts from literary and cultural history was not accidental but was ideologically motivated the essays explicitly and implicitly contribute to debates surrounding canon formation Other important topics are women's political activism during the period antifascism the contributions made by female journalists the politics of literary production genre women's relationship with and contributions to the avant garde women's professional lives and women's involvement in voluntary associations In bringing together the work of scholars whose fields of expertise are diverse but whose interests converge on the inter war period the volume invites readers to make connections and comparisons across the whole spectrum of women's political social and cultural activities throughout Europe

Writing Talk Alex Hamilton, 2012 In his long career in literary journalism Alex Hamilton has probably met and talked in depth to more of our great writers than anyone else from the most critically acclaimed to the most hard nosed bestsellers from novelists to cartoonists and in every genre from Thrillers and Whodunnits to Short Stories from Poetry to Science Fiction This selection from a life's work gives us a stimulating and rare insight into the minds and lives of some of the most fascinating creators of our modern culture It's a book that contains many surprises in the revelations given by some of the authors about their struggles and victories the serious or humorous commitments made by them and their addiction to the kind of fiction they like to write The reader will soon realise that no two of these eighty five featured authors such as Kurt Vonnegut Angela Carter Stephen King Daphne du Maurier Ian McEwan Jorge Luis Borges Graham Greene or Margaret Atwood are alike Splendidly informative and serious Writing Talk is also often very funny a book to dip into as the mood takes or to dive into hungrily It will appeal to those with a passion for books and for the people who have written them I've been fortunate to talk to so many marvellous writers Gathering some of these conversations into a book rather than their brief life in a daily newspaper offers a chance for readers to share my pleasure and to introduce a new generation to some past greats says Alex Hamilton behind his reason to create Writing Talk

Modernism on Fleet Street Patrick Collier, 2016-12-05 British modernism came of age at a time of great cultural anxiety about the state of journalism The new newspapers with their brief flashy articles striking visuals hyperbolic headlines and sensational news stood at the center of debates about reading in the period seeming to threaten the viability of representative democracy the health and vitality of the language and the very future of literature itself Patrick Collier's study brings an impressive array of archival research to his exploration of modernism's relationship to the newspaper press People who sought to make their way as writers could neither remain neutral on this issue nor abandon journalism which offered an irreplaceable source of income and self advertisement Collier discusses five modern writers T S Eliot James Joyce Virginia Woolf Rebecca West and Rose Macaulay showing how their work takes part in contemporary debates about journalism and examining the role journalism played in establishing their careers In doing so he uncovers tensions and contradictions inherent in the identity of the serious artist who relied on the ephemeral forms of journalism for money and reputation
