Rebel Worlds:

Labyrinth of Worlds Adrian Cole, 2014-04-01 Humanity makes its final stand as the Star Requiem fantasy series reaches a mind blowing conclusion Adrian Cole has a magic touch Roger Zelazny The epic adventure reaches its zenith as humankind fights for its very existence The fearsome armies of the Csendook sworn destroyers of the human race have discovered their hidden sanctuary all but guaranteeing their victory With the final confrontation at last at hand the renegade hero Ussemitus struggles to unite humans and the warriors of Innasmorn But in the face of impending doom the corrupt master of Man's last citadel seeks to harness the dark and elemental powers of the planet called Mother of Storms in his attempt to win back an empire All realize that so much more is at stake with the impending devastation that threatens to unravel the fabric of many worlds Adrian Cole has a magic touch Roger Zelazny Don't miss the entire Star Requiem quartet Mother of Storms Thief of Dreams Warlord of Heaven Labyrinth of Worlds Resistance, Rebellion, and Consciousness in the Andean Peasant World, 18th to 20th Centuries Steve J. Stern, 1987 The contributors historians and anthropologists from a number of countries move beyond the traditional structural analysis of society to a finer understanding of people as actors Native Andean initiatives and consciousness are clearly placed at the center of this inquiry which merges the best methods of history and anthropology Stern begins with a vigorously argued theoretical essay in which he identifies major findings and arguments running throughout the book demonstrates their pertinence to the more general field of peasant studies and draws out the implications for theory and method He reappraises the role of peasant consciousness and political horizons and the significance of ethnic factors in explaining peasant consciousness and revolt The case studies themselves revamp the history of Andean peasant rebellion and consciousness in Peru and Bolivia This is accomplished by studying violent uprisings as transitional moments within a long term trajectory embracing varied forms of resistance and by scrutinizing closely the ideological and cultural aspects of domination political legitimacy and rebellion The results sharply alter our understanding of three major historical problems the crisis of Spanish colonial rule and the outbreak of native Andean insurrection in the eighteenth century the response to peasants to creole wars and nation building efforts in the nineteenth century and the political strategies and dilemmas of Andean peasants in the context of populist and radical politics in the twentieth century
