Rebirth And Destiny Of Israel:

Rebirth and Destiny of Israel David Ben-Gurion, 1985 Rebirth and Destiny of Israel, 1954 **Rebirth and Destiny of Israel, Etc** David Ben-Gurion, 1959 Rebirth and Destiny of Israel. Edited and Translated from the Hebrew Under the Supervision of Mordechai Nurock, Etc David Ben-Gurion, Mordechai NUROCK, 1954 **National Security and Democracy in Israel** Avner Yaniv, 1993 Contents *Shared Land/Conflicting Identity* Robert C. Rowland, David A. Frank, 2002-12-31 Shared Land Conflicting Identity Trajectories of Israeli and Palestinian Symbol Use argues that rhetoric ideology and myth have played key roles in influencing the development of the 100 year conflict between first the Zionist settlers and the current Israeli people and the Palestinian residents in what is now Israel The Israeli Palestinian conflict is usually treated as an issue of land and water While these elements are the core of the conflict they are heavily influenced by the symbols used by both peoples to describe understand and persuade each other The authors argue that symbolic practices deeply influenced the Oslo Accords and that the breakthrough in the peace process that led to Oslo could not have occurred without a breakthrough in communication styles Rowland and Frank develop four crucial ideas on social development the roles of rhetoric ideology and myth the influence of symbolic factors specific symbolic factors that played a key role in peace negotiations and the identification and value of criteria for evaluating symbolic practices in any society *Israel's Public Diplomacy* Jonathan Cummings, 2016-07-27 Hasbara explaining the Israeli variant of public diplomacy is the subject of endless domestic debate Israel in the 1960s and 1970s saw many changes in its political and military international stage This was a period of unusually intensive attention to the problems of hasbara beginning with the appointment of Yisrael Galili as minister with responsibility for government communications and ending with the dismantling of the Ministry of Information in 1974 less than a year after it had been created Israel had only been able to muddle through and at the end there was no greater sophistication in Israeli thinking and no stronger administrative structure in spite of many organizational changes Accessible to anyone interested in the history of Israel as well as political history and diplomacy the book serves as a case study of how entrenched political culture can limit policy options and casts light on the emergence of public diplomacy as a feature of foreign policy *Israel's Wars* Ahron Bregman, 2003-09-02 First published in 2002 Routledge is an imprint of Taylor Francis an informa company **Israel's Wars** Ahron Bregman, 2016-01-22 Israel's Wars is a fascinating and essential insight into the turbulent history of this troubled country which since its foundation has endured almost constant violence Bringing its coverage up to date with recent conflicts this fourth edition includes a new chapter on the Gaza wars from 2007 2014 a new preface and an updated concluding chapter From the 1947 8 Jewish Palestinian struggle for mastery of the land of Palestine to the Al Aqsa intifada the second Lebanon war and the Gaza wars Bregman exposes hitherto unknown facts including details of secret Soviet involvement in inciting the 1967 Six Day War Israeli bombing of the American warship the USS Liberty and Israeli assassinations of leading Palestinians in the Gaza Strip and the West Bank Illustrated throughout

with maps and photographs this new edition is valuable reading for students of Arab Israeli conflicts over the last seventy years *Essay and General Literature Index* Minnie Earl Sears, Marian Shaw, Dorothy Herbert West, 1948 Includes List of books indexed published also separately The Making of Modern Israel Leslie Stein, 2013-05-20 On May 14 1948 the State of Israel was declared announced by David Ben Gurion at a small gathering that assembled in the main hall of the Tel Aviv Art Museum Within a time frame of only nineteen years culminating in the Six Day War Israel fought three separate wars But within its first four years thanks to mass immigration its population doubled Furthermore Israel had been confronted with acute economic difficulties intra Jewish ethnic tensions a problematic Arab minority and a secular religious divide Apart from defence issues Israel faced a generally hostile or at best indifferent international community rendering it hard pressed in securing great power patronage or even official sympathy and understanding Based on a wide range of sources both in Hebrew and English this book contains a judicious synthesis of the received literature to yield the general reader and student alike a reliable balanced and novel account of Israel s fateful and turbulent infancy Between Ruin and Restoration Daniel E. Orenstein, Alon Tal, Char Miller, 2012-12-30 The environmental history of Israel is as intriguing and complex as the nation itself Situated on a mere 8 630 square miles bordered by the Mediterranean Sea and Persian Gulf varying from desert to forest Israel s natural environment presents innumerable challenges to its growing population The country s conflicted past and present diverse religions and multitude of cultural influences powerfully affect the way Israelis imagine question and shape their environment Zionism from the late nineteenth onward has tempered nearly every aspect of human existence Scarcities of usable land and water coupled with border conflicts and regional hostilities have steeled Israeli s survival instincts As this volume demonstrates these powerful dialectics continue to undergird environmental policy and practice in Israel today Between Ruin and Restoration assembles leading experts in policy history and activism to address Israel s continuing environmental transformation from the biblical era to the present and beyond with a particular focus on the past one hundred and fifty years The chapters also reflect passionate public debates over meeting the needs of Israel s population and preserving its natural resources The chapters detail the occupations of the Ottoman Empire and British colonialists in eighteenth and nineteenth century Palestine as well as Fellaheen and pastoralist Bedouin tribes and how they shaped much of the terrain that greeted early Zionist settlers Following the rise of the Zionist movement the rapid influx of immigrants and ensuing population growth put new demands on water supplies pollution controls sanitation animal populations rangelands and biodiversity forestry marine policy and desertification Additional chapters view environmental politics nationally and internationally the environmental impact of Israel s military and considerations for present and future sustainability

Medding,1989-10-26 This volume critically examines the State of Israel forty years after its establishment It includes symposia articles and book reviews by major scholars of Jewish history from around the world **Israel** Martin Gilbert,2018-09-01 The most comprehensive account of Israeli history yet published Efraim Karsh The Sunday Telegraph Fleeing persecution in Europe thousands of Jewish immigrants settled in Palestine after World War II Renowned historian Martin Gilbert crafts a riveting account of Israel s turbulent history from the birth of the Zionist movement under Theodor Herzl to the unexpected declaration of its statehood in 1948 and through the many wars conflicts treaties negotiations and events that have shaped its past six decades including the Six Day War the Intifada Suez and the Yom Kippur War Drawing on a wealth of first hand source materials eyewitness accounts and his own personal and intimate knowledge of the country Gilbert weaves a complex narrative that s both gripping and informative and probes both the ideals and realities of modern statehood Martin Gilbert has left us in his debt not only for a superlative history of Israel but also for a restatement of the classic vision of Zion in which a Middle East without guns is not a bedtime story but an imperative long overdue This is the vision for which Yitzhak Rabin gave his life This book is tribute to his memory Jonathan Sacks The Times London **Israel** Bernard Reich,2018-03-09 First Published in 2018 This book examines the land and people of Israel and the division between Jews of Oriental and Ashkenazi backgrounds as well as the division between Jewish and Arab citizens offering a thoughtful discussion of the continuing Arab Israeli conflict **A History of Modern Israel** Colin Shindler,2013-03-25 Colin Shindler s remarkable history begins in 1948 as waves of immigrants arrived in Israel from war torn Europe to establish new cities new institutions and a new culture founded on the Hebrew language Optimistic beginnings were soon replaced with the sobering reality of wars with Arab neighbours internal ideological differences and ongoing confrontation with the Palestinians In this updated edition Shindler covers the significant developments of the last decade including the rise of the Israeli far right Hamas s takeover and the political rivalry between Gaza and the West Bank Israel s uneasy dealings with the new administration in the United States political Islam and the potential impact of the Arab Spring on the region as a whole This sympathetic yet candid portrayal asks how a nation that emerged out of the ashes of the Holocaust and was the admiration of the world is now perceived by many Western governments in a less than benevolent light **Israel, Strategic Culture and**

the Conflict with Hamas Niccolò Petrelli, 2017-10-12 This book offers a comprehensive overview of the impact of strategic culture on Israeli military operations against Hamas between 1987 and 2014. It has often been argued that Israeli policies and military operations against Hamas have proven tactically effective but strategically disastrous, allowing the Islamic Resistance Movement to grow from a small spin off of the Muslim Brotherhood into a powerful military and political actor in the Palestinian arena. This book argues contrary to this opinion that Israel was effective in its struggle against the Islamic Resistance Movement between 1987 and 2014 as the Jewish state ultimately managed to deny the majority of Hamas strategic aims and to preserve a position of relative strength. By relying on a synthesis of primary sources, interviews, memoirs, scholarly and professional military studies, and information gathered from the media, the study delivers a careful and comprehensive analysis of the conflict. It provides an historical outline of the development of the Israeli strategic culture and analyzes its impact on the process of military adaptation during the First Intifada, the Oslo Peace Process, the al Aqsa Intifada, and the Gaza wars. Finally, the book illuminates how the Israeli strategic culture moulded a distinctive way of war that though marked by successes and failures ultimately proved effective against Hamas. This book will be of much interest to students of strategic studies, Middle Eastern politics, counter insurgency, counter terrorism, and security studies in general. **Israel, the Embattled Ally** Nadav Safran, 2009-07-01 Through thirty turbulent years, the United States has been deeply enmeshed in Israel's destiny. Seldom in the history of international relations has such a world power been involved so intensely for so long with such a small power. How this phenomenon came to pass and how it will affect the future are explained in this compelling history of Israel and its relations with the United States from the 1947 United Nations resolution through Kissinger's shuttle diplomacy to Carter's peace campaign. To form the backdrop for this extraordinary relationship, Nadav Safran paints a detailed portrait of the historical forces that combined to create the Jewish state. He unfolds panel after panel of Israeli life: its physical environment, people, economy, politics, and religion. He examines Israel's responses to the many security crises it has faced since becoming a nation and presents a clear and thorough exposition of its defense strategy and descriptions of all its wars. Safran then presents his brilliant analysis of Israel and America in international politics. Cutting through the tangle of the Arab-Israeli conflict, the East-West struggle, the disagreement among Western powers, the conflicts within and among the Arab states, and the impact of special interest groups in the United States on its foreign policy, Safran deftly pursues fluctuations in the American-Israeli relationship as it moved from simple friendship to an alliance of friends. A concluding chapter recapitulates the highlights of that evolution and projects its relevance for the future of the Middle East and American-Israeli relations. **Israel Warrior** Shmuley Boteach, 2023-12-12 In light of the October 7th massacre of fourteen hundred Israeli and American Jews at the hands of the savage terrorists of Hamas and the brazen tsunami of antisemitism that has been overtaking the media and college campuses, it's now time to fight back. It's time for the rise of the Israel Warrior. Rabbi Shmuley Boteach provides the information that will win the war for Israel in the marketplace of ideas and

publicize the justice of Israel's cause The Israel Warrior is an electrifying journey through the murky waters of Middle East muddle that allows the reader to finally understand the truth about Israel and the genocidal enemies who will stop at nothing to destroy it The Israel Warrior is for those brave souls prepared to take up the cudgel in defense of the only democracy and human rights protecting republic of the Middle East and the first Jewish state in two thousand years
