Sweet, A growing cooperation between the public and private sectors indicates that the tasks of redevelopment are too large and complex for either sector to accomplish alone Some people maintain that government can do few things right others are equally distrustful of the private sector As used here the private

sector is considered to be all that is not government Each of the success stories illustrated is in part a road to recovery although none appear to have been influenced by a purpose that broad Paul R Porter and David C Sweet present stories of progress in self reliance that concern neighborhood and downtown recoveries school improvement job generation a regained fiscal solvency novel financing techniques helping tenants to become homeowners and a successful venture in self help and tenant management in crime infested neighborhoods The successes stem from the diverse community roles of Yale University a medical center the world s largest research organization the Clorox Company a gas company an insurance company a newspaper neighborhood and downtown organizations city governments and two religious organizations the Mormon Church and the tiny Church of the Savior These stories are located throughout the United States including Akron Baltimore Brooklyn Cincinnati Cleveland Columbus Fort Wayne Indianapolis Milwaukee New Haven Oakland Pittsburgh St Louis St Paul Salt Lake City Springfield Mass Tampa and Washington D C The editors have gathered the work of professionals known in the field of urban studies James W Rouse Donald E Lasater Rolf Goetze Dale F Bertsch Joel Lieske Eugene H Methvin James E Kunde T Michael Smith Robert Mier Carol Davidow Jay Chatterjee June Manning Thomas Norman Krumholz Larry C Ledebur and Robert C Holland Handbook of the Sociology of Education Maureen T. Hallinan, 2006-11-24 The aim of the Handbook of Sociology of Education is to present the most theoretically grounded and empirically rigorous sociological analyses of schools to date The authors are distinguished researchers in the field Their contributions to the Handbook offer major theoretical perspectives on the schooling process and describe significant empirical studies of schools and their effects on individuals and society The research presented in the Handbook is built on three fundamental tenets of sociology First the authors adopt the perspective that schools are a central institution in society An understanding of the function of schooling in social life is enhanced by viewing schools as interrelated with other societal institutions The study of how the context of schooling influences education processes is critical to an understanding of school outcomes Rather than being determined solely by ascribed and achieved characteristics an individual s cognitive and social development are influenced heavily by the structures and networks in which the individual is embedded Communities families schools and social groups are critical elements in the educative process By viewing the school as a societal institution and highlighting the interaction between context and individual behavior the Handbook chapters provide a broader and deeper understanding of the determinants of learning in contemporary society The second sociological insight that guides the research in the Handbook is that the school is a social system **The Cambridge Handbook of Community Psychology** Caroline S.
