Rebuilding Trust Hl 1995 96 House Of Lords Papers 1995 96:

European Charter of Local Self-Government Chris Himsworth,2019-07-30 This is the first critical study of the 1985 treaty that guarantees the status of local self government Chris Himsworth analyses the text of the 1985 European Charter of Local Self Government traces its historical emergence and explains how it has been applied and interpreted throughout Europe including the 2014 Local and regional democracy in the United Kingdom report published by the Council of Europe in March 2014 Locating the Charter s own history within the broader recent history of the Council of Europe and the European Union the book closes with an assessment of the Charter s future prospects *Journals of the House of Lords* Great Britain.

Parliament. House of Lords,2008 Appendices accompany vols 64 67 71 **Prospects for Codifying the Relationship**

Between Central and Local Government Great Britain: Parliament: House of Commons: Political and Constitutional Reform Committee,2013-01-29 The Committee has produced its own code included in this report for relations between central and local government The code is intended to replace the estimated 1 293 duties imposed on local government today The Committee concludes that the balance of power between central and local government is skewed in favour of the centre and needs to be addressed The devolution of power to Scotland Wales and Northern Ireland has been successful and is an evolving process there is no apparent reason why local government in England is not capable of using similar powers Power and finance must go together if local government is to become an equal partner it should have own source of revenue Local authorities in England could also have a share of the existing income tax take and local councils freed to raise additional revenue with the consent of their electorates English local government lacks some of the most basic constitutional protections that are available to some of its counterparts in a number of other mature European democracies The Government should examine the possibilities of a stronger constitutional status for local government through an entrenched statutory code or a similar proposal A code for relations between central and local government enforced by statute could be beneficial to both tiers of government for several reasons First it could help set out exactly where powers do and should lie thereby increasing transparency for the electors Secondly it could help redress the overcentralisation of England Thirdly it could provide an economic boost that the country sorely needs *Sessional Index for Session 1996-97* Great Britain.

The Changing Constitution Jeffrey L. Jowell,Dawn Oliver,2011-07-14 This collection of essays by leading experts in British constitutional law covers the main areas of recent reform and anticipates further developments These are considered against a background of general principles including constitutionalism parliamentary sovereignty membership of the EU and globalisation *Stationery Office Annual Catalogue* Stationery Office Staff,1997 **Local Government**

Political Management Arrangements Robin Hableton,1998 **Remaking the Union** Howard Elcock,Dr Michael Keating,2013-01-11 This volume addresses the issues arising from the recent devolution referenda by exploring the historical

development of the proposals the importance of national and regional identities the changing policies of the political parties and the approaches of business and other major groups towards devolution It also looks at the impact on electoral reform coming from the proposal that proportional representation be used to elect the regional assemblies and how the new assemblies are to be financed Finally the book discusses the implications of a devolved British state where different countries and regions achieve different levels of autonomy at different paces **Reviving Local Democracy** Nirmala Rao,2000

Reviving local democracy offers a vivid and persuasive critical examination of New Labour's programme for the modernisation of local government providing a balanced view of the democracy and participation debate Since 1997 the Blair government has sought to mobilise popular participation through local referenda new political structures electoral reform and the creation of powerful new elected mayors Through these mechanisms it is hoped that the lack of public interest and persistently low election turnouts will be overcome The book draws on a wide range of new survey data to relate the crisis of local politics and governance to wider changes in the political culture The author goes on to evaluate the government's proposals to reverse decline asking whether this programme of reform is likely to succeed With the aid of a series of recent surveys of both public and councillor opinion and the successful blending of historical and empirical analysis she offers an assessment of the realities which the democratic renewal project will have to confront in its implementation The book is topical and timely and highly accessible and will appeal to students those involved in local government and anyone concerned to see local government become more representative responsive and open to popular participation *Centri e periferie del potere nel Regno Unito. Le nuove dimensioni di un antico confronto* Pamela Martino,2014 **Devolution and the Scotland Bill** Chris Himsworth,Colin R. Munro,1998 **Transforming Local Governance** Gerry Stoker,2017-03-14

Drawing on the author's unrivalled experience and expertise in both research and policy making this important new book provides a systematic assessment of the changing nature of local governance in Britain and a conceptual framework for understanding the new governance of localities The author analyzes in detail what New Labour has been trying to do to local governance and management and assesses how and why it has achieved only a mixed record of change The book concludes by providing a vision of good local governance and an assessment of future challenges for research and reform *Local Government at the Millenium* Janice Caulfield,Helge O. Larsen,2013-04-17 This volume with contributions by internationally renowned authors provides a comparative survey of problems in local politics and administration in Europe Australasia and North America The Parliamentary Debates (Hansard).
