Culinary Colonialism, Caribbean Cookbooks, and Recipes for National Independence Keja L. Valens, 2024-02-16 Women across the Caribbean have been writing reading and exchanging cookbooks since at least the turn of the nineteenth century. These cookbooks are about much more than cooking. Through cookbooks Caribbean women and a few men have shaped embedded and contested colonial and domestic orders delineated the contours of independent national cultures and transformed tastes for independence into flavors of domestic autonomy. Culinary Colonialism Caribbean Cookbooks and Recipes for National Independence integrates new documents into the Caribbean archive and presents them in a rare pan Caribbean perspective. The first book length consideration of Caribbean cookbooks Culinary Colonialism joins a growing body of work in Caribbean studies and food studies that considers the intersections of food writing race class gender and nationality. A selection of recipes culled from the archive that Culinary Colonialism assembles allows readers to savor the confluence of culinary traditions and local specifications that connect and distinguish national cuisines in the Caribbean.

[Que Vivan Los Tamales!](#) Jeffrey M. Pilcher, 1998 Connections between what people eat and who they are between cuisine and identity reach deep into Mexican history beginning with pre Columbian inhabitants offering sacrifices of human flesh to maize gods in hope of securing plentiful crops This cultural history of food in Mexico traces the influence of gender race and class on food preferences from Aztec times to the present and relates cuisine to the formation of national identity The metate and mano used by women for grinding corn and chiles since pre Columbian times remained essential to preparing such Mexican foods as tamales tortillas and mole poblano well into the twentieth century Part of the ongoing effort by intellectuals and political leaders to Europeanize Mexico was an attempt to replace corn with wheat But native foods and flavors persisted and became an essential part of indigenista ideology and what it meant to be authentically Mexican after 1940 when a growing urban middle class appropriated the popular native foods of the lower class and proclaimed them as national cuisine

The Taste of Nostalgia Amy Cox Hall, 2024-11-26 An exploration of gender race and food in Peru in the 1950s and 1960s and today From the late 1940s to the mid 1960s Peru s rapid industrialization and anti communist authoritarianism coincided with the rise of mass produced cookbooks the first televised cooking shows glossy lifestyle magazines and imported domestic appliances and foodstuffs Amy Cox Hall s *The Taste of Nostalgia* uses taste as a thematic and analytic thread to examine the ways that women race and the kitchen were foundational to Peruvian longings for modernity both during the Cold War and today Drawing on interviews personal stories media images and archival and ethnographic research Cox Hall considers how elite European descended women and the urban home were central to Peru s modernizing project and finds that all women who labored within the deeply racialized and gendered world of food helped set the stage for a Peruvian food nationalism that is now global in the twenty first century Cox Hall skillfully connects how the sometimes unsavory tastes of the past are served again in today s profitable and pervasive gastronostalgia that helps sell Peru and its cuisine both at home and abroad
