Recipes for a Tennis Player's Soul Dave Rineberg, 2004 In his latest tennis book the former hitting coach for tennis stars Venus and Serena Williams shares his knowledge with readers and includes photo sequences of the modern stroke used by the top players in today's game The Biomechanics of Batting, Swinging, and Hitting Glenn Fleisig, Young-Hoo Kwon, 2016-04-22 In the movie Bull Durham frustrated manager Joe Riggins stresses to his team This is a simple game You throw the ball You hit the ball You catch the ball This simplification works well for biomechanists too as sports can be broken down into specific physical tasks like throwing hitting catching and running There have been significant advances in understanding some actions but not others In the first ten years of the journal Sports Biomechanics only 18 of 236 articles were about hitting a ball This scarcity is startling considering that according to USA Today May 20 2005 three of the five hardest things to do in sports involve hitting a ball 1 baseball batting 4 golf tee shot and 5 tennis serve return This book provides the latest biomechanical research in the under studied field of hitting a ball The biomechanics of baseball cricket hockey hurling softball table tennis and tennis are all examined The chapters are written in a style that will both satisfy the high standards of biomechanists and provide information for instructors and athletes to improve performance This book is based on a special issue of Sports Biomechanics **American Book Publishing Record**, 2004 *The Frequency of Souls* Mary Kay Zuravleff, 2013-09-03 A staid refrigerator designer's life is changed by a quirky spiritual female colleague who is obsessed with finding electrical evidence of life after death in this extraordinary debut novel The novels, tales and letters of Prosper Mérimée: The double mistake. Souls in purgatory. The Venus of Ille. Tr. by W. M. Arnold, O. E. Palmer, and E. M. Waller Prosper Mérimée, 1915 *The double mistake; Souls in purgatory; The Venus of Ille.* Tr. by W. M. The Venus of Ille** Prosper Mérimée, 1905 Mystical Bodies, Mystical Meals Joel Hecker, 2005 Mystical Bodies Mystical Meals is the first book length study of mystical eating practices and experiences in the kabbalah Focusing on the Jewish mystical literature of late thirteenth century Spain author Joel Hecker analyzes the ways in which the Zohar and other contemporaneous literature represent mystical attainment in their homilies about eating What emerges is not only consideration of eating practices but more broadly the effects such practices and experiences have on the bodies of its practitioners Using anthropology sociology ritual studies and gender theory Hecker accounts for the internal topography of the body as imaginatively conceived by kabbalists For these mystics the physical body interacts with the material world to effect transformations within themselves and within the Divinity The kabbalists experience the ideal body as one of fullness one whose boundaries allow for the intake of divine light and power and for the outward overflow of fruitfulness and generosity at the same time the body retains sufficient integrity to confer a sense of completeness as the perfect symbol for the Divinity itself Nourishment imagery is

used throughout the kabbalah as a metaphor signifying the flow of divine blessing from the upper worlds to the lower from masculine to feminine and from Israel to the Godhead The body's spiritual continuity allows for unions between the kabbalistic devotee and his food table chair and wine and is exemplified in the practices and experiences surrounding the consumption of food this continuity is also applicable to other aspects of embodiment such as the kabbalist's union with his fellow man *Mystical Bodies Mystical Meals* underscores the homosocial quality of the kabbalistic fraternity in which gendered hierarchies of master and disciple are linked to the imagery and dynamics of nourishment and sexuality Bringing this entire spectrum into focus Hecker ultimately considers how the oral cavity and stomach even the emotions associated with festive meals are mobilized to produce the soul of the mystical saint in medieval kabbalah *New York Magazine*, 1997-08-04 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea
