Rhythm Of The Sea:

Rhythm of the Sea Shari Cohen, 2001-10-01 **Rhythm of the Sea** Shirley S. L. Lim, Peter Kee Lin Ng, Leo Wee Hin Tan, Yeow Chin Wee, 1994 *Rhythm of the Sea* Shari Cohen, 2021-09-14

Water has an almost universal appeal. Most people are relaxed by the sounds of waves, a brook, a gentle rain, the roar of a giant waterfall, even the passing of a thunderstorm. These sounds and the images that go with them have an almost magical calming effect, allowing our minds to float free and feel a sense of harmony with nature and the world around us. The rhythm of moving water creates a mood for contemplation, allowing us to put things together and understand ourselves better, free of the distractions of everyday life. It's ironic that introspection is often the key to understanding other people. We infer that others around us have the same feelings and needs, know the same sorrows and pains by observing their behavior and comparing their feelings to our own. Only by understanding ourselves do we know what other people are going through.

Reading is another way to discover meaning and relate to what other people are thinking and feeling. Shari Cohen's short stories in *Rhythm of the Sea* are that kind of reading. Think of how these stories could relate to you. In *Clear as a Belle*, an ignored old woman is heard only through the unassuming ears of her grandchildren. Adults assume she lives only in her irrelevant own mind. In *Lost in the Fog*, a young man finds an unexpected connection during a lunchtime dalliance on the beach. A tempting but brief potential new relationship. In *The Gift*, after years of wondering, a 40-year-old married woman returns to the Oregon Coast hoping to see her first love again. What she experiences may be something that you have known. In *Rightful Journey*, a father runs out to sea because he has difficulty dealing with his son's disability and learns a lesson from the seas. In *The Goodbye Place*, a teen from a small Midwest town yearns to run away to the west coast to be a rock star. At his favorite pond area, he has a vision which gives him new insight on his strengths. In *Lifeline*, a young boy seeks respect from the bullies in a small town and finds a common bond with the worst of them all. In *Alien Heart*, two come to earth from a distant galaxy as advance spies to facilitate the plunder of Earth's water-rich resources, but the mission takes an unexpected turn. In *Eyes of the Gull*, an old widow living in a nursing home seeks the soul of her husband. In *The Rhythm of Life*, we realize that what we sometimes see as duty can become a reward, as an old man who wanted to sail the waters alone all his life recounts and realizes what it was that kept him home. Finally, we find a *Rhythm of the Soul* which supercedes other attractions to bring Dr. David Chen back to his care for young patients, the real meaning in his life.

This brief foreword only gives a hint of the breadth of the stories, but every one of them relates to some common experience. In reading Shari's stories, you will recognize yourself, and when you do, you will have a new view of yourself and how you relate to other people. You will be touched by Shari's stories about other living beings, and you will think about how much we share. One person's life may seem only a brief moment in the millions of years of human history, but the ripples that we leave behind began with some person far in the past and continue on into the future. We each affect each other like ripples in a pond or waves in an ocean. In this way, we each affect eternity. We are not alone. An ocean runs through

Miller, 2011-01-13 A gentle new way for church leaders to survive stress and burnout Bruce Miller debunks the idea of balance basically trying to have it all all the time Most churches and their pastors try to do everything at once and feel guilty if any one aspect worship ministries outreach etc is neglected He replaces the exhausting concept of balance with the idea of rhythm churches like people need to give attention to different programs and ministries at different times basically by attending to their seasons and cycles Offers an innovative new model for church leaders Miller has been influential in the formation and promotion of Church Based Training as in international movement Offers a proven method for avoiding burnout for church leaders and members by doing the right things at the right time The author offers much needed help to overwhelmed leaders and shows them how to apply Miller's seasonal cyclical approach to church life **Victorian Sappho**

Yopie Prins, 2020-12-08 What is Sappho except a name Although the Greek archaic lyrics attributed to Sappho of Lesbos survive only in fragments she has been invoked for many centuries as the original woman poet singing at the origins of a Western lyric tradition *Victorian Sappho* traces the emergence of this idealized feminine figure through reconstructions of the Sapphic fragments in late nineteenth century England Yopie Prins argues that the Victorian period is a critical turning point in the history of Sappho's reception what we now call Sappho is in many ways an artifact of Victorian poetics Prins reads the Sapphic fragments in Greek alongside various English translations and imitations considering a wide range of Victorian poets male and female famous and forgotten who signed their poetry in the name of Sappho By declining the name in each chapter the book presents a theoretical argument about the Sapphic signature as well as a historical account of its implications in Victorian England Prins explores the relations between classical philology and Victorian poetics the tropes of lesbian writing the aesthetics of meter and nineteenth century personifications of the Poetess as current scholarship on Sappho and her afterlife Offering a history and theory of lyric as a gendered literary form the book is an exciting and original contribution to Victorian studies classical studies comparative literature and women's studies **Reanimating Places** Tom

Mels,2016-12-05 Time space relationships are central to human geography This book seeks to reanimate time space by considering the links between lived experience various temporalities and particular places in terms of compounded and contested rhythms Time space rhythms emphasize the practical symbolic everyday and embodied qualities in the experience and making of our geographical environment Bringing together a team of renowned geographers who have been exploring such ideas over the past decades this book provides a unique and varied set of geographical approximations to the reanimation of place nature and landscape revealing a complex disputed world of politics sensory experiences and representations of space time Including case studies from Europe and North America the book addresses some important issues ranging from the symbolic orchestrations of landscape to deeply personal memories of particular natural rhythms
