Selected Letters of Ananda K. Coomaraswamy Ananda Kentish Coomaraswamy, 1988 Selected Letters of Ananda K. Coomaraswamy Ananda Kentish Coomaraswamy, 1988 Coomaraswamy was perhaps the greatest philosopher theologian of recent times to have emerged from the East This ambitious work is the first to present a selection of Coomaraswamy's letters to mystics theologians art critics painters philosophers writers and religious thinkers and scholars No other source reveals the author's erudition as well as facets of his life and thought as completely and delightfully as this collection **Essential Ananda K. Coomaraswamy** Ananda K. Coomaraswamy, 2010-08-01 A new collection of essays by the great traditionalist perennialist Ananda K Coomaraswamy This collection has been edited by his son Rama Coomaraswamy who is well known for his writings on the Christian tradition The Essential Ananda K Coomaraswamy contains 21 essays on topics reflecting the vast scope of Coomaraswamy's intellect including those topics with which he is most associated such as symbolism Eastern vs Western thinking mythology literature metaphysics traditional art folklore and even more **Selected Letters** Charles Olson, 2001-02-21 For Charles Olson letters were not only a daily means of communication with friends but were at the same time a vehicle for exploratory thought In fact many of Olson's finest works including Projective Verse and the Maximus Poems were formulated as letters Olson's letters are important to an understanding of his definition of the postmodern and through the play of mind exhibited here we recognize him as one of the vital thinkers of the twentieth century In this volume edited and annotated by Ralph Maud we see Olson at the height of his powers and also at his most human Nearly 200 letters selected from a known 3 000 demonstrate the wide range of Olson's interests and the depth of his concern for the future Maud includes letters to friends and loved ones job and grant applications letters of recommendation and Black Mountain College business letters as well as correspondence illuminating Olson's poetics As we read through the letters which span the years from 1931 when Olson was an undergraduate to his death in 1970 a fascinating portrait of this complex poet and thinker emerges **Ananda K. Coomaraswamy** Ananda Kentish Coomaraswamy, Rama P. Coomaraswamy, 1988 Selected Letters of Rabindranath Tagore Rabindranath Tagore, 1997-06-26 A selection of some 350 letters spanning Nobel prize winning writer Rabindranath Tagore's entire life the first to be available to English readers **Ananda K. Coomaraswamy**, 1978 Encyclopedia of Post-Colonial Literatures in English Eugene Benson, 2004-11-30 Documents the history and development of Post colonial literatures in English together with English and American literature and includes original research relating to the literatures of some 50 countries and territories In more than 1 600 entries written by more than 600 internationally recognized scholars it explores the effect of the colonial and post colonial experience on literatures in English worldwide Touchstones of the Spirit Harry Oldmeadow, 2012-05-01 This book explores three themes the timeless messages of traditional Religion the modern obscuration of this perennial Wisdom and the spiritual encounter between East and West Topics include the Australian Aborigines the Bodhisattva in Buddhism and key Perennialist figures

such as Frithjof Schuon Ananda Coomaraswamy and Huston Smith Characterizing modernism as a spiritual disease which is spreading like a plague across the globe Oldmeadow offers insightful criticisms of Eckhart Tolle's *The Power of Now* and what he calls the false prophets of modernity *The Higher Spiritual Path* William Wilson Quinn, 2023-12-08 Predicated on the immemorial core or first principles of the universal perennial philosophy which finds expression from Lao Tzu to Ramana Maharshi in the East and from Pythagoras to Ren Gu non and Ananda K Coomaraswamy in the West *The Higher Spiritual Path* details how those on the higher spiritual path must address and master its requirements This book is as practical as it is philosophical or theosophical since it is based on the specifics of sacred science or spiritual science an inextricable component of the perennial philosophy Many of the requirements of the higher spiritual path are based on the truths of this ancient spiritual science formulated over millennia by jivanmukti or liberated beings who serve as the teachers of those currently engaged in treading this hieratic path The goals of ascending this path are the loftiest the hierarchical order of its spiritual teachers is the holiest and the totality of its evolutionary and compassionate purpose is the most sacred *The Selected Letters of Yvor Winters* Yvor Winters, 2000 The section of previously published letters and unpublished ones that were sealed by his will for 25 years after his death are presented chronologically The American poet Winters 1900-68 chronologically ensured his own voice posthumous dominance in any correspondence by burning all letters he received including those from his wife Annotation copyrighted by Book News Inc Portland OR *Ye Shall Know the Truth* Mateus Soares de Azevedo, 2005-02-23 Contains essays on mysticism prayer sacred art the relationship between Christianity and other religious *The Wisdom of Ananda Coomaraswamy ... Selected from His Writings, Letters and Speeches ...* Ananda Kentish Coomaraswamy, S. Durai Raja Singam, 1972 *On the Origin of Myths in Catastrophic Experience, vol. 1: Preliminaries* Marinus Anthony van der Sluijs, 2019-01-01 Creation myths around the world reveal an intricate network of recurrent motifs Many of these are counterintuitive and not widely known describing a time when the sky was low the stars did not yet shine multiple suns appeared the moon was brighter than the sun no land existed deities and mortals maintained frequent contact a world axis in the form of a tree ladder or giant man connected the earth with the sky a devastating flood or fire ended the old order and so forth The present work in multiple volumes aims to find an origin for this cross culturally and internally consistent body of traditions in a series of extraordinary natural events relating especially to the earth's transition from the last glacial period to the Holocene This first volume sets the stage for the interdisciplinary hypothesis Essential lines of research receive a historical introduction comparative mythology catastrophism and the study of the mythical world axis in relation to the earth's rotation Various astronomical and meteorological interpretations that are not strictly catastrophist are explored for several types of myths about the sun the moon and the world axis but leave many of the most intriguing traditions unexplained It is argued that a structural core of the worldwide mythology of creation and destruction in which the cosmic axis takes pride of place points to a specific period of dramatic natural circumstances in real

prehistoric time A new synopsis is provided of this universal mythological substrate It emerges that the mythical world axis cannot have been based on a single object seen or imagined at one of the poles as has usually been supposed This surprising conclusion paves the way for the innovative geomagnetic theory proposed in volume 2 *Dictionary of Modern American Philosophers* John R. Shook,2005-01-01 The Dictionary of Modern American Philosophers includes both academic and non academic philosophers and a large number of female and minority thinkers whose work has been neglected It includes those intellectuals involved in the development of psychology pedagogy sociology anthropology education theology political science and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century Each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading While all the major post Civil War philosophers are present the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers In many cases the Dictionary of Modern American Philosophers offers the first scholarly treatment of the life and work of certain writers This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought **A Bibliography of Ananda Kentish Coomaraswamy** James S. Crouch,2002 A Bibliography Of Ananda Kentish Coomaraswamy Documents The Remarkably Productive Career Of One Of The Great Minds Of The Twentieth Century This Comprehensive And Accurate Bibliography Is The Result Of More Than Twenty Years Of Devoted Research And Scholarship **The Timeless Relevance of Traditional Wisdom** Ali M. Lakhani,2010-09-16 More than ever there is an urgent need to rediscover timeless and objective principles in order to confront the issues of our times In this collection of thirty remarkable essays Lakhani summons us to rediscover the sacred worldview of Tradition governed by truth virtue and beauty as he addresses some of the most pressing issues today including fundamentalism gender and sexuality religious diversity and pluralism faith and science and the problem of evil *The Wrath of Gods* Mircea A. Tamas,2004 We have entered indeed the final phase of Kali yuga the darkest period of this dark age this state of dissolution from which we cannot escape but through a cataclysm since it is not about a simple straightening that would be necessary but about a total renovation Disorder and confusion the Great Disarray reign in all the areas they have reached a point which surpasses by far all that we have seen until now and threaten to invade the entire world it seems to be the sign of the most serious crisis encountered by humanity in the present cycle Ren Gu non La Crise du monde moderne **'Greater India' and the Indian Expansionist Imagination, c. 1885-1965** Jolita Zabarskaitė,2022-11-07 This book is the first systematic study of the genealogy discursive structures and political implications of the concept of Greater India implying a Hindu colonization of Southeast Asia and used by extension to argue for a past Indian greatness as a colonial power reproducible in the present and future From the 1880s to the 1960s protagonists of the Greater India theme attempted to make a case for the importance of an expansionist Indian civilisation in civilizing Southeast Asia The argument was extended to include Central Asia Africa

North and South America and other regions where Indian migrants were to be found. The advocates of this Indocentric and Hindu revivalist approach with Hindu and Indian often taken to be synonymous were involved in a quintessentially parochial project despite its apparently international dimensions to justify an Indian expansionist imagination that viewed India's past as a colonizer and civilizer of other lands as a model for the restoration of that past greatness in the future. Zabarskaite shows that the crucial ideologues and elements used for the formation of the construct of Greater India can be traced to the svade movement of the turn of the century and that Greater India moved easily between the domains of the scholarly and the popular as it sought to establish itself as a form of nationalist self assertion.

Making a Canon Janice Leoshko, 2024-12-11

The story of how one scholar's experiences in Sri Lanka shaped the contours of the Buddhist visual canon. An early interpreter of Buddhist art to the West, Ananda Kentish Coomaraswamy laid the foundation of what would become the South Asian visual canon particularly through his efforts to understand how Buddhist art emerged and developed. In *Making a Canon*, Janice Leoshko examines how Coomaraswamy's experience as the director of a mineralogical survey in Sri Lanka shaped his understanding of South Asian art and religion. Along the way, she reveals how Coomaraswamy's distinctive repetition of Sri Lankan visual images in his work influenced the direction of South Asia's canon formation and left a lasting impression on our understanding of Buddhist art.
