Selected Short Stories Of The Supernatural:

Selected Short Stories Rabindranath Tagore, 2005-09-01 Poet novelist painter and musician Rabindranath Tagore 1861-1941 is the grand master of Bengali culture Written during the 1890s the stories in this selection brilliantly recreate vivid images of Bengali life and landscapes in their depiction of peasantry and gentry casteism corrupt officialdom and dehumanizing poverty Yet Tagore is first and foremost India's supreme Romantic poet and in these stories he can be seen reaching beyond mere documentary realism towards his own profoundly original vision [Cranford & Selected Short Stories](#) Elizabeth Cleghorn Gaskell, John Chapple, 2006 Contains six of her finest stories that have been selected to demonstrate the variety and accomplishment of her shorter fiction and to trace the development of her art *Selected Short Stories* Nathaniel Hawthorne, 2017-05-15 Featured stories include *The Wives of the Dead* concerning reactions to loss *The Gray Champion* a tale of the supernatural and *Wakefield* in which a runaway husband can't quite let go **Select Short Fiction** Charles Dickens, 2016-11-16 Known and loved around the world for his vast and sprawling novels Charles Dickens relished the opportunity to experiment with his shorter writings investigating hitherto unexplored themes and engaging in uncharacteristic narrative techniques This anthology presents some of the beloved storyteller's lesser known works focusing on tales that reflect his fascination with the supernatural as well as his impressionistic sketches and dramatic monologues The collection opens with *The Story of the Goblins Who Stole a Sexton* in which a gravedigger learns a lesson from mischievous spirits Other ghostly tales include *The Baron of Grogzweg To Be Read at Dusk* and more A selection of brief atmospheric essays most of them written for newspapers and magazines recaptures vibrant scenes from Victorian London its prisons churches schools and street life as well as episodes from the author's extensive travels The book concludes with a series of dramatic monologues from *Doctor Marigold's Prescriptions* and other stories all of them abounding in Dickens' distinctive wit and imaginative power **Selected Short Stories of the Supernatural**, 1985 [Selected Short Stories](#) Algernon Blackwood, 1949 *Women's Ghost Literature in Nineteenth-Century Britain* Melissa Edmundson Makala, 2013-02-15 Nineteenth century ghost literature by women shows the Gothic becoming more experimental and subversive as its writers abandoned the stereotypical Gothic heroines of the past in order to create more realistic middle class characters both living and dead male and female who rage against the limits imposed on them by the natural world The ghosts of Female Gothic thereby become reflections of the social sexual economic and racial troubles of the living Expanding the parameters of Female Gothic and moving it into the nineteenth and twentieth centuries allows us to recognise women's ghost literature as a specific strain of the Female Gothic that began not with Ann Radcliffe but with the Romantic Gothic ballads of women in the first decade of the nineteenth century [Bulletin](#), 1924 **The Whirligig of Time** Judith van Oosterom-Pooley, 2010 Rev ed of *Whirligigge of time* Leiden Leiden University 2004 [Margaret Oliphant's Curative Gothic Literature](#) Katerina García-Walsh, 2025-11-06 Prolific Scottish novelist Margaret Oliphant 1828-1897 remembered chiefly for

her realist fiction and biting literary criticism of contemporary authors also wrote nineteen supernatural tales This monograph offers a comprehensive exploration of Oliphant's Gothic literature in the light of her religious beliefs cultural context and experiences of death and mourning as she survived her husband and all six of her children Oliphant's stories set in the afterlife depict the dead as inhabiting a new existence characterised by spiritual growth while her tales set on earth attempt contact between the mortal and immortal planes Garc a Walsh illustrates Oliphant's unique theological conception of afterliving which ultimately seeks to eradicate the divide between the living and their deceased loved ones reimagining death as a liminal passage towards God and divine self development This book thus suggests a new direction for Gothic studies by showing how Oliphant's supernatural fiction provided a means of curative writing transforming the traumatic reality of death into a source of hope The volume is suited for students researchers and academics in the disciplines of literature and history particularly the fields of nineteenth century studies Victorian studies and Gothic studies with an interest in women's writing theology and mental health trauma studies
