Bad Pastors Anson D. Shupe, William A. Stacey, Susan E. Darnell, 2000-08 Child molesting priests embezzled church treasures philandering ministers and rabbis even church endorsed pyramid schemes that defraud gullible parishioners of millions of dollars for the past decade clergy misconduct has seemed continually to be in the news Is there something about religious organizations that fosters such misbehavior *Bad Pastors* presents a range of new perspectives and solidly grounded data on pastoral abuse investigating sexual misconduct financial improprieties and political and personal abuse of authority Rather than focusing on individuals who misbehave the volume investigates whether the foundation for clergy malfeasance is inherent in religious organizations themselves stemming from hierarchies of power in which trusted leaders have the ability to define reality control behavior and even offer or withhold the promise of immortality Arguing that such phenomena arise out of organizational structures the contributors do not focus on one particular religion but rather treat these incidents from an interfaith perspective *Bad Pastors* moves beyond individual case studies to consider a broad range of issues surrounding clergy misconduct from violence against women to the role of charisma and abuse of power in new religious movements Highlighting similarities between other forms of abuse such as domestic violence the volume helps us to conceptualize and understand clergy misconduct in new ways **Decent and in Order** Ronald R.

Stockton, 2000-02-28 This is a systematic study of how a congregational conflict involving allegations of sexual harassment and power abuse against a minister was seriously mishandled by church authorities The conflict escalated to entangle regional and national authorities and worked its way into the civil courts Stockton focuses on the interaction of organizational dynamics and ill defined Christian concepts such as reconciliation and discipline showing that in conflict situations the ideals of pastoral care are squeezed by an organizational mentality Key themes involve the role of women in the church the complex question of sexual harassment and the interface between church law and civil law The narrative

which is based on interviews and official documents captures the human dimensions of the story while simultaneously giving unique insight into congregational disputes and organizational behavior *Immigration* Thomas Alexander Aleinikoff, David A.
