Williams,2018-03-13 The chronicle of Tennessee Williams and James Laughlin s unlikely yet enduring literary and personal relationship In December 1942 two guests at a Lincoln Kirstein mixer bonded over their shared love of Hart Crane s poetry One of them was James Laughlin the founder of a small publishing company called New Directions which he had begun only seven years earlier as a sophomore at Harvard The other was a young playwright named Thomas Lanier Williams or Tennessee as he had just started to call himself A little more than a week after that first encounter Tennessee sent a letter to

Jay as he always addressed Laughlin in writing expressing a desire to get together for an informal discussion of some of Tennessee's poetry I promise you it would be extremely simple he wrote and we would inevitably part on good terms even if you advised me to devote myself exclusively to the theatre for the rest of my life So began a deep friendship that would last for forty one years through critical acclaim and rejection commercial success and failure manic highs bouts of depression and serious and not so serious liaisons Williams called Laughlin his literary conscience and New Directions serves to this day as Williams's publisher not only for *The Glass Menagerie* and his other celebrated plays but for his highly acclaimed novels short stories and volumes of poetry as well Their story provides a window into the literary history of the mid twentieth century and reveals the struggles of a great artist supported in his endeavors by the publisher he considered a true friend
