*Gertrude Stein's Theatre* Mary Irwin Bainum,1981 **Narratives of Nostalgia, Gender, and Nationalism** Jean Pickering,Suzanne Kehde,1996 Most Americans

think of Betsy Ross as she was depicted in Charles Weisberger's popular painting *The Birth of Our Nation's Flag* a motherly figure sewing at the hearth. In fact as Jo Ann Menezes's analysis in *Nostalgia Gender and Nationalism* points out Ross was a widowed businesswoman who ran an upholstery shop out of her house. In Weisberger's painting all signs of economic industry are erased and Ross's house is transformed into a home rather than the site of cottage industry. Ross is constructed as the perfect heroic mother worthy of sacred creation thus our flag was born. Ross's transformation into an icon neatly illustrates the conjunction of soaring nationalism and the establishment of woman as a fixed domestic presence and serves as an excellent example of the master narratives revealed in *Nostalgia Gender and Nationalism*. The essays in this provocative anthology explore the connections between nation and gender and the ways in which nostalgia functions to bind these two presumably unrelated constructions together. Collectively they suggest that women pay a special fee on behalf of the nation even though it is traditionally represented as an honorarium given to them and that in fact the nation state takes as a foundational principle the subordination of women.

*The Mind of the Novel* Bruce F. Kavin, 2006 From *Moby Dick* to *The Unnamable* from *A Tale of a Tub* to *The Book of Questions* Bruce Kavin explores the nature of self-conscious fiction and compares its structure to that of human consciousness. Focusing on texts that confront their own limits by trying to name the unnamable the ineffable self Kavin draws on methods from literary criticism to systems theory to explain a variety of first person works that dance around the ungraspable subject.

**Mama Dada** Sarah Bay-Cheng, 2004-06-01 *Mama Dada* is the first book to examine Gertrude Stein's drama within the history of the theatrical and cinematic avant-gardes. Since the publication of Stein's major writings by the Library of America in 1998 interest in her dramatic writing has escalated particularly in American avant-garde theaters. This book addresses the growing interest in Stein's theater by offering the first detailed analyses of her major plays and by considering them within a larger history of avant-garde performance. In addition to comparing Stein's plays and theories to those generated by Dadaists, Surrealists, and Futurists this study further explores the uniqueness of Stein via these theatrical movements including discussions of her interest in American life and drama which argues that a significant and heretofore unrecognized relationship exists among the histories of avant-garde drama, cinema, and homosexuality. By examining and explaining the relationship among these three histories the dramatic writings of Stein can best be understood not only as examples of literary modernism but also as influential dramatic works that have had a lasting effect on the American theatrical avant-garde.

It details his aesthetic principles and the elements of composition that distinguish his directorial approach and provides insight into how they operate through practical exercises.
