Hejinian, Barrett Watten, 2013-10-21 Lyn Hejinian and Barrett Watten are internationally recognized poet-critics. Together they edited the highly influential *Poetics Journal*, whose ten issues published between 1982 and 1998 contributed to the surge of interest in the practice of poetics. *A Guide to Poetics Journal* presents the major conversations and debates from the journal and invites readers to expand on the critical and creative engagements they represent. In making their selections for the guide, the editors have sought to showcase a range of innovative poetics and to indicate the diversity of fields and activities with which they might be engaged. The introduction and headnotes by the editors provide historical and thematic context for the articles. The Guide is intended to be of sustained creative and classroom use, while the companion Archive of all ten issues of *Poetics Journal* allows users to remix, remaster, and extend its practices and debates. Willison, 1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of *The Cambridge Bibliography of English Literature*. The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis, articulation, and coordination that it has been retained in all its essentials for the new edition. The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade, to correct and refine the bibliographical details already available, and to reshape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries. **Catalog of Copyright Entries. **Late modernist poetics** Anthony Mellors, 2024-06-04 This book explores the uncanny afterlife of modernist ideals in the second half of the twentieth century Rejecting the familiar notion that modernism dissolved during the 1930s it argues that the fusion of rationalism and mysticism which characterises modernist poetics was sustained long after its politics had been discredited by the events of World War Two The book's central concern is why the aesthetic mysticism that Walter Benjamin called the faith of those who made common cause with Fascism continued to be a guiding principle for literary elites and countercultural movements alike New light is shed on the relationship between occultism and the Pound tradition especially in terms of Pound's influence on post 1945 Anglo American poetry and a critical theory of late modernism is offered which shows how belated notions of cultural redemption have survived in contemporary poetry This wide ranging contextual study focuses on the poetry of Ezra Pound Charles Olson Paul Celan and J H Prynne and explores the development of modernist culture through its theories of phenomenology psychoanalysis science ethnography and ancient history
