The Revolutionary War, 1794-1797; Part II. Ireland](#) Edmund Burke, 1991 This volume of Burke's writings and speeches is divided into two parts The first covers the period between the time of his retirement from the House of Commons in 1794 and his death in 1797 His main preoccupation during this period was of course the French Revolution and the progress of the war against France Surveying developments with dismay and apprehension he produced a critique of the Revolution which

expressed much of his mature thinking on political and social life and issued a clarion call for a European crusade to save civilization Part II contains Burke s writings and speeches relating to Ireland From his entry into political life he was intensely interested in Irish problems religious economic and constitutional and in Anglo Irish relations Fervently believing that Great Britain and Ireland should be partners within the Empire in his last years he was deeply disturbed by the influence of the French Revolution on Irish politics

Forgotten Truths Edmund Burke, 2018-01-18 Excerpt from Forgotten Truths Selections From the Speeches and Writings of the Right Hon Edmund Burke With Biographical Sketch The object of this book is to pave the way to a more extended study of the works of Edmund burke and the compiler has no desire to claim for it anything in the nature of a complete exposition of the subject He has endeavoured to place before the reader such passages from Burke s writings and speeches as appear to him to give a clear idea of the political and economic principles which the great statesman taught Burke s compositions both literary and oratorical are how ever such models of symmetrical construction that it is extremely difficult to give detached passages without destroying the effect produced by the harmonious whole nevertheless the compiler hopes that he has to some extent achieved his purpose At all events the present time seems to him a fitting one for making the attempt The principles which Burke advocated and which were afterwards embodied in the emancipating legislation of the Liberal party during two generations have fallen into sad discredit and oblivion We want a Burke to remind us that the truths he enunciated were not for an age but for all time and since the present generation of statesmen appears to have discarded his precepts we cannot do better than turn for inspiration to the words of the Master himself The year 1897 saw the centenary of Edmund Burke s death and the compiler of this book offers it as a humble tribute to his memory About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
