The Self-begetting Novel Steven G. Kellman,1980 The Story of the Storyteller Jean O'Bryan-Knight,2023-04-12 This book traces the history of an engaging character a writer who acts as the narrator and protagonist of three of Vargas Llosa's novels In *La t a Julia y el escribidor* he recalls his apprenticeship in *Historia de Mayta* he reflects upon the practice of his craft and in *El hablador* he ponders the significance of his vocation That this fictional character closely resembles his flesh and blood creator only adds to his allure Because the three novels in question have such strong structural and thematic links it proves quite helpful to conceive of them as a trilogy Indeed the connections are so pronounced that a significant synergistic effect results from considering the three together It is this effect that this volume brings light as it analyzes how each novel functions as a separate entity how these entities are integrated into a greater whole and how this whole fits into the wider picture of the Peruvian author's long and prolific literary career As students and scholars alike will find thinking in terms of a trilogy greatly enhances our understanding and appreciation of Vargas Llosa's rich narrative **The Self-begetting Novel** Steve John Hollyman,2014 **Literature and Exile** David Bevan,1990 **Stories in Letters - Letters in Stories** Rebekka Schuh,2021-10-04 This book deals with letters in Anglophone Canadian short stories of the late twentieth and the early twenty first century in the context of liminality It argues that in the course of the epistolary renaissance the letter which has often been deemed to be obsolete in literature has not only enjoyed an upsurge in novels but also migrated to the short story thus constituting the genre of the epistolary short story Double Binds: Existentialist Inspiration and Generic Experimentation in the Early Work of Jack Richardson Johan Callens,2022-03-07 REAL.  Molly Hoff, 2018-04 In this companion book to Mrs Dalloway Molly Hoff illuminates much that is hidden in Virginia Woolf's
 celebrated and often misunderstood novel Mrs Dalloway is brimming with references both overt and subtle to other works of
 literature historical events and goings on in Woolf's own life Invisible Presences serves as Hoff states in her preface as a kind
 of reference manual for commentary on individual passages that may be of interest Virginia Woolf's Mrs Dalloway Invisible
 Presences will doubtless provide a wealth of material to enrich lesson plans and syllabi for those who as Hoff puts it profess
 literature It however has its own beginning middle and end to guide any reader Thus it serves as two books at once It is
 hoped it will lead to a deep understanding of Mrs Dalloway and Woolf's method in general Women's University Fiction,

 Murphy, 1992 A critique of the Chilean novelist's A House in the country studying particularly its representation of the many
 faceted concept of authority Casa de campo combines the techniques of traditional novels with the 20th century
 intermingling of reality and fiction The novel's central theme of authority as figured in the discourse its play between reality
 and illusion and its dialogue with literature and society as a whole form the subject of this study Murphy explores the illusory
 authority of the narrator in controlling characters voices and establishes a parallel with the characters contradictory power
 over each other the plots of the narrator recall and parody the authoritarian regime which is reflected in the novel The
 narrator's authority is further defined in a reading of the novel in which author narrator reader and character become

 postmodernist theory Grass Irmgard Elsner Hunt *Juan Goytisolo and the Poetics of Contagion* Stanley Black, 2001-01-01
 Juan Goytisolo is arguably Spain's foremost contemporary novelist This book is one of the few major studies in English to

examine all of his mature works from *Se as de identidad* in 1966 to *Las semanas del jardín* published in 1997. It focuses on the interface between the thematic content of the novels and its formal expression, viewing this as the crucial nexus of their meaning. Goytisolo's writing is in his own words a commitment of myself for a transformation of the world. The Poetics of Contagion dissects the nature of the relationship between writer and reader to show how Goytisolo's political commitment is reflected in his work.

The Secret Violence of Henry Miller Katy Masuga, 2011. Miller as a writer whose work does something more profound and violent to literary conventions than produce novel effects: it announces the possibility of difference and instability within language itself. Henry Miller is a cult figure in the world of fiction, in part due to having been banned for obscenity for nearly thirty years. Alongside the liberating effect of his explicit treatment of sexuality, however, Miller developed a provocative form of writing that encourages the reader to question language as a stable communicative tool and to consider the act of writing as an ongoing mode of creation, always in motion, perpetually establishing itself and creating meaning through that very motion. Katy Masuga provides a new reading of Miller that is alert to the aggressively and self-consciously writerly form of his work. Critiquing the categorization of Miller into specific literary genres through an examination of the small body of critical texts on his oeuvre, Masuga draws on Deleuze and Guattari's concept of a minor literature, Blanchot's infinite curve, and Bataille's theory of puerile language while also considering Miller in relation to other writers including Proust, Rilke, and William Carlos Williams. She shows how Miller defies conventional modes of writing, subverting language from within. Katy Masuga is Adjunct Professor of British and American literature, cinema, and the arts in the Cultural Studies Department at the University of Paris III Sorbonne Nouvelle.

Metafiction Mark Currie, 2014-07-15. Metafiction is one of the most distinctive features of postwar fiction, appearing in the work of novelists as varied as Eco, Borges, Martin Amis, and Julian Barnes. It comprises two elements: firstly, cause the increasing interpenetration of professional literary criticism and the practice of writing; and secondly, effect an emphasis on the playing with styles and forms, resulting from an enhanced self-consciousness and awareness of the elusiveness of meaning and the limitations of the realist form. Dr Currie's volume examines first the two components of metafiction with practical illustrations from the work of such writers as Derrida and Foucault. A final section then provides the view of metafiction as seen by metafictional writers themselves.

The Literature of Reconstruction Wolfgang Funk, 2017-03-23. Winner of the 2016 ESSE Junior Scholar Book Award in Literatures in the English Language. The Literature of Reconstruction argues for the term and concept of postmillennial reconstruction to fill the gap left by the decline of postmodernism and deconstruction as useful cultural and literary categories. Wolfgang Funk shows how this notion emerges from the theoretical and philosophical development that led to the demise of postmodernism by relating it to the idea of authenticity, immediate experience that eludes direct representation. In addition, he provides a clear formal framework with which to identify and classify the features of reconstructive literature by updating the narratological category of metafiction originally established in the 1980s. Based on Werner Wolf's observation of

a metareferential turn in contemporary arts and media he illustrates how the specific use of metareference results in a renegotiation of the specific patterns of literary communication and claims that this renegotiation can be profitably described with the concept of reconstruction To substantiate this claim in the second half of the book Funk discusses narrative texts that illustrate this transition from postmodern deconstruction to postmillennial reconstruction The analyses take in distinguished and prize winning writers such as Dave Eggers Julian Barnes Jennifer Egan and Jasper Fforde The broad scope of authors featuring writers from the US as well as the UK underlines the fact that the reconstructive tendencies and strategies Funk diagnoses are of universal significance for the intellectual and cultural self image of the global North
