*The Case of Social Emotional Learning: Evidence-Based Practices* Pedro Rosário ,Carmel Cefai,2024-09-20 At the end of the last century social emotional learning SEL emerged as a relevant theme in education all over the world What is SEL SEL may be defined as a multidimensional construct orchestrating individuals ability to identify and manage emotions feelings and concern for others as well as to organize and manage behaviors toward goals solve problems and develop positive relationships SEL has been gaining growing popularity among researchers and practitioners Still there is a reasonable degree of ambiguity regarding the concept In fact the term is often used as an umbrella for many types of programs and interventions from distinct areas such as school public health mental health or character education addressing the vulnerability of children and youth to various social and psychological problems What is more topics covered under the SEL umbrella are diverse as follows emotions cognition including multiple intelligences motivation socialization in schools and families and self regulation and its effects Parents with Mental and/or Substance Use Disorders and their Children, volume III Anja Wittkowski,Joanne Nicholson,Jean Lillian Paul ,Geneviève Piché,2025-07-30 Families living with parental mental and or substance use disorders continue to face considerable biopsychosocial challenges with complex pathways to mitigating risk enhancing resilience and supporting recovery An ecological life span approach to improving outcomes for all family members infants children adolescents and adults who are parents requires careful consideration of sociocultural conditions life stages and developmental ages alongside family focused needs goals and plans In addition community contexts policy developments and practice innovation play roles in contributing to the wellbeing and functioning of all family members The risk conveyed to all family members by parental mental and or substance use disorders is great Fortunately the opportunities to intervene are plentiful and varied However in many cases interventions are unspecified untested and not brought to scale in regional state or national initiatives We may have the requisite knowledge to inform policy and practice but this evidence may not be applied to effect innovation or change suggesting the need for widespread knowledge translation and dissemination efforts with significant potential to improve public mental health *El-Hi Textbooks and Serials in Print* ,1985 *Physical Therapy for Children - E-Book* Robert J. Palisano,Suzann K. Campbell,Margo Orlin,2014-04-25 Used as both a core textbook in PT programs and as a clinical reference Physical Therapy for Children 4th Edition provides the essential information needed by PTs both student and professional when working with children Like the previous bestselling editions the 4th edition follows the practice pattern categories of the Guide to Physical Therapist Practice and uses the IFC model of the disabling process as it presents up to date evidence based coverage of treatment In this latest edition Suzann Campbell DeLapp Robert J Palisano and Margo N Orlin have added more case studies and video clips additional chapters and Medline linked references online and Evidence to Practice boxes to make it easy to find and remember important information Provides comprehensive foundational knowledge in decision making screening development

motor control and motor learning the impairments of body function and structure and the PT management of pediatric disorders Reflects a family centered care model throughout to help you understand how to involve children and their caregivers in developing and implementing intervention plans Emphasizes an evidence based approach that incorporates the latest research for the best outcomes Follows the practice pattern guidelines of the Guide to Physical Therapist Practice 2nd Edition which sets the standard for physical therapy practice Features the International Classification of Function Disability and Health ICF of the World Health Organization WHO as the model for the disabling process emphasizing activity rather than functional limitations and participation rather than disability in keeping with the book's focus on prevention of disability Provides extensive case studies that show the practical application of material covered in the text and are often accompanied by online video clips illustrating the condition and its management Makes it easy to access key information with plenty of tables and boxes that organize and summarize important points Clearly demonstrates important concepts and clinical conditions you'll encounter in practice with over 800 illustrations Takes learning to a deeper level with additional resources on the Evolve website featuring Over 40 video clips that correspond to case studies and demonstrate conditions found in each chapter Helpful resources including web links Questions and exercises you'll find helpful when preparing for the pediatric specialist certification exam
