Sahaja Yoga-The Secret to Self-Unfoldment and Transformation Saraswati Raman,2011-02-21 The other day I was listening to the talk given by Shri Mataji on the occasion of Her birthday Puja celebrations at Sydney on 21st March 1990 Expressing how overwhelmed She felt at the lovely messages beautiful decorations thoughtful gifts and letters of devotees not only from Sydney but from all over the world She said that what had started off from a single point had now encompassed the whole world like an ocean of joy and fulfillment What more could one ask for than ruminate over the sweetness and find out an occasion to return to that joy through loving gestures caring actions and nice thoughtful words She had expressed on that occasion that it would be a good idea to bring out a collection in the form of a book of all the nice things that can be said and done provided it is done at the right time right place and on the right occasion This book is an endeavor to put together a few of the introspective transformations that one can bring about in moments of thoughtless awareness to brighten up one's own life as a part of the evolutionary process that we are all undergoing And what better gift could be than to present this creative endeavor at the holy feet of our Dear Mother who has given us so much all in a span of one life time and that too actualizing it for us I hope you will enjoy reading it and picking up the right flower from the garden of this collection and presenting it to the right person on the right occasion as we so often have found our beloved Mother taking all the care in the world to do so for us **Self-unfoldment** John Emmett Richardson,1934 **Self-unfoldment by Disciplines of Realization** Manly Palmer Hall,1946 Recommended as a basic text for those seeking inner growth practical instructions in the philosophy of disciplined thinking and feeling are provided with the goal of releasing and developing the inward

The Naked Christ Dan Le,2012-08-22 The cross of Christ is undeniably central to the Christian faith But how can the cruelty and brutality of a two thousand year old Roman cross touch base with a hedonistic world that has been so desensitized towards violence Within the postmodern setting of a body obsessed culture Christianity urgently requires an innovative and stimulating way of understanding the cross and its atoning significance At the heart of this book is the Naked Christ an emblem through which the author draws on the rich resources of the Christian tradition in its portrayal of the cross He explores how the metaphors of nakedness and clothing can encapsulate aspects of atonement and enable them to be understood within a variety of contemporary contexts The Naked Christ is a useful resource for anyone seeking fresh ways to express what the cross of Christ means to contemporary culture

The Sufi Message of Hazrat Inayat Khan: The Sufi Teachings Hazrat Inayat Khan,2020-09-28 SUFISM has never had a first exponent or a historical origin It existed from the beginning because man has always possessed the light which is his second nature and light in its higher aspect may be called the knowledge of God the divine wisdom in fact Sufism Sufism has always been practiced and its messengers have been people of the heart thus it belonged to the masters as well as to others Tradition states that Adam was the first prophet which shows that wisdom was already the property of the first man There have always been some among the human race who have desired wisdom These sought out spiritual beings in their solitude serving them with reverence and devotion and learning wisdom from them Only a few could understand those spiritual beings but many were attracted by their great personalities They said We will follow you

we will serve you we will believe in you we will never follow any other and the holy ones said to them My children we bless you Do this do that This is the best way to live And they gave their followers precepts and principles such as might produce in them meekness and humility In this way the religions were formed But in the course of time the truth was lost The tendency to dominate arose and with it the patriotism of the community and prejudice against others and thus wisdom was gradually lost Religion was accepted though with difficulty but the evolution of the world at that time was not such as could understand the Sufis They were mocked at ill treated ridiculed they were obliged to hide themselves from the world in the caves of the mountains and in the solitude At the time of Christ there were Sufis among the first of those who gave heed to him and in the time of Muhammad the Sufis on Mount Zafah were the first to respond to his cry One of the explanations of the term Sufi is this association with Mount Zafah Muhammad was the first to open the way for them in Arabia and they had many followers among them Sadik and Ali

mission of the Christian church The immensity of the ocean of Hindu doctrine and thought presents a significant obstacle to Christians who have been invited by the Roman Catholic Church to scrutinize the divine Mystery present in other religions Many fascinated by Hindu mysticism confuse permanent Hindu beliefs with certain current Western religious movements India's quest for the divine embodies multiple forms Its millennia old methods of meditation and varieties of asceticism often confuse those who are less inclined to experience of an inner spiritual nature This book attempts to address some of these difficulties and questions It is the author's belief that in the Hindu Christian encounter the Christian believer will also rediscover the originality and newness of the Christian revelation viz the intervention of God in the history of salvation whereby God reveals his salvific love in Jesus Christ Possessing expert knowledge of both Hinduism and Christianity the author approaches the Hindu Christian dialogue with sympathy and discernment Kindergarten Primary Magazine ,1915
