# Self Same Songs

**John Bowring**

## Self Same Songs:

Sound Intentions Peter McDonald, 2012-11-22 The rhymes in poems are important to understanding how poets write and in the nineteenth century rhyme conditioned the ways in which poets heard both themselves and each other writing Sound Intentions studies the significance of rhyme in the work of Wordsworth Keats Tennyson Christina Rossetti Hopkins and other poets including Coleridge Byron Elizabeth Barrett Browning Swinburne and Hardy The book's stylistic reading of nineteenth century poetry argues for Wordsworth's centrality to issues of intention and chance in poets work and offers a reading of the formal choices made in poetry as profoundly revealing points of intertextual relation Sound Intentions includes detailed consideration of the critical meaning of both rhyme and repetition bringing to bear an emphasis on form as poetry's crucial proving ground In a series of detailed readings of important poems the book shows how close formal attention goes beyond critical formalism and can become a way of illuminating poets deepest preoccupations doubts and beliefs Wordsworth's sounding of his own poetic voice in blank verse as well as rhyme is here taken as a model for the ways in which later nineteenth century poets attend to the most perplexing and important voicings of their own poetic originality **Textual**

**Intimacy** Wesley A. Kort, 2012 Given its affinity with questions of identity autobiography offers a way into the interior space between author and reader especially when writers define themselves in terms of religion In his exploration of this textual intimacy Wesley Kort begins with a theorization of what it means to say who one is and how one's self account as a religious person stands in relation to other forms of self identification He then provides a critical analysis of autobiographical texts by nine contemporary American writers including Maya Angelou Philip Roth and Anne Lamott who give religion a positive place in their accounts of who they are Finally in disclosing his own religious identity Kort concludes with a meditation on several meanings of the word assumption *The Romantic Poetry Handbook* Michael O'Neill, Madeleine Callaghan, 2017-12-18 An

absorbing survey of poetry written in one of the most revolutionary eras in the history of British literature This comprehensive survey of British Romantic poetry explores the work of six poets whose names are most closely associated with the Romantic era Wordsworth Coleridge Blake Keats Byron and Shelley as well as works by other significant but less widely studied poets such as Leigh Hunt Charlotte Smith Felicia Hemans and Letitia Elizabeth Landon Along with its exceptional coverage the volume is alert to relevant contexts and opens up ways of understanding Romantic poetry The Romantic Poetry Handbook encompasses the entire breadth of the Romantic Movement beginning with Anna Laetitia Barbauld and running through to Thomas Lovell Beddoes and John Clare In its central section Readings it explores tensions change and continuity within the Romantic Movement and examines a wide range of individual poems and poets through sensitive attentive and accessible analyses In addition the authors provide a full introduction a detailed historical and cultural timeline biographies of the poets whose works are featured in the Readings section and a helpful guide to further reading The Romantic Poetry Handbook is an ideal text for undergraduate and postgraduate study of British Romantic poetry

It also will appeal to every reader with an interest in the Romantics and in poetry generally **Poetry and the Thought of Song in Nineteenth-Century Britain** Elizabeth K. Helsinger, 2015-09-09 In arguing for the crucial importance of song for poets in the long nineteenth century Elizabeth Helsinger focuses on both the effects of song on lyric forms and the mythopoetics through which poets explored the affinities of poetry with song Looking in particular at individual poets and poems Helsinger puts extensive close readings into productive conversation with nineteenth century German philosophic and British scientific aesthetics While she considers poets long described as musical Alfred Lord Tennyson Gerard Manly Hopkins Emily Bront and Algernon Charles Swinburne Helsinger also examines the more surprising importance of song for those poets who rethought poetry through the medium of visual art Dante Gabriel Rossetti William Morris and Christina Rossetti In imitating song's forms and sound textures through lyric's rhythm rhyme and repetition these poets were pursuing song's thought in a double sense They not only asked readers to think of particular kinds of song as musical sound in social performance ballads national airs political songs plainchant but also invited readers to think like song to listen to the sounds of a poem as it moves minds in a different way from philosophy or science By attending to the formal practices of these poets the music to which the poets were listening and the stories and myths out of which each forged a poetics that aspired to the condition of music Helsinger suggests new ways to think about the nature and form of the lyric in the nineteenth century

**The Figure of the Singer** Daniel Karlin, 2013-07-04 Why did poets continue to call themselves singers long after the formal link between poetry and music had been severed Daniel Karlin explores the origin and meaning of the figure of the singer offering a profound and stimulating analysis of the idea of poetry as song *The Asiatic journal and monthly register for British and foreign India, China and Australasia*, 1827 **The Asiatic Journal and Monthly Register for British and Foreign India, China, and Australia**, 1827 *Specimens of the Polish Poets; with Notes and Observations on the Literature of Poland* Sir John Bowring (LL.D.), 1827 **Specimens of the Polish Poets** John Bowring, 1827 **Wybór poezji polskiéy. Specimens of the Polish poets [tr.] with notes and observations by J. Bowring** John Bowring, 1827

*Asiatic Journal and Monthly Register for British and Foreign India, China and Australasia*, 1827 *The Asiatic Journal and Monthly Register for British India and Its Dependencies*, 1827 **Wybor poezji Polskiey. Specimens of the Polish poets with notes and observations on the literature of Poland** John Bowring, 1827 Wonderful Investigations Dan Beachy-Quick, 2012 In this illuminating collection of prose Dan Beachy Quick broaches a hazy line a faulty boundary between our daily world where we who have appetites must fill our mouths we who have thoughts must fill our minds and another side within the world and beyond it where appetite isn't to be sated where desire is not to be fulfilled and where thoughts refuse to lead to knowledge Touching on the works of Emerson Thoreau and Proust among others Beachy Quick explores the problem of duality the separation of the mind and body word and referent intelligence and mystery striving throughout to overcome this false separation and to celebrate the notion that wonder is the fact that the world has never ceased to be real

Combining a rich critical intelligence and the lyricism that has made him one of America's most significant young poets Lyn Hejinian *Wonderful Investigations* is a wonder unto itself Front flap A Brighter Word Than Bright Dan

Beachy-Quick, 2013-09-01 The Romantic poet John Keats considered by many as one of the greatest poets in the English language has long been the subject of attention from scholars who seek to understand him and poets who seek to emulate him Bridging these impulses *A Brighter Word Than Bright* is neither historical biography nor scholarly study but instead a biography of Keats's poetic imagination Here the noted poet Dan Beachy Quick enters into Keats's writing both his letters and his poems not to critique or judge not to claim or argue but to embrace the passion and quickness of his poetry and engage the aesthetic difficulties with which Keats grappled Combining a set of biographical portraits that place symbolic pressure on key moments in Keats's life with a chronological examination of the development of Keats as poet through his poems and letters Beachy Quick explores the growth of the young man's poetic imagination during the years of his writing life from 1816 to 1820 *A Brighter Word Than Bright* aims to enter the poems and the mind that wrote them to explore and mine Keats's poetic concerns and ambitions It is a mimetic tribute to the poet's life and work a brilliant enactment that is also a thoughtful consideration **Keats and Scepticism** Li Ou, 2023-07-31 *Keats and Scepticism* explores Keats's affinity with the philosophical tradition of scepticism and reads Keats's poetry anew in the light of this affinity It suggests Keats's links with the origin of scepticism in ancient Greece as recorded in Sextus Empiricus's *Outlines of Scepticism* It also discusses Keats's connections with Montaigne the most important Renaissance inheritor of Pyrrhonian scepticism Voltaire the Enlightenment philosophe whose sceptical ideas made an indelible impact on Keats and Hume the most thoroughgoing sceptic after antiquity Other than Keats's affinitive ideas with these sceptical thinkers this book is particularly interested in Keats's experiments with the peculiar language forms modes and genres of poetry to convey the non dogmatic philosophy In this light it re reads *Isabella La Belle* *Dame sans Merci* the 1819 odes *the two Hyperions* *King Stephen* and *Lamia* all of which reveal Keats's self reflexive and radical sceptical poetics in challenging poetic dogmas and conventions This book is for Keats lovers students teachers scholars or non academic readers who are interested in Romanticism nineteenth century studies or poetry and philosophy in general This original accessible interdisciplinary study aims to offer the reader a fresh perspective to read Keats and appreciate the quintessential Keatsian poetics **Close Reading** Frank Lentricchia, Andrew DuBois, 2003 A reader intended for courses presenting the continuity of close reading from New Criticism through poststructuralism

*The Century Illustrated Monthly Magazine* Josiah Gilbert Holland, Richard Watson Gilder, 1888 *Phonopoetics* Jason Camlot, 2019-06-11 *Phonopoetics* tells the neglected story of early talking records and their significance for literature from the 1877 invention of the phonograph to some of the first recorded performances of modernist works The book challenges assumptions of much contemporary criticism by taking the recorded oral performance as its primary object of analysis and by exploring the historically specific convergences between audio recording technologies media formats generic forms and the

institutions and practices surrounding the literary Opening with an argument that the earliest spoken recordings were a mediated extension of Victorian reading and elocutionary culture Jason Camlot explains the literary significance of these pre tape era voice artifacts by analyzing early promotional fantasies about the phonograph as a new kind of speaker and detailing initiatives to deploy it as a pedagogical tool to heighten literary experience Through historically grounded interpretations of Dickens impersonators to recitations of Tennyson to T S Eliot s experimental readings of The Waste Land and of a great variety of voices and media in between this first critical history of the earliest literary sound recordings offers an unusual perspective on the transition from the Victorian to modern periods and sheds new light on our own digitally mediated relationship to the past

**A Library of Poetry and Song** William Cullen Bryant, 1874

Recognizing the showing off ways to get this ebook **Self Same Songs** is additionally useful. You have remained in right site to begin getting this info. acquire the Self Same Songs associate that we provide here and check out the link.
