

ILLUMINATION IS AS NATURAL AS LIFE ITSELF, but enlightened living is only possible when we perceive the reason for living. This reason can not be supplied by the mind or the senses. It can be discovered only through communication with the inner Self.

This book aims to develop on the part of a student the skills of awareness and thoughtfulness. Disciplines not to be practiced as rituals, but rather as inherent qualities—as natural as eating and digestion.

The practice of *Self-Unfoldment* is drawn primarily from Eastern mysticism, blended with the teachings of Pythagoras and Plato—adapted to modern Western life. The practice of metaphysical discipline will not remove life's problems, but will help to face and solve them honestly.
