Selling Out Americas Children:

Selling Out America's Children David Allen Walsh,1994 In *Selling Out America's Children* author David Walsh examines why essential morals and values are missing in today's youth We sell violence irresponsible sex and materialism to our children with the overwhelming power of modern media in light of such odds it is not surprising that parents find it increasingly difficult to counteract society's harmful messages Back cover **Selling Out America's Children** David

Walsh,1995 In *Selling Out America's Children* author David Walsh examines why essential morals and values are missing in today's youth We sell violence irresponsible sex and materialism to our children with the overwhelming power of modern media in light of such odds it is not surprising that parents find it increasingly difficult to counteract society's harmful messages Back cover *Children, Consumerism, and the Common Good* Mary M. Doyle Roche,2009-01-01 The children are

full interdependent members of the communities of which they are a part they have a claim on our resources and our solidarity as well as a right to participate in social life Their participation easily becomes exploitation in the context of consumer culture The tradition of the common good within Christianity moves communities toward practices of resistance and transformation to this culture in a spirit of solidarity with children Love to Hate Jody Roy,2002-08-27 Why is the simple impulsive question we ask when confronted by horrible acts of hatred and violence Why do students shoot fellow students or employees their coworkers Why do mothers drown their children or husbands stalk and kill their wives *Love to Hate* challenges us to turn this question upon ourselves at a deeper level Why as a culture are we so fascinated by these acts Why do we bestow celebrity on the perpetrators while allowing the victims to fade into a second death of obscurity Are we as Pope John Paul II famously accused a culture of death And if so how can we break free of this unacknowledged aspect of the cycle of violence Unlike those who point solely to media imagery splintered families or lax gun control laws in search of the roots of America's endemic violence Jody M Roy suggests that we all must be held responsible She argues that we reveal our love affair with hatred and violence in the ways we think and speak in our daily lives and in our popular culture The very words we use function as building blocks of callousness and contempt betraying our immersion in subtexts of violence and hatred These subtexts are further revealed in our complex attitudes toward street gangs school shooters serial killers and hate groups and the paroxysms of violence they unleash As spectators driven by our impulse to watch we become an integral part of the equation of violence In the book's final section *Freeing Ourselves of Our Obsession with Hatred and Violence* Roy offers practical steps we can take as parents consumers and voters to free ourselves from linguistic and cultural complicity and to help create in America a culture of life In the End the Beginning Juergen Moltmann,2013-01-26 In my end is my

beginning wrote T S Eliot at the close of his poem *East Coker* and that line gave me the title for this book With it I should like to express the power of the Christian hope for Christian hope is the power of resurrection from life's failures and defeats It is the power of the rebirth of life out of the shadows of death It is the power for the new beginning at the place where guilt has

made life impossible From the Introduction by Jurgen Moltmann In this short doctrine of hope Jurgen Moltmann examines the personal experiences in life in which the future is awaited times when we search for new beginnings and find them In three parts that correspond to the three beginnings in life birth rebirth and resurrection Moltmann extols the true value of Christian hope that powers new beginnings Jurgen Moltmann is Emeritus Professor of Systematic Theology at the University of Tübingen Germany He is the author of a number of books published by SCM Press including *Theology of Hope The Crucified God* and *The Church in the Power of the Spirit* *Doing Recent History* Claire Bond Potter, Renee Christine Romano, 2012 Explores the difficulties of writing histories of recent events due to the lack of perspective hindsight and developed historiography *It Takes a Village* Hillary Rodham Clinton, 2006-12-26 In celebration of the tenth anniversary of *It Takes a Village* this splendid edition includes photographs and a new Introduction by Hillary Rodham Clinton A decade ago then First Lady Hillary Rodham Clinton chronicled her quest both deeply personal and in the truest sense public to help make our society into the kind of village that enables children to become smart able resilient adults *It Takes a Village* is a textbook for caring Filled with truths that are worth a read and a reread The Dallas Morning News For more than thirty five years Senator Clinton has made children her passion and her cause Her long experience not only through her roles as mother daughter sister and wife but also as advocate legal expert and public servant has strengthened her conviction that how children develop and what they need to succeed are inextricably entwined with the society in which they live and how well it sustains and supports its families and individuals In other words it takes a village to raise a child In her new Introduction Senator Clinton reflects on how our village has changed over the last decade from the impact of the Internet to new research in early child development and education She discusses issues of increasing concern security the environment the national debt and looks at where we have made progress and where there is still work to be done *It Takes a Village* has become a classic As relevant as ever this anniversary edition makes it abundantly clear that the choices we make today about how we raise our children and how we support families will determine how our nation will face the challenges of this century

Montgomery, 2009-02-13 The role that children and youth play in the emerging digital media culture as consumers targeted by marketing campaigns as creators of their own digital culture

and as political participants Children and teens today have integrated digital culture seamlessly into their lives For most using the Internet playing videogames downloading music onto an iPod or multitasking with a cell phone is no more complicated than setting the toaster oven to bake or turning on the TV In Generation Digital media expert and activist Kathryn C Montgomery examines the ways in which the new media landscape is changing the nature of childhood and adolescence and analyzes recent political debates that have shaped both policy and practice in digital culture The media has pictured the so called digital generation in contradictory ways as bold trailblazers and innocent victims as active creators of digital culture and passive targets of digital marketing This says Montgomery reflects our ambivalent attitude toward both youth and technology She charts a confluence of historical trends that made children and teens a particularly valuable target market during the early commercialization of the Internet and describes the consumer group advocacy campaign that led to a law to protect children s privacy on the Internet Montgomery recounts as a participant and as a media scholar the highly publicized battles over indecency and pornography on the Internet She shows how digital marketing taps into teenagers developmental needs and how three public service campaigns about sexuality smoking and political involvement borrowed their techniques from commercial digital marketers Not all of today s techno savvy youth are politically disaffected Generation Digital chronicles the ways that many have used the Internet as a political tool mobilizing young voters in 2004 and waging battles with the music and media industries over control of cultural expression online Montgomery s unique perspective as both advocate and analyst will help parents politicians and corporations take the necessary steps to create an open diverse equitable and safe digital media culture for young people **Social Issues in America** James

Ciment,2015-03-04 More than 150 key social issues confronting the United States today are covered in this eight volume set from abortion and adoption to capital punishment and corporate crime from obesity and organized crime to sweatshops and xenophobia The Shelter of Each Other Mary Pipher, PhD,2008-11-25 Simple solutions for survival in this family unfriendly culture Eye opening heart wrenching and uplifting San Francisco Chronicle Even more resonant today than at its original publication in 1996 The Shelter of Each Other traces the effects of our society s anti family way of life where parents are overtaxed children are undersupervised and technology is rapidly dictating how we interact As she did in her number one bestseller Reviving Ophelia Mary Pipher illuminates how our families are suffering at the hands of shifting cultural norms and she snaps our gaze into crisp focus Drawing on the fascinating stories of families rich and poor angry and despairing religious and skeptical and probing deep into her own family memories and experiences Pipher clears a path to the strength and energy at the core of family life Compassionate and heart wrenching The Shelter of Each Other is an impassioned call for us to gather our families in our arms and hold on to them for dear life **The Institutions of American Democracy** Susan Fuhrman,Marvin Lazerson,2005-05-26 From curriculum standards and testing to school choice and civic learning issues in American education are some of the most debated in the United States The Institutions of American Democracy a collection

of essays by the nation's leading education scholars and professionals is designed to inform the debate and stimulate change. In association with the Annenberg Foundation Trust at Sunnylands and the Annenberg Public Policy Center at the University of Pennsylvania, *The Institutions of American Democracy* is the first in a series of books commissioned to enhance public understanding of the nature and function of democratic institutions. A national advisory board including among others Nancy Kassebaum Baker, David Boren, John Brademas, Ellen Condliffe Lagemann, David Gergen, and Lee Hamilton will guide the vision of the project, which includes future volumes on the press and the three branches of government. Each essay in *The Institutions of American Democracy* addresses essential questions for policymakers, educators, and anyone committed to public education: What role should public education play in a democracy? How has that role changed through American history? Have the schools lost sight of their responsibility to teach civics and citizenship? How are current debates about education shaping the future of this democratic institution? Among the contributors are William Galston, Director of the Institute for Philosophy and Public Policy at the University of Maryland; Clarence Stone, Professor in the Department of Government and Politics at the University of Maryland, College Park, and editor of *Changing Urban Education* and *Regime Politics*; Governing Atlanta, 1946-1988; University Press of Kansas, 1998; Susan Moore Johnson, Pforzheimer Professor of Education in Learning and Teaching, Harvard University; Michael Johanek, Executive Director of K-12 Professional Development, College Board; Kathy Simon, co-executive director of the Coalition for Essential Schools and author of *Moral Questions in the Classroom*, Yale University Press, 2001; and Jennifer Hochschild, Professor of Government and Professor of Afro-American Studies at Harvard University and author of *Facing Up to the American Dream*, *Race Class*, and *The Soul of the Nation*, Princeton University Press, 1995.

Affluenza John de Graaf, David Wann, Thomas H. Naylor, 2014-02-03. A witty yet hard-hitting look at the symptoms, causes, and cures for America's addiction to buying more stuff. Library Journal. NEW EDITION, REVISED AND UPDATED. *Affluenza* is a painful, contagious, socially transmitted condition of overload, debt, anxiety, and waste resulting from the dogged pursuit of more. We tried to warn you. The 2008 economic collapse proved how resilient and dangerous *affluenza* can be. Now, in its third edition, this book can safely be called prophetic in showing how problems ranging from loneliness, endless working hours, and family conflict to rising debt, environmental pollution, and rampant commercialism are all symptoms of this global plague. The new edition traces the role overconsumption played in the Great Recession, discusses new ways to measure social health and success such as the Gross Domestic Happiness index, and offers policy recommendations to make our society more simplicity-friendly. The underlying message isn't to stop buying; it's to remember always that the best things in life aren't things. It is not a book that shakes a finger in our faces and reprimands hardworking Americans for wanting a little more comfort, elegance, and enjoyment; it creates something of real value: a new way of accounting for true happiness in our lives. Scott Simon, Weekend Edition host, NPR. *Affluenza* is a sober indictment of the excesses and sheer waste in our increasingly consumer-oriented society. We would all be well served to read the book and pass it on to relatives, friends, and neighbors in

the hopes of creating a great public conversation around how to eradicate the affluenza pandemic Jeremy Rifkin author of *The Third Industrial Revolution*
