Selling Out The Church The Dangers Of Church Marketing:

Selling Out the Church Philip D. Kenneson, Jim Street, 2003-07-24 Marketing the church is hot For many church leaders marketing might even be the first article of their creed which goes something like this We believe that our church determines its identity and mission through the tactics of marketing strategies Theologians Kenneson and Street offer a thoughtful and provocative protest with a foreword from Stanley Hauerwas The authors expose the theological presuppositions that inform the marketing project and help us to see that the marketer's presumption that form can be separated from content of the gospel betrays an understanding of the gospel that cannot help betraying the gift that is Christ The authors propose an alternative constructive account of the church's mission and purpose that is not based on exchange of value but on reminding us that the gospel is always a gift a gift that makes impossible any presumptions that there can be an exchange between human beings and God that is rooted in the satisfaction of our untrained needs The cross and resurrection challenge the world's understanding of what our needs should be

Selling out the church : the dangers of church marketing Philip D. ; Street Kenneson (James L.), 1997 *Church Advertising, Public Relations and Marketing in Twentieth-Century America* John C. Hardin, 2022-12-14 This book examines the complex relationship between religion and business in twentieth century America It is the story of how Christianity's most basic institution the local church wrestled with the challenges and compromises of competing in the modern marketplace through adopting the advertising public relations and marketing methods of business It follows these sacred promoters and their critics as they navigated between divinely inspired and consumer demanded Amid an animated and contentious battleground for principles practices and parishioners John C Hardin explores the landscape of selling religion in America and its evolution over the twentieth century

Marketing and Christian Proclamation in Theological Perspective Emily Beth Hill, 2021-06-28 In today's market driven world the contemporary church faces pressing questions as it continues to be formed by the powerful forces of neoliberal capitalism This book builds on theological examinations of capitalism and consumerism to develop a theology of marketing that addresses two key questions First even though church marketing seems to help churches grow amidst a climate of declining church affiliation should the church use it Second considering the church's indistinguishability from culture in relation to consumption how should Christians relate to material goods To address these questions Emily Beth Hill develops a framework that draws on the concrete practices of marketing such as focus groups big data branding and advertising and the trajectory of their use over time along with Martin Luther's theology of the Word Combining Martin Luther's pro me for me theology with marketing concepts Hill shows that while marketing and the gospel have formal pro me similarities materially they are quite different marketing operates as a word of law distinct from the effective liberating word of the gospel proclaimed for us and thus the two produce different human identities While existing examinations of capitalism primarily rely on theologies and discourses of desire Hill reveals that a theology of the Word illuminates a fruitful new area for reflection on how the church can resist

the deformations of capitalism Rediscovering Jesus David B. Capes, Rodney Reeves, E. Randolph Richards, 2015-07-08 Who is your Jesus This textbook introduction gives an enjoyable and challenging look at how we encounter Jesus in Scripture and our culture from the New Testament to the gnostic gospels historical Jesus studies Islam Mormonism Hollywood and Americana Follow the path to seeing Jesus truly and notice the difference it makes for faith and life *Church Planting in Post-Christian Soil* Christopher B. James, 2018 Defying predictions of the inevitable decline of Christianity in the US Church Planting in Post Christian Soil presents the untold story of new churches springing up in Seattle one of the most post Christian cities in the nation **Evangelicalism** Richard Kyle, 2017-09-20 Most forms of religion are best understood in the context of their relationship with the surrounding culture This may be particularly true in the United States Certainly immigrant Catholicism became Americanized mainstream Protestantism accommodated itself to the modern world and Reform Judaism is at home in American society In *Evangelicalism* Richard Kyle explores paradoxical adjustments and transformations in the relationship between conservative Protestant Evangelicalism and contemporary American culture Evangelicals have resisted many aspects of the modern world but Kyle focuses on what he considers their romance with popular culture Kyle sees this as an Americanized Christianity rather than a Christian America but the two are so intertwined that it is difficult to discern the difference between them Instead in what has become a vicious self serving cycle Evangelicals have baptized and sanctified secular culture in order to be considered culturally relevant thus increasing their numbers and success within abundantly populous and populist driven American society In doing so Evangelicalism has become a middle class movement one that dominates America's culture and unabashedly populist Many Evangelicals view America as God's chosen nation thus sanctifying American culture consumerism and middle class values Kyle believes Evangelicals have served themselves well in consciously and deliberately adjusting their faith to popular culture Yet he also thinks Evangelicals may have compromised themselves and their future in the process so heavily borrowing from the popular culture that in many respects the Evangelical subculture has become secularism with a light gilding of Christianity If so he asks can Evangelicalism survive its own popularity and reaffirm its religious origins or will it assimilate and be absorbed into what was once known as the Great American Melting Pot of religions and cultures Will the Gospel of the American dream ultimately engulf and destroy the Gospel of Evangelical success in America This thoughtful and thought provoking volume will interest anyone concerned with the modern day success of the Evangelical movement in America and the aspirations and fate of its faithful **The Routledge Companion to the Christian Church** Gerard Mannion, Lewis S. Mudge, 2007-12-12 Written by an international team of distinguished scholars this comprehensive book introduces students to the fundamental historical systematic moral and ecclesiological aspects of the study of the church as well as serving as a resource for scholars engaging in ecclesiological debates on a wide variety of issues **Appropriate Christianity** Charles H. Kraft, 2005-06-01 Appropriate Christianity consists of 28 chapters by 18 authors approaching contextualization in three dimensions truth allegiance and

spiritual power Over the years there have been quite a number of helpful discussions of the contextualization of theological truth Though we have been helped greatly by them it is high time we began to deal also with allegiance and spiritual power two additional dimensions that Jesus considered of great importance Any adequate and appropriate treatment of the contextualization of biblical Christianity needs to deal with all three of these crucial dimensions For allegiance to Christ is the basis for all we do that makes us Christian and Jesus was very much into spiritual power If we are to be truly biblical we must deal also with these areas This book is not a festschrift even though it is dedicated to Dr Dean S Gilliland who joined the faculty of Fuller s School of Intercultural Studies in 1977 and has since been developing an emphasis on teaching and research concerning contextualized theology This is a new textbook aimed at expanding our understanding of contextualization and better enabling us to effectively and appropriately communicate biblical Christianity

This Way to Youth Ministry Duffy Robbins, 2004 Practical applications theological foundations and valuable information for the student beginning a youth ministry

Ecclesial Leadership as Friendship Chloe Lynch, 2019-03-01 When it comes to talking about the activity of directing the church the language of leadership and leaders is increasingly popular Yet what is leadership and how might theological narratives better resource the discourse and practice of leadership in ecclesial contexts In identifying and critiquing managerialism as a dominant narrative of leadership in the Western church this book calls for an alternative approach founded on the concept of friendship Engaging with the wider field of leadership studies the book establishes an understanding of leadership activity and brings it into conversation with an incarnational ecclesiology The result is a prophetic reimagining of ecclesial leadership in terms of a relational kenotic praxis This praxis of mutuality and love is framed here in the rich language of Christian friendship The book also wrestles deeply with the embodiment of such a praxis making explicit the power behaviours typical of friendship leadership and offering constructive guidance for practitioners in the task of implementation within a complex and fractured world This book offers a new vision of the centrality of friendship to leadership of a healthy church community As such it will be of great use to scholars of practical theology ecclesiology and leadership as well as practitioners in church ministry

Losing Our Religion? Kevin Ronald Ward, 2013-10-22 Church going in most Western societies has declined significantly in the wake of the social and cultural changes that began in the 1960s Does this mean that people in these societies are losing any religious dimension in their lives or is it being expressed in other forms and places This study begins by looking at comparative data on how church going patterns have changed in five countries Britain the United States Canada Australia and New Zealand examining reasons for the decline how churches have responded to these changes and why some churches have shown greater resilience It then explores some of the particular challenges these changes pose for the future of churches in these societies and some of the responses that have been made drawing on both sociological and theological insights The conclusion is that despite the loss of belonging believing persists and religion continues to play a significant role in these societies mediated in a variety of diffuse cultural

forms Cases illustrating these changes are largely drawn from New Zealand which as the country most recently settled by Europeans has always been secular and thus provides helpful insights *Recovering Mother Kirk* Darryl Glen Hart, 2014-03-07 Liturgical Presbyterians No this is not an oxymoron D G Hart has written a lively polemic against the well intentioned dumbing down of worship by advocates of church growth This book is going to make some people very mad and it will make others very glad Those who have thrown away the theological substance of the great Reformed tradition of Christian worship ought to be mad Hart shames them And yet for those whose privilege it is to praise and serve God in a church that enjoys the Reformed way of worship in all its depth glory and joy this book is a great summons to faithfulness in our time WILLIAM H WILLIMON Duke Divinity School Beginning to realize just how much they have been shaped by non Reformed influences conservative Presbyterian and Reformed churches are now being forced to decide between a generic low church Protestantism a high church tradition or oddly enough a more traditional Reformed and Presbyterian approach D G Hart believes that Reformed theology provides resources not only for understanding that we are saved but also for how we worship and mature in the Christian faith There s a lot of wisdom here and whether one agrees or disagrees with Hart his well considered arguments cannot be responsibly ignored by adherents of Reformed Christianity MICHAEL HORTON Editor in Chief Modern Reformation Unabashedly writing to inform rouse and serve his fellow Presbyterians D G Hart has nonetheless produced a book that is properly and profoundly ecumenical Christians from all communions who take seriously the identity and nature of the church will learn from Hart s analysis of the complex arrangement under God of cult and culture form and content church and state praise and proclamation cross and crown Hart reminds us that the chronicles of the people of God always offer encouragement to strengthen feeble arms weak knees and lazy minds KEN MYERS host and producer of the Mars Hill Audio Journal Hart s book combines world class scholarship with keen social and ecclesiastical awareness and should be read and reread by those who want to transmit the piety and ethos of the Reformed tradition to the next generation TERRY L JOHNSON Independent Presbyterian Church Savannah Georgia **Who Do You Say That I Am?** Michael Root, James J. Buckley, 2014-09-03 No question is more central to Christian living preaching and theology than Jesus question to his disciples Who do you say that I am Some would have it that pastors and theologians biblical exegetes and historians dogmatic and moral theologians Catholic and Evangelical have more differences than similarities in the way Christians with such diverse vocations respond to Jesus question And there is little doubt that there sometimes seem to be unbridgeable gulfs between the way historians and believers Internet gossipers and preachers classical christological debates and present day praying and pastoral care implicitly or explicitly address the Lord s question But the authors here address these and other issues in ways that are remarkably convergent as if a Catholic and Evangelical theology for proclaiming and following Jesus today has emerged or is indeed emerging **The Relational Disciple** Joel Comiskey, 2009-11 You can also call 1 888 344 2355 Joel Comiskey Group Jesus lived with His disciples for three years and

taught them essential life lessons as a group After three years he commanded them to go and do likewise Matthew 28 18 20 Jesus disciplined His followers through relationships and He wants us to do the same We in the west on the other hand prepare lone ranger disciples based on our culture of individualism This book will detail how our culture of individualism has now turned into isolationism and that social relationships are at an all time low The church of Jesus Christ has also been negatively impacted through a brand of individualism that fails to truly make disciples This book will encourage Christ followers to allow God to mold them through the natural relationships of life family friends work relationships church cells etc It will explain how God uses the relationships in our lives to mold and shape us into His disciples The book will cover such themes as New Testament Community The Problem of Isolation Relationship with God Relationship with those closest to you spouse family Relationship with friends and work associates Relationships through small group ministry Relationships in the local church Relationships with the unchurched This book will demonstrate how God uses relationships to mold and shape followers of Jesus My hope is that God will use this book to help readers see that He is using the natural relationships in their lives to mold and shape them into followers of Jesus

Consuming Jesus Paul Louis Metzger, 2007-10-04 Foreword by Donald Miller Afterword by John M Perkins Many Americans think that race problems are a thing of the past because we no longer live under the Jim Crow laws that once sustained overt structures of segregation Unfortunately says Paul Louis Metzger today we live under an updated version of segregation through the subtle power of unchallenged norms of consumer preference Consumerism affects and infects the church reinforcing race and class divisions in society Intentionally or unintentionally many churches have set up structures of church growth that foster segregation such as appealing to consumer appetites Metzger here argues that the evangelical Christian church needs to admit this fault and intentionally move away from race class and consumer segregation Challenging the consumerism that fosters ethnic and economic divisions and distorts evangelical Christianity Consuming Jesus puts forth a theologically grounded call to restructure the church's passions and practices transforming the evangelical imagination around a nobler all-consuming vision of the Christian faith Visit the Consuming Jesus blog created by the The Institute for the Theology of Culture New Wine New Wineskins at <http://consumingjesus.org>

God's Word Alone---The Authority of Scripture Matthew Barrett, 2016-09-20 Scholar and pastor Matthew Barrett retraces the historical and biblical roots of the doctrine that Scripture alone is the final and decisive authority for God's people God's Word Alone is a decisive defense of the Bible as the inspired and inerrant Word of God Revitalizing one of the five great declarations of the Reformation sola Scriptura Barrett Analyzes what the idea of sola Scriptura is and what it entails clarifying why the doctrine is truth and why it's so essential to Christianity Surveys the development of this theme in the Reformation and traces the crisis that followed resulting in a shift away from the authority of Scripture Shows that we need to recover a robust doctrine of Scripture's authority in the face of today's challenges and why a solid doctrinal foundation built on God's Word is the best hope for the future of the church This book is an exploration

of the past in order to better understand our present and the importance of reviving this indispensable doctrine for the Christian faith and church today THE FIVE SOLAS Historians and theologians have long recognized that at the heart of the sixteenth century Protestant Reformation were five declarations often referred to as the solas These five statements summarize much of what the Reformation was about and they distinguish Protestantism from other expressions of the Christian faith that they place ultimate and final authority in the Scriptures acknowledge the work of Christ alone as sufficient for redemption recognize that salvation is by grace alone through faith alone and seek to do all things for God s glory The Five Solas Series is more than a simple rehashing of these statements but instead expounds upon the biblical reasoning behind them leading to a more profound theological vision of our lives and callings as Christians and churches

Popular Evangelicalism in American Culture Richard Kyle,2017-09-18 Popular Evangelicalism in American Culture explores the controversies complexities and historical development of the evangelical movement in America and its impact on American culture Evangelicalism is one of the most dynamic and growing religious movements in America and has been both a major force in shaping American society and likewise a group which has resisted aspects of the modern world Organised thematically this book demonstrates the impact of American culture on popular evangelicalism by exploring the following topics politics economics salvation millennialism the megachurch and electronic churches and popular culture This accessible and thought provoking volume will interest anyone concerned with the modern day success of the Evangelical movement in America **Death by Church** Mike Erre,2009-01-01 Examining how materialism and consumerism have made their way into the church a teaching pastor and author of Jesus of Suburbia reveals how Christians can more effectively demonstrate Christ s presence and how the church can cooperate with Jesus in the world in which they live Original

Memories, Hopes, and Conversations Mark Lau Branson,2004-06-01 A second edition of Memories Hopes and Conversations is now available With helpful updates throughout the new edition features five new chapters on Appreciative Inquiry applied in real congregations When First Presbyterian Church in Altadena California was asked to provide a mission study report for its pastor nominating committee the congregation was afraid they would find themselves engaging in busy work and producing a report that would wind up in a file gathering dust They then asked professor Mark Lau Branson to consult with them on writing this report He invited them to join in a process of Appreciative Inquiry a transformational organization change process which resulted in a major shift in congregational conversations and a new sense of hope Memories Hopes and Conversations recounts the experience of First Presbyterian and outlines a process that any congregation can utilize to harness the energies of the congregation at all levels of its common life Branson first leads readers through the foundations of Appreciative Inquiry and bracingly explores biblical texts for understanding the practice in a faith context He then outlines and illustrates a four step process Initiate Inquire Imagine Innovate that creatively employs constructive conversations and questions to evoke storytelling and spur imaginations Branson persuasively

demonstrates how concentrating on needs and problems can mire a congregation in discouragement and distract it from noticing innate strengths By focusing on memories of the congregation at its best members are able to construct provocative proposals to help shape the church s future Grounded in solid theory and real life practice Memories Hopes and Conversations is a groundbreaking work of narrative leadership and the first book to apply the principles of Appreciative Inquiry to the lives of congregations
