Selsey Tram:

The Selsey Tram David Bathurst,1992 The Selsey tramway was one of the most remarkable country railways in England Less than eight miles long it boasted no fewer than 11 stations It used antiquated engines and petrol railbuses and had an unenviable record of unpunctuality For most of its life it ran with no legality as a railway at all Yet in its 38 years it became a much loved institution that brought proper public transport to the peninsula for the first time After describing its origins the author recounts the life of its engineer Colonel Stephens which explains much of the line s eccentricity **Chichester Through Time** Philip MacDougall,2011-07-15 This fascinating selection of photographs traces some of the many ways in which Chichester has changed and developed over the last century To the Sea by Train Andrew Martin,2025-07-31 THE TOP TEN SUNDAY TIMES BESTSELLER Vividly conjures a lost age FINANCIAL TIMES Hugely entertaining EVENING STANDARD A feast of anecdotage SUNDAY TIMES Throughout the twentieth century the seaside service posters of Britain s railways promised fresh air and frivolity to millions of urban dwellers with the phrase To the sea by train A staple of modern British life the seaside getaway was intertwined with the train in whose compartments holidaymakers were shunted from smog choked cities to sandy coves With his signature wit and anecdotal style Andrew Martin captures an era defined by its railways from the development of Brighton and Scarborough into pleasure resorts and the introduction of bank holidays and two day weekends to the advent of cheap flights and the British coast s subsequent decline Humorous and evocative To the Sea by Train takes a charming tour through Britain s most beloved pastime A standalone classic COUNTRY LIFE Infectious SPECTATOR **The Railway Magazine** ,1927 Railway People George Turner Smith,2017-01-24 A railway is not just a collection of machines rails and buildings it is also about people Railway People tells of the wayward Bront brother Branwell and his extraordinary but short lived career as a station master It recounts some little known episodes in the lives of the great railway engineers including one concerning Isambard Brunel whose barmy army of navvies took part in the last pitched battle to be seen on British soil There are tales drawn from the diaries of the first railway police by turns humorous and gripping Much relate to railway s early days and describe the steep learning curve required of the world s first railwaymen as they engage with the novel technology By turn the stories are funny tragic and often surprising There is heroism in the mix the heroism of men such as 16 year old John Hackworth who led an expedition in winter across the snowy wastes of Russia to deliver the country s first steam locomotive to its purchaser Tsar Nicholas I fighting off packs of hungry wolves on the way There are twenty stories in total and all highlight some aspect of the lives of railway people with all their quirks faults mistakes genius and enterprise Much original research went into the production of these interesting informative stories Most of what appears was originally published in railway magazines such as Michael Blakemore s Backtrack and some was also published in an earlier incarnation of the book titled Those Railway People *Locomotive Railway Carriage and Wagon Review* ,1909 **Sussex Coast Through Time** Douglas d'Enno,2012-04-15 This fascinating selection of photographs traces
