Who's Who in Jewish History Joan Comay,2023-05-31 From Karl Marx to the Marx brothers the Routledge Who s Who in Jewish History presents a complete reference guide to over a thousand prominent men and women who have shaped Jewish culture Covering twenty centuries of Jewish history it provides detailed biographical information on each leading figure analysis of their role and significance both in Jewish life and the wider culture a comprehensive chronological table displaying the history of the Jewish race a useful glossary giving precise definitions of Jewish words **History in Exile** Pamela Ballinger,2018-06-05 In the decade after World War II up to 350 000 ethnic Italians were displaced from the border zone between Italy and Yugoslavia known as the Julian March History in Exile reveals the subtle yet fascinating

contemporary repercussions of this often overlooked yet contentious episode of European history Pamela Ballinger asks What happens to historical memory and cultural identity when state borders undergo radical transformation She explores displacement from both the viewpoints of the exiles and those who stayed behind Yugoslavia s breakup and Italy s political transformation in the early 1990s she writes allowed these people to bring their histories to the public eye after nearly half a century Examining the political and cultural contexts in which this understanding of historical consciousness has been formed Ballinger undertakes the most extensive fieldwork ever done on this subject not only around Trieste where most of the exiles settled but on the Istrian Peninsula Croatia and Slovenia where those who stayed behind still live Complementing this with meticulous archival research she examines two sharply contrasting models of historical identity yielded by the Istrian exodus those who left typically envision Istria as a pure Italian land stolen by the Slavs whereas those who remained view it as ethnically and linguistically hybrid We learn for example how members of the same family living a short distance apart and speaking the same language came to develop a radically different understanding of their group identities Setting her analysis in engaging jargon free prose Ballinger concludes that these ostensibly very different identities in fact share a startling degree of conceptual logic

Remember Me Davide Sisto, 2021-04-13 As the end of December draws near Facebook routinely sends users a short video entitled Your Year on Facebook It lasts about a minute and brings together the images and posts that received the highest number of comments and likes over the last year The video is rounded off with a message from Facebook that reads Sometimes looking back helps us remember what matters most Thanks for being here It is this looking back increasingly the focus of social networks that is the inspiration behind Davide Sisto s brilliant reflection on how our relationship with remembering and forgetting is changing in the digital era The past does not really exist it is only a story we tell ourselves But what happens when we tell this story not only to ourselves but also to our followers when it is recorded not only on our social media pages but also on the pages of hundreds or thousands of others making it something that can be viewed and referenced forever Social media networks are becoming vast digital archives in which the past merges seamlessly with the present slowly erasing our capacity to forget And yet at the same time our memory is being outsourced to systems that we don t control and that could become obsolete at any time cutting us off from our memories and risking total oblivion This timely and thoughtful reflection on memory and forgetting in the digital age will be of interest to students and scholars in media studies and to anyone concerned with the ways our social and personal lives are changing in a world increasingly shaped by social media and the internet

Religion as Art Thomas R. Martland, 1982-06-30 Religion in its most authentic part is an art form Religion does what art does This idea is richly illustrated and supported by materials of diverse origin The vast range of the author s experience in the arts and in religious texts and works of aesthetics allows him to lay hold of a great mass of disparate material and to bring out new dimensions in all of it He always has just the example he needs at his fingertips a Tibetan Buddhist text next to a French impressionist painting and a remark about early

Banogu counterpoint and each example is seen in a new and interesting way Through this gentle yoking together of heterogeneous materials common roots are discovered Most studies of art and religion describe and explain them as data Thomas Martland identifies them as expressions of ideals and asks what they are when they are authentic rather than merely what they are when they are self identified as art and religion This is an identification through assessment not an Aristotelian classification and the means of assessment are provided *Short Sentimental Journey and Other Stories* Italo Svevo,1967

Nietzsche's Last Laugh Nicholas D. More,2014-03-27 This book demonstrates that Nietzsche s autobiographical and much maligned *Ecce Homo* is a sophisticated satire by which the thinker unifies his disparate corpus *The Literary and Cultural Reception of Charles Darwin in Europe* Thomas F. Glick,Elinor Shaffer,2014-05-22 Beyond his pivotal place in the history of scientific thought Charles Darwin s writings and his theory of evolution by natural selection have also had a profound impact on art and culture and continue to do so to this day *The Literary and Cultural Reception of Charles Darwin in Europe* is a comprehensive survey of this enduring cultural impact throughout the continent With chapters written by leading international scholars that explore how literary writers and popular culture responded to Darwin s thought the book also includes an extensive timeline of his cultural reception in Europe and bibliographies of major translations in each country "This England is So Different--" Italo Svevo,2003 This is the first time that the personal letters and writings of Italian Novelist Italo Svevo have been brought together into one volume These writings cover the period 1901-1926 during which Svevo stayed in London Under his real name of Ettore Schmitz he managed a factory in Charlton that manufactured underwater paints for the Royal Navy Svevo was perpetually surprised by England which he admired and criticised in equal measure His letters to his wife chronicle his day to day life in Charlton The writings are intriguing because they reveal a different side of the novelist and allow a glimpse of how his English experiences filtered through into his fiction writing

The Forsyte Saga John Galsworthy,2002 With a new Introduction by Professor Cedric Watts M A Ph D *The Forsyte Saga* is Galsworthy s enduringly popular masterpiece Initially the plot centres on Soames Forsyte a successful solicitor living in London with his beautiful wife Irene A pillar of the late Victorian upper middle class wealthy and well connected he seems to lead an enviable life But beneath the respectable exterior lie acute tensions and frustrations The marriage of Soames and Irene culminates in sexual violence and recriminations The consequent feud within the family will be long lasting with ironic and dramatic outcomes In *The Forsyte Saga* John Galsworthy analyses the achievements confusions and hypocrisies of an era This renowned chronicle of a divided dynasty repeatedly filmed and televised has engrossed audiences internationally
