Backpacker ,1985-05 Backpacker brings the outdoors straight to the reader s doorstep inspiring and enabling them to go more places and enjoy nature more often The authority on active adventure Backpacker is the world s first GPS enabled magazine and the only magazine whose editors personally test the hiking trails camping gear and survival tips they publish Backpacker s Editors Choice Awards an industry honor recognizing design feature and product innovation has become the gold standard against which all other outdoor industry awards are measured New York Magazine ,1991-01-14 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *My Little Journal of Out-of-Body Experiences* Denise Martinson,2009-11 This is not a book about how to teach out of body experiences OBEs There are many good books already written on how to induce them It is not about the history of OBEs Even though there have been numerous studies in the field that still challenges nonphysical existence such as near death experiences NDEs and other metaphysical subjects it is the OBE that aids in our growth and development and most especially our awareness about eternity Scientists who are unable to solve out of body experiences or near death experiences try to explain them as the body s way of tricking itself into believing it lives after death They say it is the loss of oxygen to the brain or a psychological episode that causes hallucinations When in truth we leave our bodies every single night not under any defense apparatus but our natural nightly ritual called dreams which are really out of body experiences In fact an NDE is not necessary in order to have an OBE or being ill or under drugs but they still may bring them on Some researchers believe the mind separates while in the OBE or altered state of consciousness This is because consciousness has the ability to be in two places at once Just like when we were born we had to grow and learn and while this was happening the mind acquired new knowledge as it traveled on the other side In other words our soul stays with the body except during an OBE until we pass over because it is the body that shuts down and dies not the soul or consciousness It releases itself completely to the other side after death During an OBE I still had my body all five of my senses and an extremely alert and a sharp mental state They have helped me to never fear death In fact each experience enriched my life even more Especially when I was quiet and was able to tune into the energy within where I easily entered other dimensions and received guidance Believe me it is not easy to write a book about OBEs It is not an everyday subject to focus on or for us to understand But once the reader enters my journal of out of body experiences they will journey with me to the other side visit other dimensions see the light and hopefully be able to understand their own spirituality along the way Note The Brain Bits sections have the most information and answers many questions Even the great Edgar Cayce once said that other people could leave their bodies like he did **Fashion &**

Merchandising Fads Frank Hoffmann, Beulah B Ramirez, 2014-06-23 Fads by nature and by definition are hard to capture yet Hoffmann and Bailey have captured over one hundred of the passing fashion fancies and merchandising miracles during America's short history in their latest collection of fads *Fashion Merchandising Fads* Life devoid of fads is impossible to imagine and the fads that do enter our lives become vehicles for amusement upon retrospection How long any fad stays in vogue is anybody's guess but Hoffmann and Bailey have again found those fads that somehow took root and flourished if only for a short period of time in America Concise entries describe each fad from its beginning to its demise and its devout followers Readers are sure to recognize many of the trends and fads collected in *Fashion Merchandising Fads* A browse through the contents will have readers smiling as they remember Alex Stroh's Beer Drinking Dog and Baby On Board Stickers Barbie Dolls and Celebrity Perfumes Convertibles Digital Watches and Drive In Banking Garfield G I Joe and Handbags for Men Knickers and Matchbox Cars The Model T and the Mustang Paper Dolls and Rubik's Cube Silly Putty the Slinky and Synthetics in Clothes Top Hats the Trilby and Twiggy VCRs Yuppies and Zubaz Each fad featured in *Fashion Merchandising Fads* is examined thoroughly and concisely by the authors They look at the historical setting how the trend became popular and the people most fascinated and involved with the trend References follow each entry to make further reading on each fad a relatively easy task for those intrigued by fads As fads enter and encompass society for a period of time this collection of fads arranged alphabetically is sure to captivate readers from beginning to end or in a world of fads from the A 2 Flight Jacket to the Zipper
