Canadian literary scholars Documents the rapid development of Canadian fantasy and science fiction from the early 1980s to the beginning of the twenty first century **The Political Uses of Literature** Benjamin Kohlmann,Ivana Perica,2024-01-11 Drawing on a global history of politicized writing this book explores literature s utility as a mode of activism and aesthetic engagement with the political challenges of the current moment The question of literature s uses has recently become a key topic of academic and public debate Paradoxically however these conversations often tend to bypass the rich history of engagements with literature s distinctly political uses that form such a powerful current of 20th and 21st century artistic production and critical theoretical reflection The Political Uses of Literature reopens discussion of literature s political and activist genealogies along several interrelated lines As a foundational moment it draws attention to the important body of interwar politicized literature and to debates about literature s ability to intervene in social reality It then traces the mobilization of related conversations and artistic practices across several historical conjunctures most notably the committed literature of the 1960s and our own present In mapping out these geographically and artistically diverse traditions including case studies from the Americas Europe Africa India and Russia contributors advance critical discussions in the field making questions pertaining to politicized art newly compelling to a broader and more diverse readership Most importantly this volume insists on the need to think about literature s political uses today at a time when it has become increasingly difficult to imagine any kind of political efficacy for art even as the need to do so is growing more and more acute Literature may not proffer easy answers to our political problems but as this collection suggests the writing of the 20th century holds out aesthetic resources for a renewed engagement with the dilemmas that face us now *Novel and Short Story Writer's Market '98* Donya Dickerson,Megan Lane,1998-01-15 This authoritative guide features 2 200 book and magazine markets seeking every kind of fiction including literary mainstream romance mystery religious historical westerns and more Listings provide complete information on each publisher s specific requests payment policies and submission guidelines so you can target the best leads for your novel or short story And a comprehensive Category Index sorts listings by fiction type for quick referencing Book jacket [Short Story International](#) Sylvia Tankel,1980 **Subject Index of Modern Books Acquired** British Library,1965 **Jewish Antifascism and the False Promise of Settler Colonialism** Max Kaiser,2022-10-29 This book takes a timely look at histories of radical Jewish movements their modes of Holocaust memorialisation and their relationships with broader anti colonial and anti racist struggles Its primary focus is Australia where Jewish antifascism was a major political and cultural force in Jewish communities in the 1940s and early 1950s This cultural and intellectual history of Jewish antifascism utilises a transnational lens to provide an exploration of a Jewish antifascist ideology that took hold in the middle of the twentieth century across Jewish communities worldwide It argues that Jewish antifascism offered an alternate path for Jewish politics that was foreclosed by mutually reinforcing ideologies of settler colonialism both in Palestine and Australia **Index to Science Fiction Anthologies and Collections** William Contento,1978
