Short Term Psychotherapy And Emotional Crisis 197:

Short-Term Dynamic Psychotherapy Peter E. Sifneos, 2013-11-22 xii the evaluations techniques and outcome have helped to document the efficacy of their therapeutic modalities In addition many good books and articles have been published introducing new concepts such as the importance of systematic case studies and personality styles by Horowitz a variety of brief therapies by Budman and an integrating model of time limited psychotherapy by Strupp to mention only a few The investigation of the efficacy of short term anxiety provoking psychotherapy STAPP which is the subject of this book has continued during the last eight years particularly in reference to patients with unresolved Oedipal conflicts The chapter on outcome has therefore been expanded to include some of our findings Cautious attempts have also been made to utilize focal and innovating techniques for the treatment of individuals with borderline as well as compulsive personalities In this second edition an effort has been made to present the specific technical factors which seem to have a therapeutic effect such as problem solving self understanding and new learning and which are utilized by the patients to solve new emotional conflicts long after the end of their treatment Chapters on the treatment of elderly patients and the handling of individuals with physical symptomatology have been added a history of the extensive treatment of a male patient has been presented to complement the discussion of the therapy of my female patient which appears in Appendix I *Dynamic Therapy in Brief* Hospi John M. Oldham, Mark L. Russakoff, 1977-07-07 In an original integration of the medical model and therapeutic community approaches to hospital milieu treatment Oldham and Russakoff present both a systematic theory for acute hospital treatment and its practical application spelled out in great detail without lowering the high level of their narrative to a cookbook approach to treatment **A Study of Brief Psychotherapy** D. H. Malan, 2013-10-11 Tavistock Press was established as a cooperative venture between the Tavistock Institute and Routledge Kegan Paul RKP in the 1950s to produce a series of major contributions across the social sciences This volume is part of a 2001 reissue of a selection of those important works which have since gone out of print or are difficult to locate Published by Routledge 112 volumes in total are being brought together under the name The International Behavioural and Social Sciences Library Classics from the Tavistock Press Reproduced here in facsimile this volume was originally published in 1963 and is available individually The collection is also available in a number of themed mini sets of between 5 and 13 volumes or as a complete collection

Doing More with Less Barbara Dane, Carol Tosone, Alice Wolson, 2001 Confronting the challenge to provide sound clinical treatment in brief therapy this timely book will enrich the practices of all psychotherapists Designed and arranged according to the DSM IV diagnostic categories each chapter addresses the short term treatment of a specific condition or patient population Starting from the premise that psychodynamically trained clinicians already possess the requisite skills to conduct short term treatment the editors demonstrate how to adapt these skills to a time limited approach **Focused Group Analytic Psychotherapy** Steinar Lorentzen, 2022-03-14 This practical text lays out a new form of focused time limited group

analytic psychotherapy built on new and existing research and integrating clinical experience from across the field Presented in three parts Focused Group Analytic Psychotherapy clearly introduces the therapeutic approach fully explores all the elements involved from considering suitable patients to composing the group and the role of the therapist and provides an in depth examination of clinical quality assurance research and the integration of supervision Peppered with examples and vignettes from carefully designed research by the author and others the chapters demonstrate how this approach can be used in group therapy with patients facing specific psychological problems symptomatic distress and or a problematic relationship to self or others This book will be an essential guide for psychotherapists who have primarily focused on individual psychotherapy and who want to learn more about groups and to those including group analysts who have experience with long term groups and want to learn more about time limited groups **Affect Regulation Training** Matthias Berking, Brian Whitley, 2014-08-30 Emotion Regulation is currently one of the most popular topics in clinical psychology Numerous studies demonstrate that deficits in emotion regulation skills are likely to help maintain various forms of psychological disorders Thus enhancing emotion regulation has become a major target in psychotherapeutic treatments For this purpose a number of therapeutic strategies have been developed and shown to be effective However for practitioners it is often difficult to decide which of these strategies they should use or how they can effectively combine empirically validated strategies Thus the authors developed the Affect Regulation Training as a transdiagnostic intervention which systematically integrates strategies from cognitive behavior therapy mindfulness based interventions emotion focused therapy and dialectical behavioral therapy The effectiveness of ART has been demonstrated in several high quality studies **Brief Interventions and Brief Therapies for Substance Abuse** Kristen Lawton Barry, 1999 This TIP presents the historical background outcomes research rationale for use and state of the art practical methods and case scenarios for implementation of brief interventions and therapies for a range of problems related to substance abuse This TIP is based on the body of research conducted on brief interventions and brief therapies for substance abuse as well as on the broad clinical expertise of the Consensus Panel Because many therapists and other practitioners are eclectically trained elements from each of the chapters may be of use to a range of professionals **Paradigms of Clinical Social Work** Rachelle A. Dorfman, 2015-11-17 This fully integrated volume written by the leading experts in the field of social work presents a wide range of therapeutic paradigms Especially noteworthy is the common framework provided for all paradigms discussed thus facilitating comparison and contrast between each approach These paradigms include cognitive brief oriented and psychosocial therapies as well as Adlerian theory and radical behaviorism **The International Journal of Indian Psychology, Volume 3, Issue 2, No. 2** IJIP.In, 2016-01-15 This Issue Volume 3 Issue 2 No 2 Published January 2016 from The International Journal of Indian Psychology www.ijip.in **Short-term Psychotherapy and Emotional Crisis** Peter Emanuel Sifneos, 1972 Peter Sifneos describes a type of active and brief psychotherapeutic intervention which he believes is

tremendously useful for selected patients with circumscribed emotional difficulties The therapist assists the patient in defining the conflict underlying his dilemma and helps him learn to solve his emotional problems As a result of this novel educational experience the patient is able to use these newly acquired techniques to deal with other hazardous situations after the end of treatment Indeed the author maintains the treatment is similar to an immunization procedure that enables certain individuals to prevent the development of emotional difficulties in the future Dr Sifneos describes two forms of this short term therapy crisis intervention and anxiety provoking with emphasis on the latter and presents in detail the theoretical background criteria for selection of appropriate patients technique and illustrative case material *Crisis Intervention, Book 2* Howard J. Parad, Libbie G. Parad, 1999 Essentials of Crisis Counseling and Intervention Donald E. Wiger, Kathy J.
