**101 Rules to Being the Champion of Your Own Life** Jolie Glassman, 2021-12-21 All of us fight. We fight for the things we believe in. We also fight for those we love, and at times we need to fight against our toughest opponent: ourselves. In *Life According to the Rules of Boxing*, author Jolie Glassman offers a curriculum for life, discussing how to live your life like a boxer and be the champion fighter of your own life. You are the hero you have been waiting for; it is your future self. The guide presents 101 rules to live life like a boxer who trains to be a champion and becomes one. It offers tips and advice to help you become stronger, fitter, faster, better, and wiser in mind, body, and spirit. Each rule is paired with a famous boxer's quote, and Glassman recommends being with the rule, reflecting on if you currently possess the skill or trait, and if not, how you will begin to incorporate it in your life and embody it. *Life According to the Rules of Boxing* is a catalyst to open your eyes to the choices champions make while inspiring you to do the same. Our emotional intelligence (EI) is an intensely personal inner landscape. It is an intricate interplay of self-regard, empathy, resilience, and other key competencies essential to leading a fulfilled and balanced personal and professional life. While it is unique for each one of us, taking into account our formative experience growing up and the myriad of others' experiences we encountered up to this moment in time, there are specific emotions and behaviors that suggest we either are or are not socially and emotionally balanced. Our personal history is inescapable; what is not is our ability to direct the life we want from this point forward. Yet the measure of emotional intelligence largely has been the province of educators, CEOs, entrepreneurs, and human resources professionals. They are keenly interested in how the concept plays out in educational and professional settings, and their assessments aim at

maximizing organization integration and performance The problem is clear If emotional intelligence is rooted in the individual how can we use its assessment as a map for self understanding and as leverage to immediate and future growth A strong hunger exists among ordinary people to harness the extraordinary power of emotional intelligence as a pathway to personal transformation Guides to accomplish this vital task in personal growth are few While there is a great deal written about emotional intelligence a gap exists demonstrating what it looks and feels like to achieve and maintain emotional intelligence especially if our formative years were paved with drama trauma and disappointment This book brings to the reader how an emotionally intelligent life can be achieved if there is a desire for it
