Richard K. Stevenson

Shostakovich String Quartet No 8 Landmarks In Music Since 1950

JS Bruner

Shostakovich String Quartet No 8 Landmarks In Music Since 1950:

Shostakovich: String Quartet No. 8 David J. Fanning, 2004 *Shostakovich: String Quartet No. 8* David J. Fanning, 2004
When it was first performed in October 1960 Shostakovich's Eighth String Quartet was greeted with a standing ovation and given a full encore Its popularity has continued to the present day with over a hundred commercial recordings appearing during the last 40 years The appeal of the work is not hard to identify immediately communicative the quartet is also made up of rich seams of deeper meaning This book is the first to examine its musical design in detail and it seeks to overthrow the charges of superficiality that have arisen as a result of the work's success The core of this study is the close analysis of the work but this is placed in context with a discussion of Shostakovich's reputation and historical position the circumstances of the quartet's composition and the subsequent controversies that have surrounded it The work was composed during the so called Thaw years of the Soviet Union and the cultural and political backgrounds of this period are considered together with an assessment of Shostakovich's life and work during this time David Fanning argues persuasively that the Eighth String Quartet is a landmark in twentieth century music in its transcendence of the extra musical meanings that it invokes that it is music that liberates itself from the shackles of its context The book features an accompanying CD of the work **String Quartets** Mara Parker, 2013-05-13 This research guide is an annotated bibliography of sources dealing with the string quartet This second edition is organized as in the original publication chapters for general references histories individual composers aspects of performance facsimiles and critical editions and miscellaneous topics and has been updated to cover research since publication of the first edition Listings in the previous volume have been updated to reflect the burgeoning interest in this genre social aspects newly issued critical editions doctoral dissertations It also offers commentary on online links databases and references **Olivier Messiaen** Peter Hill, 2007 Olivier Messiaen's *Oiseaux exotiques* is arguably the first of Messiaen's major works to create a successful synthesis between his music and his passion for ornithology Messiaen regarded birdsong as music a belief that led for a time to an obsession with truth to nature Here Peter Hill and Nigel Simeone provide the background to *Oiseaux exotiques* discussing Messiaen's relations with the 1950s avant garde and his involvement with the concerts of the Domaine musical for which *Oiseaux exotiques* was composed The authors analyse Messiaen's compositional methods in unprecedented detail and trace step by step the evolution of musical ideas from first notation to finished score *Engaging Music* Deborah Jane Stein, 2005 This collection of 21 model essays written by contemporary North American scholars in music theory is designed to provide advanced undergraduates and graduates majoring in music with exemplary models of music analysis The book would be a useful supplement to the scores that are studies in upper level Form and Analysis courses DSCH Journal, 2004 **Bibliographic Guide to Music** New York Public Library. Music Division, 2004 *American Book Publishing Record*, 2003 International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences, 2006 **2006/2007**
