Cruising World ,1988-07 Cruising World ,1988-07 Introduction to The Last of Us (TV series) Gilad James, PhD, The Last of Us is an upcoming TV series adaptation of the popular video game developed by Naughty Dog and published by Sony Computer Entertainment The game was released in 2013 and quickly gained a strong following for its narrative characters and gameplay It takes place in a post apocalyptic world where humanity has been decimated by a fungal outbreak that turns people into zombie like creatures The story follows Joel a smuggler and Ellie a teenage girl as they journey across the United States in search of safety The TV series will be produced by HBO with Neil Druckmann who was the writer and creative director of the game serving as one of the executive producers Craig Mazin who wrote and produced the critically acclaimed Chernobyl will be the showrunner The series is highly anticipated by fans of the game who are eager to see how the story and characters will be adapted for television So far there is no release date for the series but it is expected to premiere sometime in 2022 **The world's show, 1851: or, The adventures of Mr. and Mrs. Sandboys and family ...** Henry Mayhew, George Cruikshank, 1851 **Ski** ,1990-06 Film Histories Paul Grainge, 2007-01-11 An introduction to film history this anthology covers the history of film from 1895 It is arranged chronologically and each chapter contains an introduction on the key developments within the period Various types of film history are undertaken to enable students to become familiar with different types of film historical research **Surveillance on Screen** Sébastien Lefait, 2013 The theme of surveillance has become an increasingly common element in movies and television shows perhaps as a response to the sense that the world is now virtually under watch But the recent surge of this filmic device calls for an explanation that transcends the basic assumption that media illustrates the changes of society The persistent and growing presence of surveillance in cinematic productions is not merely a reflection of the advent of surveillance societies but rather an aesthetic adaptation to the evolution of watching patterns In Surveillance on Screen Monitoring Contemporary Films and Television Programs Sébastien Lefait examines this ever increasing phenomenon Drawing on the rapidly developing field of surveillance studies Lefait offers an in depth analysis of television shows and films which complement current theoretical approaches to those subjects This unique combination of surveillance theories with the latest concepts of film television and Internet studies is based on a large and diversified range of popular series and films including the shows 24 Lost and Survivor as well as such films as Minority Report Paranormal Activity The Truman Show and the on screen version of George Orwell's Nineteen Eighty Four Written from a perspective that does not limit itself to a reflection of society approach this book explores both how cinema shapes our experience of surveillance and how surveillance influences our viewing of cinema Lefait follows the various identifiable stages in cinema's experimental use of surveillance studying the impact of technology on both the watcher and the watched In addition to film and media studies this book will be of interest to those engaged in information technology sociology and of course surveillance studies The Shuberts and Their Passing Shows Jonas

Westover,2016-10-04 The Shubert name has been synonymous with Broadway for almost as long as Broadway entertainment itself With seventeen Broadway theatres including the Ambassador the Music Box and the Winter Garden The Shubert Organization perpetuates brothers Lee and Jacob Shubert s business legacy In *The Shuberts and Their Passing Shows The Untold Tale of Ziegfeld s Rivals* author Jonas Westover investigates beyond the Shuberts business empire into their early revues and the centrifugal role they played in developing American theatre as an art form The Shubert produced revues titled *Passing Shows* were terrifically popular in the teens and twenties consistently competing with Florenz Ziegfeld s *Follies* for the greatest numbers of stars biggest spectacles and ultimately the largest audiences *The Shuberts and Their Passing Shows* is the first ever book to unpack the colorful history of the productions delving into their stars costumes stagecraft and orchestration in unprecedented detail Providing a fresh and exciting window into American theatrical history Westover traces the fascinating history of the Shuberts revue series presented annually from 1912 1924 and covers more broadly the glorious days of early Broadway In addition to its compelling history of Broadway s Golden Age *The Shuberts and Their Passing Shows* also provides a revisionary argument about the overarching history of the revue Bolstered by a rich collection of documents in the Shubert Theater Archive Westover argues against the popular misconception that the Shubert s competitor producer Florenz Ziegfeld responsible for the better known *Follies* was the sole proprietor of Broadway audiences As Westover proves not only were the *Passing Shows* as popular as the *Follies* but also a key component in a history of the revue that is vastly more complex than previous scholarship has shown *The Shuberts and Their Passing Shows* brings to fruition years of original research and invaluable insights into the gilded formation of present day Broadway
