All that matters is that your e-business is failing to deliver and that you need to hold someone accountable. Meaningful Service Level Agreements (SLAs) are unambiguous, comprehensive and enforceable. SLAs commit suppliers to a defined quality of service; failure to meet explicit service levels can result in penalties or even legal action. Spectacular losses often follow e-business outages, particularly when SLAs are not in force. The biggest hit is not necessarily loss of income or profit but impact on stock values, especially when markets are skittish. Some losses have exceeded 40 million with stock values falling by 26%. This new book offers the keys to effective SLAs with Internet Service Providers (ISPs) and Application Service Providers (ASPs) which can go a long way toward averting catastrophic losses as well as day-to-day headaches.      *The Online Hustle* Melanie V Shabangu, Angelos Katsaris, 2020-12-13 After years of running their own successful global accounting and e-commerce advisory practice and inspiring thousands of entrepreneurs to expand and globalise their own e-commerce businesses, Dr Angelos Katsaris and Melanie V Shabangu set their minds to writing this essential book.
