Shrimad Bhagavad Gita Gopal Mayekar,2003 This book is an humble adventure in explaining the core contents of the Bhagavad Gita to commonplace but curious admirers Author s aim is not to compete with the scholarly works on Gita but to present a pragmatic view to those who as beginners are eager to acquaint themselves with this great book with a desire to learn the basic tenents of Indian philosophy and its ethics Since the Gita philosophy is nowadays becoming strange to our own people it can be safely presumed that this humble trial will also be useful to them especially to Indian youth who have lost their identity in the present day turmoil **Shrimad-Bhagavad-Gita** Swami Swarupananda,1956

Bhagavad Gita for All with Analysis Dharam Vir Mangla, 2019-02-06 Nearly 5250 years ago Just before Mahabharata War at Kurukshetra in India the Lord Krishna bestowed His divine discourse to motivate and uplift the depressed Arjuna This discourse is one of the supreme divine Scriptures from the Lord Himself directly to the entire humanity is known as Srimad Bhagwad Gita After Mahabharata war the great writer Ved Vyas orally narrate and Lord Ganesha wrote Srimad Bhagwad Gita and most of the Hindu Scriptures also The existence of prehistoric super human Scriptures which no ordinary human including the scientists mind can write is the undisputed proof of the Avataras of Lord in human forms Srimad Bhagwad Gita is written originally in Sanskrit by Bhagwan Ved Vyas has been translated by so many esteemed writers But in my opinion none have tried to relate it with the latest cosmological and scientific discoveries With my scientific background I have tried to synthesis it with sciences and have given my scientific analysis also There shouldn t be any contradiction between Sciences and our Scriptures God is one and also the creator of all the scientific laws chemical physical properties to matter and how the partials react with each other It is astoning that the entire matter and different particles are just alike everywhere in the vast universe Certainly the entire universe is creation of one Supreme Brahman and it is inside Him It can never go outside the Brahman Bhagwad Gita is not an exclusive private property of Hindu s alone but all humans on entire earth have equal right over it Moreover it is a knowledge directly transferred to humans by God Himself it can never be wrong Readers should read Srimad Bhagwad Gita daily starting with chapter one in a sequence in a lonely secluded place and try to digest it throughout the day You will not be able to follow if you don t read it in sequence It is also a wonder how could the great Ved Vyas sitting in a cave and his disciple Sanjay sitting in Palace with Dhritarashtra could know the each and every moment happenings during the Mahabharata war and write it exactly later sitting in a cave without collecting information from anywhere Sciences were not so advanced those days but the Spiritual Science was definitely very advanced

The Illustrated Bhagavad Gita Ranchor Prime, 2003 The Bhagavad Gita

is the single greatest theological and philosophical text to come out of ancient India. It addresses life's most difficult dilemmas such as how to deal with adversity and how to find peace of mind while living in a tumultuous world. This brand new translation into English is unique in that it complements the text's ancient wisdom with inspirational illustrations. Translator Ranchor Prime has transformed an often obscure original text into language that retains the Bhagavad Gita's poetry yet is clear and easy to understand for today's readers. His commentaries explain concepts of Hindu philosophy for instance karma and reincarnation which are fundamental to the reader's overall understanding. The Bhagavad Gita is arranged as a conversation consisting of questions and answers between God or Krishna and the human soul represented by Arjuna. This translation presents all 700 verses of the original text divided into 18 chapters and taking the form of 140 daily meditations. The book also includes a glossary of Hindu terms and an index. Approximately 120 beautiful color illustrations capture the spirit of this holy text.

The Bhagavad Gita for Daily Living, Volume 1 Eknath Easwaran, 2020-11-10. A comprehensive manual for living a spiritual life based on a verse by verse commentary on India's timeless scripture from the author of its best selling translation. This ebook includes all three volumes in this series. The Bhagavad Gita is set on the battlefield of an apocalyptic war between good and evil. Faced with a dire moral dilemma the warrior prince Arjuna turns in anguish to his spiritual guide Sri Krishna for answers to the fundamental questions of life. Easwaran points out that Arjuna's crisis is acutely modern. The Gita's battlefield is the struggle for self mastery that every human being must wage. Arjuna represents each of us and Sri Krishna is the Lord instructing us in eighteen chapters of lofty wisdom as we face the social environmental and global challenges that threaten our world today. Easwaran is a spiritual teacher and author of deep insight and warmth. His verse by verse commentary interprets the Gita's teachings for modern readers explaining the Sanskrit concepts and philosophy and applying them with practicality, wisdom and humor to every aspect of our work, our relationships and our lives. With everyday anecdotes, stories and examples he shows that the changes we long to see in the world start with the transformation of our own consciousness. The practical exercises recommended by Easwaran to achieve transformation are part of a spiritual program he developed for his own life. They are accessible to people from all backgrounds and cultures. Urging us to adopt a higher image of the human being he assures us that peace and unity are within reach. Each volume of this series covers six chapters of the Gita. Each may be read on its own but all three volumes together form an in depth verse by verse explanation of this ancient scripture and its relevance today. Included are instructions in Easwaran's universal eight point program of passage meditation.

Volume 1: The first six chapters of the Gita explore the concept of the innermost Self and source of wisdom in each of us. Easwaran explains how we can begin to transform ourselves even as householders engaged in busy lives.

Volume 2: The next six chapters of the Gita go beyond the individual Self to explore the Supreme Reality underlying all creation. Easwaran builds a bridge across the seeming divide between scientific knowledge and spiritual wisdom and explains how the concept of the unity of life can help us in all our relationships.

Volume 3: The final six

chapters put forth an urgent appeal for us to begin to see that all of us are one to make the connection between the Self within and the Reality underlying all creation Global in scope the emphasis is on what we can do to make a difference to heal our environment and establish peace in the world Easwaran's commentary is for all students of the Gita whatever their background and for anyone who is trying to find a path to wisdom love and kindness in themselves and our troubled world Written as an authoritative accessible guide to a much loved scripture it is a handbook for finding peace and clarity within This second edition incorporates revisions made across all three volumes following the author's final instructions

Easy Bhagavad Gita Maharudra Chakraborty, 2019-06-21 Easy Bhagavad Gita A Translation in Simple English Bhagavad Gita is one of the most celebrated sacred scriptures in Hinduism More appropriately someone can say the Bhagavad Gita a small part of the vast Hindu scripture Mahabharata It is the ultimate knowledge that was delivered to Arjuna just before the start of Mahabharata war by lord Krishna It consists eighteen chapters and seven hundred verses in total Each chapter has its own essence If someone can consume the full knowledge of Bhagavad Gita and leads his life accordingly no doubt his life will be

easier than before It is the key of ultimate success in life There are numerous other translations also available in the market But there is a problem Since it was originally written in an obsolete language Sanskrit other authors tried to translate it maintaining the exact grammar and exact depiction of English words from Sanskrit As a result it becomes very difficult to understand for common people The same is true when you try to read Bhagavad Gita in your mother language also Thus the final result is that you are able to half understand this book and other half remain beyond your realization This translation is made very easy way in English language so that even children can understand it This book is written in a story telling way thus you will not feel any pressure in your mind while reading it and you will be able to understand the whole book perhaps for the first time This book is even easier than those translations in your mother language Moreover this book is not only a religious book It is a philosophy of life which is needed to know everyone in the world irrespective to his religion The Bhagavad Gita has the answers to the following questions How to do a work efficiently Why do people suffer in their lives How to get escape from the sufferings in life How to control your mind How to concentrate your mind in any subject How to achieve liberation How to gain knowledge What is the ultimate goal in life How to lead a happy and peaceful life How to get satisfaction in life How to attain success How to become a good human being And there are many more solutions for your life that you are searching for I hope you will become a different person when you will finish this book
