The Wizard Without a Wand - Book 6 Dale Stubbart, The Tensome are back at Wizard school for their fourth and final year When they graduate they will be Wizards What obstacles and opportunities lie in their path Before they return the Tensome are determined to get Shmedley a Wand This is his last year of Wizard School He really needs to have a Wand Shmedley has made it through three years of Wizard School very successfully without having a Wand But the Tensome think that he'll really need to have one this year And besides he's been without a Wand for too long And if you think that's bad for Shmedley what about the poor author What will we find out about Shmedley's Parents this year I mean what will we find out about those impostors who pretended to be his parents until they could ship him off to Wizard School And who sends a kid to Wizard School without a Wand Once they graduate then what will they do They have little time to ponder that they're too busy with school and with finding out about Dangerous Territory Rating G Reading Level Easy 5th Grade Longest Word Responsibilities What is a penumbra It's the lightest part of a shadow the part at the edges The umbra is the darker inner part of a shadow So this book is about the lightest part of the shadow of the lives of Wizards School Students It's the story about how they're about to graduate and embrace the life of Wizards Up to this point they have

just been students After they graduate they ll be acclaimed as Wizards cap and all What could possibly go wrong in their final year at Wizard School How about accidentally traveling back in time How about ending up in Wandmaking Class when you know nothing about that subject And what will these students do after they graduate The Principal has a surprise in store which may answer that question

The Wizard Without a Wand - Book 5 Dale Stubbart, During their third year of Wizard School Leesha Fourthchild casts a spell Actually she casts several spells but this one is particularly haunting Leesha loses her boyfriend Shmedley Thrumbledack and gains him back Shmedley plays a trick on the couple who were posing as his Parents And the Tensome learns more about the movement of the Springboks who Arlanda Florida the Principal is certain are up to no good A bully becomes friends with Shmedley Shmedley can be friends with almost anyone so this is not that surprising And Amanda Sunflower Triangulum also gains a friend Read on to find out more of what happens with the Tensome during their third year at Wizard School Rating G Reading Level Easy 5th Grade Longest Word Classifications

Female teenage wizard Leesha Fourthchild is very good at casting spells But is she too good Leesha casts a spell which doesn t just make her disappear This spell make her cease to exist This is good because now she won t ever have to worry about turning into a velociraptor ever again She won t have to worry about turning into a dangerous dinosaur who might hurt somebody As long as she was with her boyfriend Shmedley Thrumbledack she didn t have to worry about that because he can turn her back into a human Speaking of Shmedley now that Leesha is no more she ll never get to hold hands with him again She ll never get to kiss him again And she terribly misses him How will Leesha be able to exist again Who can help her Leesha finds that there is one advantage to not existing It makes it easier to spy on the underground world and find out what they re up to Shmedley is a Spring A Spring is the opposite of an Offspring If you re a Spring you never had parents This is different from an Orphan for they once had parents A Spring is also something that bounces The Spring is a certain time of year It opens the door to Summer to better things A Spring is a flow of water into a pool A Spring is a magical being who has all these magical attributes How can Shmedley use these forms of magic to help him It s good that he has some magic because he doesn t have a wand And even though Wizard Math is good for solving problems it s not much help when you re being picked on by bullies

The Wizard without a Wand - Book 7 Dale Stubbart, In this part of the Series The Wizard Without a Wand we follow the story of a Wand as it searches for its Wizard For every Wand has a particular Wizard just as every Wizard has a particular Wand Indeed when a Wizard uses a Wand they become indistinguishable Just how did this Wand come to be How did it end up in the Underground City How does its story interweave with that of Shmedley Thrumbledack who is the Wizard Without a Wand Rating G Reading Level Easy 5th Grade Longest Word Indistinguishable This Wand s name is Accoustical Light I don t know if every Wand has a name But why not if they re as important as Wizards Not just any Wand will work for Shmedley Thrumbledack For he s not just a Wizard he s a magical being And only a magical being can make a Wand for a magical being So who would have made it Accoustical Light s story starts 400 years ago with

Professor Malkius Wontlemoot the last Professor of Wandmaking After Malkius stopped teaching to wander the countryside Wandmaking was no longer taught in Wizard Schools This was much to the relief of several students Instead Wands were made by guilds And only apprentices were taught how to make Wands Accoustical Light and Shmedley Thrumbledack come close to meeting each other but in the end it s only through a strange twist of events that they wind up together **By Still Waters** Anita Higman, Marian Leslie, 2021-05-03 Come away and rest in the Father s unending love By Still Waters is a collection of 365 devotions that will quiet and refresh your soul Encouraging inspiration and insights from scripture offer daily reminders that God not only is present but He also invites you His beloved daughter to come away with Him to rest by still waters to be restored comforted spiritually fed and assured of His perfect love Devotional themes include Peace in perilous times Healing for your heart and mind Blessings through obedience Freedom from fear Come and sit for a moment by the still waters of God s providence and presence Read words of refreshment and encouragement Then walk on confident in the knowledge that God goes with you whatever may come Consider the Lily Elizabeth Buchan, 2005 The timeless wisdom of the English garden is interwoven with the entanglements of the heart in the story of three people who become entwined in one another s fates By the author of *Revenge of the Middle Aged Woman* Reader s Guide included Reprint
