Fayette County Frank Lotto,1902     *Bookseller and the Stationery Trades' Journal* ,1889     Stories from Home Margaret Ponsonby,2016-04-01 Most homes in the past were not elite wealthy interiors complete with high fashion furnishings designed by well known architects and designers as many domestic histories often seem to have assumed As this book makes clear there were in fact an enormous variety of house interiors in England during the period 1750 1850 reflecting the location status and gender of particular householders as well as their changing attitudes tastes and aspirations By focusing on non metropolitan homes which represented the majority of households in England this study highlights the need for historians to look beyond prevailing attitudes that often reduce interiors to generic descriptions based on high fashions of the decorative arts Instead it shows how numerous social and cultural influences affected the manner in which homes were furnished and decorated Issues such as the availability of goods gender regional taste income the second hand market changing notions of privacy and household hierarchies and print culture could all have a significant impact on domestic furnishing The study ends with a discussion of how domestic interiors of historic properties have been presented and displayed in modern times highlighting how competing notions of the past can cloud as well as illuminate the issue Combining cultural history and qualitative analysis of evidence this book presents a new way of looking at ordinary and provincial homes that enriches our understanding of English domestic life of the late eighteenth and early nineteenth centuries     **Studies on the History of Papermaking in Britain** Alfred H. Shorter,2024-08-07 The late A H Shorter is widely acknowledged for his pioneering work on the history of the British paper making industry and his books continue to provide the basis for further research The present volume brings together all his many articles hitherto scattered across a

variety of specialist publications and often virtually inaccessible In these studies Dr Shorter tackled the subject with a broader scope than was possible in his books in particular they cover the period after 1800 tracing the changing geographical pattern of the industry They also contain a wealth of detailed information on papermaking across Britain notably in the counties of southwest England that is impossible to find elsewhere and is now made accessible through the comprehensive indexes to the volume Le regrett A H Shorter est largement reconnu pour ses travaux originaux sur l histoire de l industrie papeti re britannique et ses ouvrages continuent d tre la base de toutes recherches suppl mentaires Le pr sent volume rassemble la totalit de ses nombreux articles jusqu pr sent dispers s sur tout un ventail de publications sp cialis es et bien trop souvent inaccessibles Au travers de ces tudes l auteur s attaque au sujet sur un rayon plus large que cela n avait t possible dans ses livres couvrant en particulier la p riode apr s 1800 et tra ant la structure g ographique de l industrie Le recueil contient aussi abondance d informations d taill es sur la fabrication du papier partout en Grande Bretagne notamment dans les cont s du sud ouest de l Angleterre et qu il est impossible de trouver ailleurs
