Matter, Magic, and Spirit David Murray, 2013-04-23 The spiritual and religious beliefs and practices of Native Americans and African Americans have long been sources of fascination and curiosity owing to their marked difference from the religious traditions of white writers and researchers *Matter Magic and Spirit* explores the ways religious and magical beliefs of Native Americans and African Americans have been represented in a range of discourses including anthropology comparative religion and literature Though these beliefs were widely dismissed as primitive superstition and inferior to higher religions like Christianity distinctions were still made between the supposed spiritual capacities of the different groups David Murray s analysis is unique in bringing together Indian and African beliefs and their representations First tracing the development of European ideas about both African fetishism and Native American primitive belief he goes on to explore the ways in which the hierarchies of race created by white Europeans coincided with hierarchies of religion as expressed in the developing study of comparative religion and folklore through the nineteenth century Crucially this comparative approach to practices that were dismissed as conjure or black magic or Indian medicine points as well to the importance of their cultural and political roles in their own communities at times of destructive change Murray also explores the ways in which Indian and African writers later reformulated the models developed by white observers as demonstrated through the work of Charles Chesnutt and Simon Pokagon and then in the later conjunctions of modernism and ethnography in the 1920s and 1930s through the work of Zora Neale Hurston Zitkala Sa and others Later sections demonstrate how contemporary writers including Ishmael Reed and Leslie Silko deal with the revaluation of traditional beliefs as spiritual resources against a background of New Age spirituality and postmodern conceptions of racial and ethnic identity *African American Humor, Irony and Satire* Dana A. Williams, 2009-03-26 *African American Humor Irony and Satire* Ishmael Reed *Satirically Speaking* includes select proceedings from the annual Heart s Day Conference sponsored by the Department of English at Howard University Among the collection s many strengths is the range of essays included here Essays on Ishmael Reed center the collection and satirists from George Schuyler to Aaron McGruder are examined as are popular culture comedians Richard Pryor and Dave Chappelle Thus the collection adds broadly to the body of scholarship on traditional and non traditional interpretations of humor irony and satire What these essays also reveal is how the lens of humor irony and satire as a way of reading texts is especially useful in highlighting the complexity of African American life and culture The essays also uncover crucial but not so obvious connections between African Americans and other world cultures *Alterity Politics* Jeffrey Thomas Nealon, 1998 An ethical reappraisal of postmodern and poststructuralist theory including works by Levinas Foucault Derrida Jameson Zizek and Butler *Who's Who of Twentieth Century Novelists* Tim Woods, 2008-02-21

Taking in novelists from all over the globe from the beginning of the century to the present day this is the most comprehensive survey of the leading lights of twentieth century fiction Superb breadth of coverage and over 800 entries by an international team of contributors ensures that this fascinating and wide ranging work of reference will be invaluable to anyone with an interest in modern fiction Authors included range from Joseph Conrad to Albert Camus and Franz Kafka to Chinua Achebe Who s Who of Twentieth Century Novelists gives a superb insight into the richness and diversity of the twentieth century novel **Walking Shadows** Ib Johansen,2015-08-25 Walking Shadows focuses on the American fantastic and the American grotesque attempting in this manner for the first time to establish an overview of and a theoretical approach to two literary modes that have often been regarded as essential to an understanding of the American cultural canon The central importance of these two literary forms has been pointed out earlier by important theorists such as Stanley Cavell David Reynolds and William Van O Connor A number of literary works from the beginning of the nineteenth to the end of the twentieth centuries are taken up in order to illustrate the inherent links or family resemblances between the two modes with special reference to the way in which a Bakhtinian reading may facilitate our appreciation of their status within the canon These excursions into the House of Fantastic and Grotesque Fiction may be of interest not only to hardcore aficionados but also to philosophically minded readers in general in particular perhaps to those who have paid acute attention to debates on late twentieth and early twenty first century post structuralism and deconstruction where the classic positions of Foucault Derrida et al still appear to be relevant Ishmael Reed And The New Black Aesthetic Critics Reginald Martin,1988-03-29 *Furiously Funny* Terrence T. Tucker,2020-02-17 A combustible mix of fury and radicalism pathos and pain wit and love Terrence Tucker calls it comic rage and he shows how it has been used by African American artists to aggressively critique America s racial divide The Program Era Mark McGurl,2009-08-30 McGurl offers a fundamental reinterpretation of postwar American fiction asserting that it can be properly understood only in relation to the rise of mass higher education and the creative writing program The Program Era will be at the center of debates about postwar literature and culture for years to come
